A Comprehensive Treatise on Inorganic and Theoretical Chemistry Joseph William Mellor, 1922 *Sanctuary of the Gods* Nathan Cate, 2015-08-03

More than six centuries ago a stranger stumbled on a village in a remote valley in Northern Italy seeking refuge from vengeance in the world outside But there was something different about the valley something strange about its people Nothing was as it seemed Did chance take him there or were greater forces at work calling him to play a role Guided by fate he would find himself at the center of an ancient mystery and for a time the heritage of civilizations would rest in his hands Before he was done he would devise a gift like none before and vanish into history leaving behind the seeds of rebirth and hope for future generations *Sanctuary of the Gods* is vividly told bringing history to life for its readers The main story takes place at the dawn of the Renaissance when European civilization was beginning its painful rise back towards the heights it had achieved in the days of Greece and Rome There are also three detailed flashbacks to earlier periods A similar time more than 2 000 years before when Greek civilization first began The high point of Greek civilization in the age of Alexander The Great Rome s decline in the years following the Empire s conversion to Christianity *Sanctuary of the Gods* is a story of survival against all odds of human triumph over death and annihilation It shows how a tiny village in Northern Italy became the last secret sanctuary of the old pagan religion surviving through nine hundred years in hiding only to perish in the Black Death that swept Europe in 1348 and how in those dark and terrifying days a handful of survivors created the Tarot cards so that the heart of their religion would not perish with the sanctuary but would survive in a hostile world its origins forgotten until the time was right for its rediscovery For readers who are intrigued by the story and want to get to the heart of it to discover the truth behind the things they ve read an appendix is provided There in 120 pages complemented by numerous illustrations what at first seems too incredible to be anything but fiction is transformed by the evidence into compelling fact *Sanctuary* is beautifully written with a clarity that brings the past to life and holds the reader s interest from beginning to end For a Pagan or Tarot enthusiast or for lovers of historical fiction its appeal is apparent But the story is powerful and even readers who have never been interested in these subjects will find the book hard to put down It gains the readers s attention

because the characters and scenes described are lively and interesting and because its vision is fresh and new entirely unexpected Be prepared for some surprises the view from the Sanctuary is not like anything you have ever seen before
