Fire And Spirit:

The Spirit and the Lake of Fire Rustin Umstattd, 2017-06-28 The Holy Spirit and the Lake of Fire What does the Spirit have to do with God's final judgment The Holy Spirit and God's judgment upon sin are not two topics that are often connected but to understand the full work of the Spirit they need to be It is not enough to view judgment as the work of just the Father and the Son but in full Trinitarian fashion it must be understood as the work of all three persons of the Trinity In The Spirit and the Lake of Fire Rustin Umstattd establishes the Spirit's role in judgment by connecting several symbols that are used for both the Spirit and judgment such as fire God's breath and God's arm Furthermore by examining Augustine's position that the Spirit is the mutual love of the Father and the Son and Luther's position that God's wrath is the underside of his love Umstattd demonstrates how one comes to the conclusion that the Spirit is operative in God's judgment upon sin

and Spirit contains two chapters Light and Fire and The Holy Spirit About Innerland It is hard to exaggerate the significance of Innerland either for Eberhard Arnold or his readers It absorbed his energies off and on for most of his adult life from World War I when he published the first chapter under the title War A Call to Inwardness to 1935 the last year of his life Packed in metal boxes and buried at night for safekeeping from the Nazis who raided the author s study a year before his death and again a year after it Innerland was not openly critical of Hitler s regime Nevertheless it attacked the spirits that animated German society its murderous strains of racism and bigotry its heady nationalistic fervor its mindless mass hysteria and its vulgar materialism In this sense Innerland stands as starkly opposed to the zeitgeist of our own day as to that of the author s At a glance the focus of Innerland seems to be the cultivation of the spiritual life as an end in itself Nothing could be more misleading In fact to Eberhard Arnold the very thought of encouraging the sort of selfish solitude whereby people seek their own private peace by shutting out the noise and rush of public life around them is anathema He writes in The Inner Life These are times of distress We cannot retreat willfully blind to the overwhelming urgency of the tasks pressing on society We cannot look for inner detachment in an inner and outer isolation The only justification for withdrawing into the inner self to escape today s confusing hectic whirl would be that fruitfulness is enriched by it It is a question of gaining within through unity with eternal powers a strength of character ready to be tested in the stream of the world b Innerland then calls us not to passivity but to action It invites us to discover the abundance of a life lived for God It opens our eyes to the possibilities of that inner land of the invisible where our spirit can find the roots of its strength and thus enable us to press on to the mastery of life we are called to by God Only there says Eberhard Arnold can our life be placed under the illuminating light of the eternal and seen for what it is Only there will we find the clarity of vision we need to win the daily battle that is life and the inner anchor without which we will lose our moorings
