Charters of the Vicars Choral of York Minster Nigel J. Tringham, 2013-02-14 This collection of charters published in 1993 illuminates the ecclesiastical economic and social history of medieval York **The Face of the Pastoral Ministry in the East Riding, 1525-1595** Peter Marshall, 1995 **The Archdeaconry of Richmond in the Eighteenth Century** L. A. S. Butler, 2013-04-18 This 1990 publication is the first printed edition of early eighteenth century historical notes on Yorkshire parishes by the Bishop of Chester The Register of William Melton, Archbishop of York, 1317-1340 David Robinson, Rosalind M. T. Hill, 1977 This volume continuing the series of great medieval bishops registers offers material valuable for both religious and social history The register of Archbishop William Melton is one of the largest and most comprehensive to survive Its backbone is the institution of clergy and licences to them papal provisions and ordination of vicars and chantries but it also contains a wealth of material for social history During the period it covers the East Riding of Yorkshire was flourishing and a number of entries in the register reflect the challenges which the newly founded town of Kingston upon Hull was causing for the existing parochial structure The archbishop is shown anathematizing malefactors who stole his swans and invaded his liberties in Beverley and the river Hull and demanding the return of stolen wool on behalf of a merchant whose ship had been wrecked in the river Humber The register also covers the origins of one of the last monasteries to be founded in medieval England Haltemprice and reveals the shortcomings of monks and nuns as well as secular clergy and members of the laity more widely many entries reflect the tensions between outlying vills and chapelries and their mother churches The text is presented here with introduction apparatus and notes which elucidate the entries David Robinson until his retirement County Archivist of Surrey was awarded his PhD from the University of Cambridge

The Anonimale Chronicle 1307 to 1334 Wendy R. Childs, John Taylor, 2013-04-18 This 1991 publication is the first printed edition of a continuation of the French prose Brut found in a fourteenth century York chronicle Fasti Parochiales, 1985 *Catholic England*, 2013-01-01 The Reformation transformed English religion For many the spirituality of the preceding period remains largely unknown or overburdened with Protestant mythology of decadence These sources seek to explore the nature of religious belief and practice in pre Reformation England using original source material to make the debates accessible This consideration of the sources begins with an analytical chapter discussing the varieties of spirituality in later medieval England and the ways in which they received expression through participation in church services actions like pilgrimages charitable foundations devotional readings and instruction Opposition to prevailing spirituality expressed through Lollardy is also considered The sources demonstrate with immediacy and potency these diverse expressions of faith

and observance Many of the documents are translated for the first time from unpublished manuscript material This study demonstrates the vitality of the pre Reformation religious practices but also addresses the key methodological questions which arise from the sources about the nature of the material its reliability as historical evidence and the validity of external actions as testimony to intellectual and emotional experience *Fasti Parochiales.
