*Encyclopedia of Junk Food and Fast Food* Andrew F. Smith, 2006-08-30 Eating junk food and fast food is a great all American passion American kids and grownups love their candy bars Big Macs and supersized fries Doritos Twinkies and Good Humor ice cream bars The disastrous health effects from the enormous appetite for these processed fat and sugar loaded foods are well publicized now This was particularly dramatically evidenced by Super Size Me 2004 filmmaker Morgan Spurlock s 30 day all McDonald s diet in which his liver suffered the same poisoning as if he had been on an extended alcohol binge Through increased globalization American popular food culture is being increasingly emulated elsewhere in the world such as China with the potential for similar disastrous consequences This A to Z reference is the first

to focus on the junk food and fast food phenomena from a multitude of angles in addition to health and diet concerns More than 250 essay entries objectively explore the scope of the topics to illuminate the American way through products corporations and entrepreneurs social history popular culture organizations issues politics commercialism and consumerism and much more Interest in these topics is high This informative and fascinating work with entries on current controversies such as mad cow disease and factory farming the food pyramid movie tie ins and marketing to children will be highly useful for reports research and browsing It takes readers behind the scenes examining the significance of such things as uniforms training packaging and franchising Readers of every age will also enjoy the nostalgia factor learning about the background of iconic drive ins the story behind the mascots facts about their favorite candy bar and collectables Each entry ends with suggested reading Besides an introduction a timeline glossary bibliography resource guide and photos enhance the text Sample entries A Advertising Automobiles Ben Burger King Carhops Center for Science in the Public Interest Christmas Cola Wars Employment Fair Food Fast Food Nation Hershey Milton Hollywood Injury Krispy Kreme Lobbying Nabisco Obesity PepsiCo Salt Soda Fountain Teen Hangouts Vegetarianism White Castle Yum Brands Inc     **Fast Food** Andrew F. Smith,2016-04-15 The single most influential culinary trend of our time is fast food It has spawned an industry that has changed eating the most fundamental of human activities From the first flipping of burgers in tiny shacks in the western United States to the forging of neon signs that spell out Pizza Hut in Cyrillic or Arabic scripts the fast food industry has exploded into dominance becoming one of the leading examples of global corporate success And with this success it has become one of the largest targets of political criticism blamed for widespread obesity cultural erasure oppressive labor practices and environmental destruction on massive scales In this book expert culinary historian Andrew F Smith explores why the fast food industry has been so successful and examines the myriad ethical lines it has crossed to become so As he shows fast food plain and simple devised a perfect retail model one that works everywhere providing highly flavored calories with speed economy and convenience But there is no such thing as a free lunch they say and the costs with fast food have been enormous an assault on proper nutrition a minimum wage labor standard and a powerful pressure on farmers and ranchers to deploy some of the worst agricultural practices in history As Smith shows we have long known about these problems and the fast food industry for nearly all of its existence has been beset with scathing expos s boycotts protests and government interventions which it has sometimes met with real changes but more often with token gestures blame passing and an unrelenting gauntlet of lawyers and lobbyists Fast Food ultimately looks at food as a business an examination of the industry s options and those of consumers and a serious inquiry into what society can do to ameliorate the problems this cheap and tasty product has created     **Fast Food and Junk Food** Andrew F.
