Fire In The Wind:

Fire In the Wind Judy Bruce,2017 *Wildland Fire Dynamics* Kevin Speer,Scott Goodrick,2022-06-30 An overview of recent advances in the quantitative modeling of wildland fire based on fluid dynamics including a discussion of the mathematical and dynamical principles Providing a state of the art survey it is a useful reference for scientists researchers and graduate students interested in fire behavior from a range of fields **Field Procedures for Verification and Adjustment of Fire Behavior Predictions** Richard C. Rothermel,George C. Rinehart,1983 The problem of verifying predictions of fire behavior primarily rate of spread is discussed in terms of the fire situation for which predictions are made and the type of fire where data are to be collected Procedures for collecting data and performing analysis are presented for both readily accessible fires where data should be complete and for inaccessible fires where data are likely to be incomplete The material is prepared for use by field units with no requirements for special equipment or computers Procedures for selecting the most representative fuel model for overall evaluation of prediction capability and for developing calibration coefficients to improve future predictions are presented Illustrated examples from several fires are included The material is a companion publication to the fire prediction manual titled INT GTR 143 How to predict the spread and intensity of forest and range fire by R C Rothermel *Fire Control Notes* ,1946 *Wildland Fire Danger* Emilio Chuvieco,2003 The book presents a wide range of techniques for extracting information from satellite remote sensing images in forest fire danger assessment It covers the main concepts involved in fire danger rating and analyses the inputs derived from remotely sensed data for mapping fire danger at both the local and global scale The questions addressed concern the estimation of fuel moisture content the description of fuel structural properties the estimation of meteorological danger indices the analysis of human factors associated with fire ignition and the integration of different risk factors in a geographic information system for fire danger management **Fire on the Wind** Linda Crew,1997-03-10 The summer before her fourteenth birthday a fierce forest fire rages throughout northwestern Oregon and threatens the logging camp where Storie and her family live **Fire Management Notes** ,1950 **Handbook of Fire and the Environment** Brian J. Meacham,Margaret McNamee,2022-07-28 The fundamental purpose of this handbook is to raise awareness about environmental impacts of fire and fire suppression primarily within the fire engineering and firefighting communities but also within the environmental engineering and planning disciplines The Handbook provides readers with a fundamental understanding of the problem and its magnitude and includes a set of tools and methods for assessing environmental social and financial impacts and a set of tools for identifying and selecting appropriate mitigation options **Fire in the Wind** J.
