The Short Bus Jonathan Mooney, 2025-06-25 A young man once called unteachable journeys across America to investigate

the lives of those like himself who are forced to create new ways of living in order to survive Labeled dyslexic and profoundly learning disabled with attention and behavior problems Jonathan Mooney was a short bus rider a derogatory term used for kids in special education and a distinction that told the world he wasn't normal Along with other kids with special challenges he grew up hearing himself denigrated daily Ultimately Mooney surprised skeptics by graduating with honors from Brown University But he could never escape his past so he hit the road To free himself and to learn how others had moved beyond labels he created an epic journey He would buy his own short bus and set out cross country looking for kids who had dreamed up magical beautiful ways to overcome the obstacles that separated them from the so called normal world In The Short Bus his humorous irreverent and poignant record of this odyssey Mooney describes his four month 35 000 mile journey across borders that most people never see He meets thirteen people in thirteen states including an eight year old deaf and blind girl who likes to curse out her teachers in sign language Then there's Butch Anthony who grew up severely learning disabled but who is now the proud owner of the Museum of Wonder These people teach Mooney that there's no such thing as normal and that to really live every person must find their own special ways of keeping on The Short Bus is a unique gem propelled by Mooney's heart humor and outrageous rebellions
