Finns On The Delaware 1638 1655

John Henry Wuorinen

Finns On The Delaware 1638 1655:

The Finns on the Delaware, 1638-1655 John Henry Wuorinen, 1938 **The Finns on the Delaware** John H. Wuorinen, 1938 Finns in the United States Auvo Kostiaainen, 2014-03-01 Late arriving immigrants during the Great Migration Finns were comparatively speaking a relatively small immigrant group with about 350 000 immigrants arriving prior to World War II Nevertheless because of their geographic concentration in the Upper Midwest in particular their impact was pronounced They differed from many other new immigrant groups in a number of ways including the fact that theirs is not an Indo European language and many old country cultural and social features reflect their geographic location in Europe at the juncture of East and West A fresh and up to date analysis of Finnish Americans this insightful volume lays the groundwork for exploring this unique culture through a historical context followed by an overview of the overall composition and settlement patterns of these newcomers The authors investigate the vivid ethnic organizations Finns created as well as the cultural life they sought to preserve and enhance while fitting into their new homeland Also explored are the complex dimensions of Finnish American political and religious life as well as the exodus of many radical leftists to Soviet Karelia in the 1930s Through the lens of multiculturalism transnationalism and whiteness studies the authors of this volume present a rich portrait of this distinctive group **History of the Finns in Michigan** Armas K. E. Holmio, 2001-06-19 Michigan s Upper Peninsula was a major destination for Finns during the peak years of migration in the nineteenth century and the early decades of the twentieth century Several Upper Peninsula communities had large Finnish populations and Finnish churches lodges cooperative stores and temperance societies Ishpeming and Hancock especially were important nationally as Finnish cultural centers Originally published in Finnish in 1967 by Armas K E Holmio History of the Finns in Michigan translated into English by Ellen M Ryyanen brings the story of the contribution of Finnish immigrants into the mainstream of Michigan history Holmio combines firsthand experience and personal contact with the first generation of Finnish immigrants with research in Finnish language sources to create an important and compelling story of an immigrant group and its role in the development of Michigan Historical Dictionary of Colonial America William Pencak, 2011-07-15 The years between 1450 and 1550 marked the end of one era in world history and the beginning of another Most importantly the focus of global commerce and power shifted from the Mediterranean Sea to the Atlantic Ocean largely because of the discovery of the New World The New World was more than a geographic novelty It opened the way for new human possibilities possibilities that were first fulfilled by the British colonies of North America nearly 100 years after Columbus landed in the Bahamas The Historical Dictionary of Colonial America covers America s history from the first settlements to the end and immediate aftermath of the French and Indian War This is done through a chronology an introductory essay appendixes an extensive bibliography and over 400 cross referenced dictionary entries on the various colonies which were founded and how they became those which declared independence Religious political economic and family life important people warfare and

relations between British French Spanish and Dutch colonies are also among the topics covered This book is an excellent access point for students researchers and anyone wanting to know more about Colonial America **The Peoples of**

Pennsylvania David E. Washburn,1981 The Barbarous Years Bernard Bailyn,2013-08-13 Finalist for the Pulitzer Prize A compelling fresh account of the first great transit of people from Britain Europe and Africa to British North America their involvements with each other and their struggles with the indigenous peoples of the eastern seaboard The immigrants were a mixed multitude They came from England the Netherlands the German and Italian states France Africa Sweden and Finland and they moved to the western hemisphere for different reasons from different social backgrounds and cultures They represented a spectrum of religious attachments In the early years their stories are not mainly of triumph but of confusion failure violence and the loss of civility as they sought to normalize situations and recapture lost worlds It was a thoroughly brutal encounter not only between the Europeans and native peoples and between Europeans and Africans but among Europeans themselves as they sought to control and prosper in the new configurations of life that were emerging around them Law and Religion in Colonial America Scott Douglas Gerber,2023-11-02 Law charters statutes judicial decisions and traditions mattered in colonial America and laws about religion mattered a lot The legal history of colonial America reveals that America has been devoted to the free exercise of religion since well before the First Amendment was ratified Indeed the two colonies originally most opposed to religious liberty for anyone who did not share their views Connecticut and Massachusetts eventually became bastions of it By focusing on law Scott Douglas Gerber offers new insights about each of the five English American colonies founded for religious reasons Maryland Rhode Island Pennsylvania Connecticut and Massachusetts and challenges the conventional view that colonial America had a unified religious history **The Cultural**

Life of the American Colonies Louis B. Wright,2012-04-30 Sweeping survey of 150 years of colonial history 1607 1763 offers authoritative views on agrarian society and leadership non English influences religion education literature music architecture and much more 33 black and white illustrations **The Great Encounter** Jayme A. Sokolow,2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492 This groundbreaking study which spans more than 300 years demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere By putting the story of the indigenous peoples and their encounters with Europeans at the center a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British French Spanish and Portuguese empires In fact their presence was the single most important factor in the development of the colonial world By discussing the great encounter of peoples and cultures this book provides a valuable new perspective on the history of the Americas **Continental Pietism and Early American Christianity** F. Ernest Stoeffler,2007-02-01

