Finding A Way Essays On Spiritual Practice:

Finding a Way Lorette Zirker, 1996 In our seemingly secular society the quest for spirituality is replacing devotion to organized religion Yet for many this search is unfulfilling leading from one new age fad to the next Spirituality is not something that can be plucked from the air or gleaned from pages of magazines It requires commitment in the form of a spiritual practice The essays in this collection each present a unique perspective on spiritual practice The writers come from different philosophical and religious traditions including Catholicism Judaism and Buddhism and explore spiritual practice that ranges from the mundane to the majestic Though they approach their subject from differing points they each offer tangible guidance on finding a way through the maze of modern life As we grow older the world becomes an increasingly complicated place and many people ask themselves how life can be so different from what they remember or expected In the midst of this confusion and anxiety Finding A Way offers space for self exploration as well as fresh perspectives on understanding the world Finding A Way is not a self help book it does not offer quick fix solutions Rather it is an insightful collection that examines the traditional doorways to a spiritual life and serves as nourishment for the journey [Making Our Way to Shore](#) Eileen O'Farrell, 2004 Since 1991 members of the Jewish Catholic Couples Dialogue Group in Chicago have celebrated a combination Hebrew Baby Naming and Baptism ceremony as they welcome their children into the world with the support and participation of a Catholic Priest and Reform Rabbi These ceremonies are spiritual moments created in the spirit of finding new pathways for interfaith families to share in their religious traditions For some couples their ceremony makes a statement about the religious identity of their child either in one tradition or another For others it is an expression of thanks to God for new life and the wish to ask for God's blessing on their family In either case the celebration is an authentic manifestation of a Divine presence in their new family In addition to the ceremony this text includes an overview of the current literature regarding Catholic Jewish families a review of Hebrew Rites of Initiation as well as a short course on Catholic sacramentality and Baptism commonly asked questions and answers facing Catholic Jewish couples a lively conversation between a Rabbi and a Priest regarding rites of initiation a resource section of books and websites and a closing chapter on topics of family faith formation *The Gospel of Thomas* Ron Miller, 2011-08-18 The Gospel of Thomas a book of sayings and wisdom of Jesus compiled as early or earlier than the New Testament gospels can transform your spiritual life There are many academic commentaries on the Gospel of Thomas but this book has a different aim It is meant to be a guidebook that is a translation of the sayings into daily practice The goal of such practice is to become Jesus's twin This does not of course mean becoming an olive skinned bearded Mediterranean peasant wearing sandals It is more about manifesting in our lives the same Christ consciousness revealed in the person we know as Jesus of Nazareth from the Introduction In the decades since its discovery the Gospel of Thomas has intrigued people of all faiths around the world Shedding new light on the origins of Christianity the Gospel of Thomas raises questions about whether the New Testament's version of Jesus is

teachings is entirely accurate and complete In the Gospel of Thomas we see Jesus as a wisdom loving sage sharing aphorisms about the value of the present and each person s role in the creation of the Kingdom of God here on earth But these inspiring sayings can leave you wondering What next Now you can learn how to start applying Jesus s wisdom to your own life and in turn to the world around you This unique guidebook leads you through Thomas offering practices that help you translate Jesus s wisdom into a more fulfilling enriching daily life including Becoming a Spiritual Adult Sorting Out the Old and the New Being a Healing Presence Daring to Be a City on a Hill God s Reign Calls for Ready Hands Spirituality Is Not Skygazing And much more *Personal Transformation and a New Creation* Delio, Ilia ,2016-08-18 Top scholars examine the theories of Pierre Teilhard de Chardin through the lens of Beatrice Bruteau s pioneering work on evolution and consciousness Contributors include Cynthia Bourgeault Ursula King Barbara Fiand Kerrie Hide Gabrielle Stoner Kathleen Duffy John Shea Carla De Sola and Joshua Tysinger **The Gift of Lack** Robert Granat,2000-12 This need is our gift this lack is our gain It s the light on our path For we lack what we have as a seed lacks a tree It isn t just the problem that s born into us The resolution is too The urge is the urge to come into our own our own as this uniquely endowed life form on this uniquely endowed pellet of cosmic dust We can move out of these rented lodgings as more and other than when we moved in We ve been invited to transcendence And what other short convention of cells what other brief candle of sentience has received such an invitation We re not obliged to accept it We re free to say no another great privilege extended to us how those of us who refuse our invitation to humanity are actually dealt with by the universal economy I certainly don t know Wiped out chastised recycled I haven t the slightest notion Or curiosity Such information is beside the point my point our point irrelevant to my need to be what the facts of my life beckon me to be To be to the best of my inability a human being

Essays in Feminist Ethics Ina Praetorius, 1998 For long enough have male academics with their privileged status and far from banal everyday life been able to define exclusively the morally good and bad What is contained in our ethical handbooks on genetic engineering economy animal experiments etc is mainly the product of this narrow point of view Feminist ethics can according to Ina Praetorius occur at the kitchen table as well as in the lecture room the nursery in the bank or from the pulpit Fourteen essays introduce in an understandable and often polemic form issues in feminist ethics These issues are themes such as biotechnology animal experimentation life styles outside of the monopoly claims of heterosexual marriage ecology etc Praetorius examines closely prominent ethical outlines such as Hans Jonas principle of responsibility or Hans K ng s project of a world ethos The introduction offers a very informative overview of what feminists have brought to the field of ethics up to the present This is a book for interested readers who do not shrink from anti mainstream thinking and have developed a healthy mistrust of androcentric ethics

Witness in the Era of Mass Incarceration Doran Larson,2017-07-17 Witness in the Era of Mass Incarceration works from the premise that if the law establishes and maintains both its practical and symbolic authority on the basis of its monopoly on legally sanctioned violence and the suffering threatened and delivered by such violence then we cannot know the full human cost or concrete moral status of any legal state without human witness to the depth and manner of suffering meted out by such violence The prison writer stands in the position to offer such witness The prison writer knows the law s violence in the flesh For every other writer reflection upon the degree and manner of suffering meted out under legal sanction that is reflection upon the full human cost of the contemporary legal order is necessarily speculative In close readings of first person witness from prisons in the U S Ireland and Africa Witness in the Era of Mass Incarceration discovers literary tropes that chart at once local national and transnational conditions of carceral experience the extant conditions of legalized suffering In exhibiting the labor required to move from institutionalized abjection to the minimum requirements of rights bearing personhood this witness offers the sole credible vision of the possibility of a post carceral understanding of freedom

False Dawn Lee Penn,2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from

nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org *Theology and Prayer* Gary Eaborn, 2023-06-26 What does it mean for rigorous thought about God to be guided by prayer What do Ignatius of Loyola s Spiritual Exercises teach us about discernment How can that discernment become a spiritual discipline which guides our choices throughout life How can that discipline guide the theological choices we all make including those of academic theologians This book moves beyond the abstract notion that theology should be prayerful to bring theology together with a particular spiritual practice It argues that the Spiritual

Exercises are a system of prayerful discernment which already provide for reason to be used alongside an openness to all experience and all the ways that we can be guided by the Holy Spirit This book provides a constructive interpretation of the Exercises as a path of prayerful discernment which can be used throughout life It sees in the Exercises a way of active receptivity to all experience treating all experience as worthy of attention but also approaching that experience with humility and caution This book sees theology practiced in this way as a discerning spiritual discipline as more resistant to the challenges of modernity than theology which has been sundered from our spiritual life
