Finding Family:

Finding Home Lorhainne Eckhart, 2021-11-30 What happens when a family loses everything and has no place to go Terrance Mack has a wife and two young boys Never in a million years did he expect to find his family living on the streets with no home no jobs in a position where everything they owned has been taken from them in the cruelest of ways As the family struggles to stay together they encounter a hard and unfriendly way of life having to move from town to town being harassed by the police and by locals and confronting danger each day Living on the streets is nothing as he expected All Terrance wants for his family is for someone to give them a chance a chance for a new beginning a roof over their heads the opportunity to once again build a life without constant fear having to look over their shoulders feeling as if the rug will continue to be yanked out from under them again and again The worst is seeing the light in his wife's eyes slowly diminish along with the hope they once had Terrance carries a constant weight and every day brings a new challenge as doors close and they're forced to move on Even though they've stayed together finding a place to stay has forced the family into survival mode living one day at a time The dignity Terrance once took for granted has become something he struggles to hold on to as he dreams of one day being able to have a peaceful night's sleep Grab your copy now by clicking the BUY now with 1 Click button at the top of this page *Basic Genealogy and Beyond: Easy Steps to Find Your Family History and Tips to Break Down Brick Walls* Stephen Szabados, 2019-10-23 My new book includes the basic material from Basic Genealogy and additional new tips Enjoy information on search tips organization an outline of steps to find where your European immigrants left and the basics of using DNA testing in genealogy *The Zen of Single Parenting: Finding Inner Peace and Balance When You're on Your Own* Silas Mary, 2025-01-30 Single parenting can be an overwhelming and isolating experience but The Zen of Single Parenting offers a path to finding peace and balance amidst the chaos This book provides mindfulness techniques self-care strategies and emotional resilience tools specifically tailored for single parents You'll learn how to manage your time and energy prioritize your mental health and build a support network that helps you navigate the challenges of raising children on your own With a focus on cultivating inner peace and reducing stress this book shows single parents how to maintain a calm grounded presence for their children The Zen of Single Parenting provides the practical wisdom to create a balanced home environment develop healthy routines and foster a loving nurturing relationship with your child while taking care of yourself Whether you're newly single or a seasoned parent this book will help you embrace your journey with confidence and calm *Finding Claire* Pamela Humphrey, 2016-12-05 She wakes up in the back of a van and her whole world changes Injured and afraid with no recollection of who she is she stumbles through the Texas Hill Country with a photo labeled Claire Seeking safety she knocks at Alex's cabin door He protects her even though she stirs up memories that haunt him She wants her life back He wants to ease his guilt and will protect her even if it means risking his own life Together they search hoping questions will be answered by Finding Claire **The Negro Family's Search for**

Finding Family Richard Hill, 2017-09-29 Finding Family My Search for Roots and the Secrets in My DNA is the highly suspenseful account of an adoptee trying to reclaim the biological family denied him by sealed birth records This fascinating quest including the author's landmark use of DNA testing takes readers on an exhilarating roller coaster ride and concludes with a twist that rivals anything Hollywood has to offer In the vein of a classic mystery Hill gathers the seemingly scant evidence surrounding the circumstances of his birth As his resolve shores up the author also avails of new friends genealogists the Internet and the latest DNA tests in the new field of genetic genealogy As he closes in on the truth of his ancestry he is able to construct a living breathing portrait of the young woman who was faced with the decision to forsake her rights to her child and ultimately the man whose identity had remained hidden for decades Finding Family offers guidance insight and motivation for anyone engaged in a similar mission from ways to obtain information to the many networks that can facilitate adoption searches The book includes a detailed guide to DNA and genetic genealogy and how they can produce irrefutable results in determining genetic connections and help adoptees bypass sealed records and similar stumbling blocks

The Search for One Family's History S. Chandra Mohan, 2022-01-19 This is the unique story of more than five generations of Malaysians and Singaporeans who originated from South India and settled first in British Malaya and later in what was then the crown colony of Singapore It is a remarkable personal tale of the efforts to trace the original village of their ancestors in a remote part of Trichy in South India a task made difficult by the passage of time and the lack of a common family surname for people of South Indian origin It is also a poignant tale of the trials and tribulations of one family in a foreign land put together with painstaking research It is a welcome addition to Asian literature as very few narratives exist of the family history of South Indian Tamils in Singapore and Malaysia
