## Find Out About Plastic:

**Oceans of Plastic** Tracey Gray, 2022-06 Our oceans are amazing They are filled with wonderful sea creatures and are essential for a healthy planet But it s now estimated that there are more pieces of plastic in the ocean than visible stars in the Milky Way So how can we stop plastic from our homes and cities from ending up floating in oceans far away By becoming ocean change makers *Oceans of Plastic* explores how ocean systems and swirling currents bring plastics together into massive ocean garbage patches It also uncovers the floating world of the plastisphere a mini community of microbes living on ocean plastics and explains how plastic breaks up not down and can even end up on your dinner plate *Oceans of Plastic* is packed with great ideas and simple changes that you can make to help our oceans Become an ocean change maker in your home school or community and inspire others to join you in protecting the future of our oceans Reading level varies from child to child but we recommend this book for ages 9 to 12

**How We Use Plastic** Chris Oxlade, 2005-05-12 Each application of materials acts as a starting point for learning about the properties of each material For example why is glass used in windows but not used to make shoes For a unique perspective Don t Use It boxes describe how the material shouldn t be used

***Plastic-Free*** Beth Terry, 2015-04-21 Guides readers toward the road less consumptive offering practical advice and moral support while making a convincing case that individual actions do matter Elizabeth Royte author *Garbage Land* and *Bottlemania* Like many people Beth Terry didn t think an individual could have much impact on the environment But while laid up after surgery she read an article about the staggering amount of plastic polluting the oceans and decided then and there to kick her plastic habit In *Plastic Free* she shows you how you can too providing personal anecdotes stats about the environmental and health problems related to plastic and individual solutions and tips on how to limit your plastic footprint Presenting both beginner and advanced steps Terry includes handy checklists and tables for easy reference ways to get involved in larger community actions and profiles of individuals Plastic Free Heroes who have gone beyond personal solutions to create change on a larger scale Fully updated for the paperback edition *Plastic Free* also includes sections on letting go of eco guilt strategies for coping with overwhelming problems and ways to relate to other people who aren t as far along on the plastic free path Both a practical guide and the story of a personal journey from helplessness to empowerment *Plastic Free* is a must read for those concerned about the ongoing health and happiness of themselves their children and the planet

**Science as Active Inquiry** Selma Wassermann, J. W. George Ivany, 2022-04-25 This new text lays out the rationale for teaching science as active inquiry and presents a teaching for thinking theoretical framework that is rooted in extensive field research and classroom practice This introductory section is followed with information and guidelines for how teachers may organize their science programs with a focus on hands on student involvement in active inquiry The last section includes 60 sciencing activities that are grouped according to teachers expressed concerns about their messiness With the current emphasis on distance learning the use of IT as instructional tools and more child centered practices this new book should

serve as a valuable resource for opening teachers and students minds to the values of teaching science in the ways in which scientists actually do their work More than theory the book offers practical and clear help to teachers to want to pursue teaching science as an investigative process     [How to Give Up Plastic](#) Will McCallum,2019-07-16 An accessible guide to the changes we can all make small and large to rid our lives of disposable plastic and clean up the world s oceans [How to Give Up Plastic](#) is a straightforward guide to eliminating plastic from your life Going room by room through your home and workplace Greenpeace activist Will McCallum teaches you how to spot disposable plastic items and find plastic free sustainable alternatives to each one From carrying a reusable straw to catching microfibers when you wash your clothes to throwing plastic free parties you ll learn new and intuitive ways to reduce plastic waste And by arming you with a wealth of facts about global plastic consumption and anecdotes from activists fighting plastic around the world you ll also learn how to advocate to businesses and leaders in your community and across the country to commit to eliminating disposable plastics for good It takes 450 years for a plastic bottle to fully biodegrade and there are around 12 7 million tons of plastic entering the ocean each year At our current pace in the year 2050 there could be more plastic in the oceans than fish by weight These are alarming figures but plastic pollution is an environmental crisis with a solution we can all contribute to     [The New Teaching Elementary Science](#) Selma Wassermann,J. W. George Ivany,1996-01-01 This book is designed for teachers to be and practicing teachers who want to teach science with confidence and for those who are fearful of trying It presents an inquiry oriented method instead of a smorgasbord of approaches that capitalizes on children s natural curiosity by emphasizing scientific exploration The book removes the fear of teaching science by encouraging teachers to be scientific inquirers themselves learning side by side with their students The text features a theoretical model of inquiry based teaching Play Debrief Replay that incorporates elements of investigative play with critical thinking skills In the longest chapter 60 fully developed field tested investigative science activities are included to promote experiential learning and concept development Anxieties about teaching science are addressed head on and dealt with sensitively and thoughtfully     [Unofficial Minecraft Life Hacks Lab for Kids](#) Adam Clarke,Victoria Bennett,2019-07-02 In [Unofficial Minecraft Life Hacks Lab for Kids](#) Adam Clarke aka Wizard Keen and Victoria Bennett offer projects and gameplay that will guide you to make great choices as a player and a person Minecraft is an amazing game that stimulates your creativity as you build whatever you can imagine but it s also great for learning about how to be a good citizen and mining positive connections with other players in game elsewhere online and in real life With this book you ll learn about How to set good gaming ground rules collaborate and resolve conflicts Online resources servers and organizations that promote and guide positive play Minecraft projects that promote and guide positive play and positive digital citizenship Make every build a block party by learning to think critically behave safely and participate responsibly with [Unofficial Minecraft Life Hacks Lab for Kids](#) The popular [Lab for Kids](#) series features a growing list of books that share hands on activities and projects on a wide host of topics including art astronomy