American has been shaped from a variety of rich traditions many of which continue to influence her life and institutions With

this pluralistic emphasis in mind F Ernest Stoeffler has brought together these essays on Pietism each written by a scholar with professional interest in the area treated Without denying the importance of the Puritan heritage on early America Stoeffler hopes to show that Pietism too made a crucial contribution to American religious life Contrary to some twentieth century misconceptions Pietism was activist political social and educational in orientation It penetrated mainline denominations like the Lutheran Reformed and Mennonite churches It played an important role in the Brethren and Methodist traditions and in the formation of the Moravian Church And radical Pietism flourished in a variety of Christian communist communities like the one at Ephrata Pietism contributed to religious practice by promoting evangelism social action on behalf of the poor and experiential base for religion a biblical foundation for theology and ethics the development of Protestant hymnody ecumenical understanding and democracy This study is an important first step toward filling a serious gap in understanding America s religious history The Swedish Settlements on the Delaware, 1638-1664 Amandus Johnson, 1911 Finnish Colonial Encounters Raita Merivirta, Leila Koivunen, Timo Särkkä, 2022-01-01 Breaking new ground in the study of European colonialism this book focuses on a nation historically positioned between the Western and Eastern Empires of Europe Finland Although Finland never had overseas colonies the authors argue that the country was undeniably involved in the colonial world with Finns adopting ideologies and identities that cannot easily be disentangled from colonialism This book explores the concepts of colonial complicity and colonialism without colonies in relation to Finland a nation that was oppressed but also itself complicit in colonialism It offers insights into European colonialism on the margins of the continent and within a nation that has traditionally declared its innocence and exceptionalism The book shows that Finns were active participants in various colonial contexts including Southern Africa and S pmi in the North Demonstrating that colonialism was a common practice shared by all European nations with or without formal colonies this book provides essential reading for anyone interested in European colonial history Chapters 1 7 and 8 are available open access under a via link [springer.com](https://www.springer.com) **Baltic and Scandinavian Countries**, 1939 Prestatehood Legal Materials Michael Chiorazzi, 2013-05-13 Explore the controversial legal history of the formation of the United States Prestatehood Legal Materials is your one stop guide to the history and development of law in the U S and the change from territory to statehood Unprecedented in its coverage of territorial government this book identifies a wide range of available resources from each state to reveal the underlying legal principles that helped form the United States In this unique publication a state expert compiles each chapter using his or her own style culminating in a diverse sourcebook that is interesting as well as informative In Prestatehood Legal Materials you will find bibliographies references and discussion on a varied list of source materials including state codes drafted by Congress county state and national archives journals and digests state and federal reports citations surveys and studies books manuscripts papers speeches and theses town and city records and documents Web sites to help your search for more information and more Prestatehood Legal Materials provides you with brief overviews

of state histories from colonization to acceptance into the United States In this book you will see how foreign countries controlled the laws of these territories and how these states eventually broke away to govern themselves The text also covers the legal issues with Native Americans inter state and the Mexico and Canadian borders and the development of the executive legislative and judicial branches of state government This guide focuses on materials that are readily available to historians political scientists legal scholars and researchers Resources that assist in locating not so easily accessible materials are also covered Special sections focus on the legal resources of colonial New York City and Washington DC which is still technically in its prestatehood stage Due to the enormity of this project the editor of Prestatehood Legal Materials created a Web page where updates corrections additions and more will be posted [Dictionary Catalog of the National Agricultural Library, 1862-1965 National Agricultural Library \(U.S.\), 1967](#) **History of Pennsylvania** Philip S. Klein, Ari Arthur Hoogenboom, 2010-11-01 **New Sweden in America** Carol E. Hoffecker, 1995 Although it was the first permanent European settlement in the Delaware River valley the New Sweden colony has long been ignored by American colonial historians To right this omission and to mark the 350th anniversary of the founding of the New Sweden colony the University of Delaware sponsored an international conference New Sweden in America Scandinavian Pioneers and Their Legacy in March of 1988 This event brought together twenty eight scholars from Sweden Finland and the United States who represented several fields including history anthropology and geography The conference papers collected in New Sweden in America present the first look at the New Sweden colony since the advent of modern historical methods The essays in this volume examine the economic and social lives of a political entity as well as its political structures The topics discussed include an examination of the European environment from which the colonial venture came the colonists relations with the Native Americans and the Swedish and Finnish settlers adaptation to colonial life The essays depict seventeenth century Sweden as it emerged from its traditional ways and isolation into the dynamic world of Western European international politics and trade and the failed attempts to bring European mercantilist policies to New Sweden The fascinating stories of the trade between the Swedish and Dutch settlers and the Susquehannock and Lenni Lenape Indians the development of pidgin languages to facilitate the trade the devout Lutheran religious observations of the colonists and the introduction of Finnish construction methods especially the log cabin are all described in this volume To encourage further scholarship in this field the contributors identify topics for future study and delineate where original colonial documents may be found on both sides of the Atlantic BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Red Book Alice Eichholz, 2004 provides updated county and town listings within the same overall state by state organization information on records and holdings for every county in the United States as well as excellent maps from renowned mapmaker William Dollarhide The availability of census records such as federal state and territorial census reports is covered in detail Vital records are also discussed including when and where they were kept and how Publisher description

Colonial New Jersey John Edwin Pomfret, 1973 Describes life in New Jersey and the principal developments that fashioned its early history
