Fashion, Culture, and Identity Fred Davis, 2013-11-11 What do our clothes say about who we are or who we think we are How does the way we dress communicate messages about our identity Is the desire to be

in fashion universal or is it unique to Western culture How do fashions change These are just a few of the intriguing questions Fred Davis sets out to answer in this provocative look at what we do with our clothes and what they can do to us Much of what we assume to be individual preference Davis shows really reflects deeper social and cultural forces Ours is an ambivalent social world characterized by tensions over gender roles social status and the expression of sexuality Predicting what people will wear becomes a risky gamble when the link between private self and public persona can be so unstable

All the Year Round ,1885 *American Milliners and their World* Nadine Stewart,2021-01-14 Studies of millinery tend to focus on hats rather than the extraordinarily skilled workers who create them American Milliners and their World sets out to redress the balance examining the position of the milliner in American society from the 18th to the 20th century Concentrating on the struggle of female hat makers to claim their social place it investigates how they were influenced by changing attitudes towards women in the workplace Drawing on diaries etiquette books trade journals and contemporary literature Stewart illustrates how making hats became big business but milliners working conditions failed to improve Taking the reader from the Industrial Revolution of the 1760s to the sexual revolution of the 1960s and from Belle Epoque feathers to elegant cloches and Jackie Kennedy s pillbox hat the book offers a new insight into the rise and fall of a fashionable industry Beautifully illustrated and packed with original research American Milliners and their World blends fashion history and anthropology to tell the forgotten stories of the women behind some of the most iconic hats of the last three centuries

The Philosopher's New Clothes Nickolas Pappas,2015-10-16 This book takes a new approach to the question Is the philosopher to be seen as universal human being or as eccentric Through a reading of the Theaetetus Pappas first considers how we identify philosophers how do they appear in particular how do they dress The book moves to modern philosophical treatments of fashion and of anti fashion He argues that aspects of the fashion anti fashion debate apply to antiquity indeed that nudity at the gymnasium was an anti fashion Thus anti fashion provides a way of viewing ancient philosophy s orientation toward a social world in which for all its true existence elsewhere philosophy also has to live *Dandy and the Herald*
