Fire And Grace Stories Of History And Vision:

Fire and Grace James Taylor, 1999 **Empires of Religion** H. Carey, 2008-11-13 A sparkling new collection on religion and imperialism covering Ireland and Britain Australia Canada the Cape Colony and New Zealand Botswana and Madagascar Bursting with accounts of lively characters and incidents from around the British world this collection is essential reading for all students of religious and imperial history **Modern Women Modernizing Men** Ruth Compton Brouwer, 2002 Using the experiences of three women in colonial India Korea and sub Saharan Africa as case studies this book explores how professionalism religion and feminism came together to enable missionary women to become the colleagues and mentors of Western and non Western men **A Church with the Soul of a Nation** Phyllis D. Airhart, 2014-01-01 As Canadian as the maple leaf is how one observer summed up the United Church of Canada after its founding in 1925 But was this Canadian made church flawed in its design as critics have charged A Church with the Soul of a Nation explores this question by weaving together the history of the United Church with a provocative analysis of religion and cultural change **Jesus Christ for Contemporary Life** Don Schweitzer, 2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness In Jesus Christ for Contemporary Life Don Schweitzer explores the significance of the person work and relationships of Jesus Christ for contemporary life He moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer *Christianity and Ethnicity in Canada* Paul Bramadat, David Seljak, 2008-06-14 Over the past decade scholars and policy makers interested in Canadian multiculturalism have begun to take religion much more seriously Moreover Christian communities have become increasingly aware of the impact of ethnic diversity on church life However until very recently almost no systematic academic attention has been paid to the intersection between the ethnic and religious identities of individuals or communities This gap in both our academic literature and our public discourse represents an obstacle to understanding and integrating the large numbers of ethnic Christians most of whom either join existing Canadian churches or create ethnically specific congregations In Christianity and Ethnicity in Canada eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada The contributors discuss the ways in which changes in the ethnic composition of these traditions influence religious practice and identity as well as how the nine religious traditions influence communal and individual ethnic identities An introductory chapter by Paul Bramadat and David Seljak provides a thorough

discussion of the theoretical historical and empirical issues involved in the study of Christianity and ethnicity in Canada This volume complements Religion and Ethnicity in Canada in which the authors address similar issues within the six major non Christian communities in Canada and within Canadian health care education and politics **Canadian Book Review Annual** ,1999 *Canadian Books in Print* ,2001 **Canadian Periodical Index** ,2000 Refining Fire Duane C. Eastman,2017-03-03 This is a book for healing wounded churches When a church experiences conflict it results in a wounded people Healing for the church involves a healing of the people involved The process is essentially the same for both That is because the church is Gods vessel for healing the deep wounds of the human soul The healing process set forth in this book is the application of biblical principles of grace that actually work They have been tested and found to be amazingly effective Damaged churches can experience renewal and become effective vessels of grace to their community Wounded believers can experience renewal and restoration discovering a dimension of Gods presence either forgotten or never before known Understanding the reasons for conflict and division rediscovering the healing impact of Jesus mission catching a new vision of what it means to be the church in todays world and designing a local fellowship so that healing grace defines worship and ministry is the focus of this book As such it is both a manual for personal healing of the deep wounds of the soul and for healing the wounded church *Holy Fire Fell* Dirk R. Ellis,2017-01-18 Why do we worship as we do What are the forgotten practices once central to many early Nazarene congregations Because historical events and other factors have shaped and molded the various worship patterns found in local congregations the way in which contemporary Nazarenes worship is no accident Like other descendants of the American holiness movement Nazarene worship is influenced by events predating our denominational forebears This text explores the history behind current worship trends for a crucial reason the very act of worship shapes and forms worshipers Beliefs and attitudes are forged not merely by what is heard from the pulpit but also by what is done bodily in the pew Ellis examines the liturgical concerns and practice of John Wesley as well as those of early Nazarene pioneers in an attempt to address these issues In so doing the book provides a historical resource for denominational leaders pastors and congregations At the same time it aims to help congregations both to appreciate our rich ecclesial history and to critically evaluate current worship practices in order that they may truly be transformational **Canadian Books in Print 2002** Marian Butler,2002-02 **Pillar of Fire** ,1929 **No More Heroes** Lydia R. Cooper,2011-05-03 No More Heroes directly addresses the essential question about McCarthy s morally ambiguous and apocalyptic world revealing poignant new answers that will enlighten critics and general readers alike Cooper evaluates all of McCarthy s work to date carefully exploring the range of his narrative techniques to reveal rare but powerful moments of internal yearnings and commitment to justice or compassion that separate McCarthy s work from absolute amorality Cooper shows that there does exist a strain of heroism in the otherwise brutal universe of Cormac McCarthy s work **The Evening Fire-side, Or Weekly Intelligence in the Civil, Natural, Moral, Literary and Religious Worlds** ,1805 *The*

Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1900 The Historical Geography of the Holy Land George Adam Smith,1902 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1900

Apostle, Or, Bones that Shine Like Fire Tom Bissell,2016 Bissell finds that the story of the apostles is the story of early Christianity its competing versions of Jesus s ministry its countless schisms and its ultimate evolution from an obscure Jewish sect to the global faith we know today in all its forms and permutations In his quest to understand the underpinnings of the world s largest religion Bissell embarks on a years long pilgrimage to the supposed tombs of the Twelve Apostles Dust jacket flap **Hearts on Fire** Bill Lane Doulos,2016-04-11 Dr George Regas led the congregation of All Saints Episcopal Church in Pasadena California for nearly three decades The witness of this remarkable church has brought transformation to the lives of communities and individuals across the land Hearts on Fire is the story of this amazing priest and his parish With its rich tradition and cutting edge social ministry All Saints is one of the premier parishes in the United States The story of All Saints is especially relevant because it shines as a bright light across the bleak landscape of urban America Where can we find a witness to the good news of personal and social redemption in the midst of the moral confusion and spiritual crisis of our age This book will fill the reader with hope for the dawn of a new age of morality justice and faith All Saints Church is still growing looking forward to a new rector in the person of Ed Bacon and eager to empower its members and transform its community
