**Finding Spiritual Direction** Douglas D. Webster, 1991      **Holy Invitations** Jeannette A. Bakke, 2000-10-01 Learn how to nurture your awareness of and response to God's love and guidance through the historical practice of spiritual direction

*How Then Shall We Guide?* Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis      Learning to Love Others Richard Peace, 2015-04-28 At the heart of Jesus call to us is the call to love others But this can be so difficult For one thing others are not always very lovable for another loving others sometimes gets in the way of our own self interests But if we want to follow Jesus love needs to be our lifestyle and the way we treat others really does matter It's not all sacrifice and pain though To be in loving relationship with others is to be truly alive and it's the source of our greatest joy This study will help you love others the way Jesus desires You'll learn how to study the Bible as you examine and discuss topics such as Loving Others Loving Our Families Fellowship with Others Getting Along with Others Opposition from Others Sharing Our Faith with Others Serving Others Each chapter has three main sections Group Study materials for a sixty to ninety minute small group Bible study Study Resources notes and comments for use in both group and personal study Personal Study a series of reflection questions for use by group members on their own during the week Extra help is available at the end of the book in the sections The Art of Leadership tips on how to lead a small group and Small Group Leader's Guide notes on each session The goal of PILGRIMAGE GUIDES is to understand what it means for us to meet and know Jesus Through an examination of the spiritual disciplines of Bible study prayer and worship we experience what it means to be a spiritual pilgrim walking in a new way with God And we look at how this new way changes the way we view others and live our lives in Christ PILGRIMAGE GUIDES Learning to Love God Learning to Love Ourselves Learning to Love Others      **Learning to Love Ourselves** Richard Peace, 2015-04-28 Improper self love leads to a lifestyle that is selfish and self destructive But failing to love yourself adequately is also self destructive Without proper self esteem people fail to use their God given gifts and have difficulty loving others Jesus calls us to walk the narrow road between selfishness and selflessness This study will help you do so You will learn how to study the Bible as you examine and discuss topics such as Loving Ourselves Valuing Ourselves Understanding Ourselves Behaving Ourselves Forgiveness for Ourselves Growing Ourselves Being Ourselves Each chapter has three main sections Group Study materials

for a sixty to ninety minute small group Bible study Study Resources notes and comments for use in both group and personal study Personal Study a series of reflection questions for use by group members on their own during the week Extra help is available at the end of the book in the sections The Art of Leadership tips on how to lead a small group and Small Group Leader s Guide notes on each session The goal of PILGRIMAGE GUIDES is to understand what it means for us to meet and know Jesus Through an examination of the spiritual disciplines of Bible study prayer and worship we experience what it means to be a spiritual pilgrim walking in a new way with God And we look at how this new way changes the way we view others and live our lives in Christ PILGRIMAGE GUIDES Learning to Love God Learning to Love Ourselves Learning to Love Others

**Playing Favorites** Rodger Woodworth,2021-11-30 According to recent research our brains prefer the path of least resistance when it comes to engaging people who are unlike us in fact our brains tell us to perceive anyone different than us as a threat That is a nice way to say that despite our best intentions we all have our prejudices and preferences In biblical terms we show partiality toward people who resemble us we play favorites Much of our identity community and power are established by the measurement of our differences from others justifying our need to categorize people Even when we attempt to engage other races and cultures we see it as a one way bridge taking our way of life across the river to enlighten those different than us It assumes we are on the bank of the undistorted view of the world and our understanding of the other side is not important The proper response is to encourage two way traffic on the bridge not only by having dialogue with people over the bridge but more importantly listening to them Overcoming our prejudices and bridging the cultural divide is the result of living out the gospel and it is the most significant way to communicate the gospel

Jeannette A. Bakke,2005 spiritual direction Jeannette A Bakke **Enduring Ministry** Samuel D. Rahberg,2017-01-15 For many Christian leaders the experience of ministry includes enough conflict and disappointment to soon wear off the patina of one s initial enthusiasm

And yet relief and renewal seems too often out of reach What happens in this season of ministry is more than a matter of whether or not a Christian leader can persist It is in fact possible for a person to engage the call to maturity at the juncture of discipleship and leadership Enduring Ministry is designed for those who seek this more durable way forward one that is infused with grace and inspired by good mission In Enduring Ministry Samuel Rahberg draws on insights from the monastic tradition the ministry of spiritual direction and the practice of Christian leadership to support and empower women and men for continued ministries in the church helping them turn from merely enduring to lasting effective and vibrant Christian leadership

The Challenges of Integrating Religion and Spirituality into Psychotherapy Francis A. Martin, 2024-04-23 This book examines personal and professional understandings of religion in psychotherapy and advocates for integrity competency and cultural pluralism in clinical practice A major feature of this book is that it confirms the massive proliferation of religion oriented approaches to counseling and therapy in recent years It attributes this rise to opportunism and exaggerated individualism among therapists and to the frequent failures of professional associations clinical preparation programs and other influences In response to these influences it identifies the need for guiding principles for integrating religion into therapy discusses the religious issues that clients bring to therapy and advocates for major changes in clinical practice with emphasis on integrity and competence Building on a large volume of research and using evidence based conclusions it clarifies how these two major features of contemporary life can be integrated with integrity and competence The author maintains that religion should be a feature of the practice of counseling and therapy so long as it addresses the clinically relevant needs of clients However it also explores how the religion of counselors and therapists often expresses the needs of counselors and therapists instead of addressing the needs of their clients In the context of these questions and discussion of contentious challenges this book provides guidelines for relating religion with clinical practice and recommends needed actions by clinical preparation programs professional associations individual therapists state legislatures licensing boards social service agencies and corporations All of this stands on the conspicuous need for professional accountability in the delivery of mental health care
