Finding True North Critter:

Finding True North & Critter William Michael Ransom, 1973 **Finding True North** Molly Rettig, 2021-03-15 Melting sea ice and rumbling volcanoes Sled dogs racing through unnamed valleys These were the images that came to mind when Molly Rettig moved to Fairbanks Alaska to work as a reporter at the local newspaper An avid environmentalist she couldn't wait to explore the vast untamed spaces that had largely been paved over on the east coast But when her 72 year old neighbor Clutch invites her on a tour of his gold mine an 800 foot tunnel blasted into the side of his house she begins to question many of her ideas about Alaska and about herself In *Finding True North* Rettig takes us on a gripping journey through Alaska's past that brings alive the state's magnificent country and its quirky larger than life characters She meets a trapper who harvests all she needs from the land a bush pilot who taught himself how to fly and an archaeologist who helped build an oil pipeline through pristine wilderness While she learns how airplanes mines and oil fields have paved the way for newcomers like herself she also stumbles upon a bigger question what has this quest for Alaska's natural resources actually cost and how much more is at stake This is a book about all the ways wild places teach us about ourselves Rettig writes both playfully and honestly about how one place can be many things to many people and how all of it can be true **The Road to Dune** Kevin J.
