The Fire Bride Julia Wherlock,1980-10-01 **Fire Bride** Ava Sinclair,2023-07-08 One woman Four dominant dragon lords who possess her completely An enemy that threatens an Empire I am Lady Lyla of Fra hir a Fire Bride of the Drakoryan Empire As a village maiden I was snatched from the ledge above my village as my weeping mother watched The villagers thought my life is over but it is not I am a Fire Bride mated and bonded to the four powerful dragon lords of House Fra hir and I am adjusting to my new life as their lady My powerful mates ask little more of me than to focus on running the household and pleasing their insatiable sexual appetites When I worry of the coming war they tell me that is no concern for a woman and distract me by claiming me with a skill that leaves me begging for more I know my lords seek to shield me from an awful reality but when I learn that human villages are coming under attack by the enemy ShadowFell dragons the protectiveness of my mates threatens our bond I was never supposed to return to the village but I have not forgotten who I am I have not forgotten where I came from and not even an army of dragon lords can stop me from saving those I love

Brides of the Buddha Karen Muldoon-Hules,2017-06-05 For young women in early South Asia marriage was probably the most important event in their lives as it largely determined their socioeconomic and religious future Yet there has been little in the way of systematic examinations of the evidence on marriage customs among Buddhists of this time and our understanding of the lives of early Buddhist women is still quite limited This study uses ten stories from the Avadanasataka the collection of Buddhist narratives compiled from the second to fifth centuries CE to examine the social landscape of early India The author analyzes marital customs and the development of nuns hagiographies while revealing regional variations of Buddhism in South Asia during this period

St. Bride's Church London Gustav Milne,2014-06-30 One of the first English attempts to mount the total research excavation of an urban parish church at blitz damaged St Bride s in Fleet Street in the City of London is recorded in this report St Bride s foundation date is earlier than indicated by surviving documentary

records and highlights the complexity of its subsequent development Moreover it demonstrates how archaeology can significantly extend the history of such a relatively well documented building Professor Grimes died before completing his definitive report this report is as an attempt to make good that omission It is an assessment of the surviving field records and a re evaluation of 1950s finds together with an account of building recording at St Bride s in 1992 3 conducted by a team from University College London These excavations prove to be of more than local significance to medieval archaeologists It was on the site of St Bride s that the concept of a parish church s research excavation was first evolved after the rubble from dozens of churches bombed during the Second World War were usually carted away with little or no thought for archaeological recording Among many problems faced were the logistics of opening up a large internal area and exposing large groups of burials Evidence was found not only at foundation level in the ground but also in the standing fabric of the medieval building elements of which survive in the present standing building Detailed study of the finds recovered in 1952 4 also proved rewarding and reports on the pottery moulded stones tiles grave covers glass and coins are included
