Find Your Perfect Partner Wayne C. Allen, 2012-12-01 You've likely realized that the screwy relationships you have been in were the direct result of you not thinking about how to create an excellent one. Pretending the important life altering decision to relate is a matter of the heart is not only stupid it doesn't work. Many moons ago psychotherapist Wayne C. Allen made a clear decision about his next relationship. He decided that his brain not just his heart needed to be in charge of the process. He came up with a strategy for finding the person he wanted. He called it The List of 50. His strategy worked. He met his perfect partner in 2017 they've been together 34 years. Wayne began sharing the process with his clients soon they demanded a book and *Find Your Perfect Partner* is the result. Written by a therapist with over 30 years of experience this book gives you the tools you need to actually think through what kind of person you want to be with. His clients have tested this process for the last 30 years and now it's available to you. Here's a quote from a client: When I showed my List of 50 to one friend he said: Do you have a short list that us mere mortals could aspire to? My answer was I had a short list and it got me my ex husband. I'm being more particular now. *Find Your Perfect Partner* is a guide to figuring out the whole attraction dating relationship thing. You'll discover reasons for failed relationships and the high divorce rate how hormones get in the way how past relationships are great guides to getting the next one right why you need to think about what works in your successful friendships which traits must be a match between you and your perfect partner. This book examines what doesn't work then helps you to map out what's been missing from your past relationships. It gives you an easy to follow strategy for re-setting your mental filters so that the next person you meet is a much better fit. You'll have a better sense of why compatibility is so important and have a time tested method for both opening your eyes to new possibilities and for finding your perfect partner. Follow along with the text work through the exercises and put the book's insights into practice. You'll be amazed with the results. One more quote: My list has been an active part of my relationship building since I drafted it. I have modified the list several times based on how relationships worked out. It was also interesting to note how few elements of my list my ex wife matched similar to what you said about your first marriage. I feel that using the process you recommend does improve the quality of the choices you make. Of course building the other relating skills will complement this as well. *Single?
