Thich Nhat Hanh writes with the voice of the Buddha. Sogyal Rinpoche. Peace Begins Here. Thich Nhat Hanh, 2001-08-19. In this Buddhist perspective on resolving conflict, global spiritual leader, poet, and peace activist Thich Nhat Hanh demonstrates how a real peace process is based on spiritual, not political, strength. Inspired by an ongoing Buddhist retreat project for Palestinians and Israelis, Peace Begins Here offers practical ways to handle our strong emotions and misperceptions and provides a possible way out of the ongoing conflict in the Middle East. Peace Begins Here features stories from individual Palestinians and Israelis as well as examples from Thich Nhat Hanh's life, including his experience with nonviolent action during the war in Vietnam and its aftermath. Highlights include personal stories from participants in the peace retreats and Thich Nhat Hanh's collected practices for peace, including deep listening, deep relaxation, mindful walking, mindful eating, and loving speech.

**Understanding Our Mind**. Thich Nhat Hanh, 2002-02-09. Thich Nhat Hanh pulls from 50 classic Buddhist verses to present the basic teachings of Buddhist applied psychology, exploring the true nature of our feelings and perceptions. Based on the 50 verses on the nature of consciousness taken from the great 5th century Buddhist master Vasubandhu and the teachings of the Avatamsaka Sutra, Thich Nhat Hanh focuses on the direct experience of recognizing, embracing, and looking deeply into the nature of our feelings and perceptions. Presenting the basic teachings of Buddhist applied psychology, Understanding Our Mind shows us how our mind is like a field where every kind of seed is planted: seeds of suffering, anger, happiness, and peace. The quality of our life depends on the quality of the seeds in our mind. If we know how to water seeds of joy and transform seeds of suffering, then understanding, love, and compassion will flower.

Vietnamese Zen Master Thuan Chieu said, "When we understand how our mind works, the practice becomes easy."

**The Soul of Medicine**. John R. Peteet, Michael N. D'Ambra, 2011-12-15. To what extent should spiritual information be part of a patient's medical assessment? How should physicians respond when patients refuse life-saving care on religious grounds? Should doctors pray with their patients? Questions such as these raise deeper ones about the goals of medicine and the nature of healing. In a set of engaging and candid essays, The Soul of Medicine explores the role and influence of spirituality in clinical practice, professionalism, and medical education. The contributors to this volume approach this topic from their own spiritual perspectives: Jewish, Christian, Muslim, Buddhist, Hindu, New Age, Eclectic, secular, Jehovah's Witnesses, and Christian Scientist. Their thought-provoking essays provide rich insights not only into the needs of patients with various world views but also into how spirituality influences the practice of medicine. When their own spiritual issues arise in medical practice, physicians rely on their professionalism, ethics, and education. To better understand how various world views are incorporated

into clinical work doctors must ask themselves as these contributors have a series of important questions What insights about life and healing does your faith provide How does your faith challenge or reinforce contemporary medicine How do you assess and address spirituality in clinical practice How do your own beliefs influence your interactions with patients The Soul of Medicine encourages medical students and practitioners to recognize the spiritual dimensions of medicine to consider how these dimensions inform their own education and practice and to be compassionate about their patients and their own religious beliefs
