Fire From The Heights:

The Hamlet Fire Bryant Simon, 2020-07-23 For decades the small quiet town of Hamlet North Carolina thrived thanks to the railroad But by the 1970s it had become a postindustrial backwater a magnet for businesses in search of cheap labor and almost no oversight Imperial Food Products was one of those businesses The company set up shop in Hamlet in the 1980s Workers who complained about low pay and hazardous working conditions at the plant were silenced or fired But jobs were scarce in town so workers kept coming back and the company continued to operate with impunity Then on the morning of September 3 1991 the never inspected chicken processing plant a stone s throw from Hamlet s city hall burst into flames Twenty five people perished that day behind the plant s locked and bolted doors It remains one of the deadliest accidents ever in the history of the modern American food industry Eighty years after the Triangle Shirtwaist Fire industrial disasters were supposed to have been a thing of the past in the United States However as award winning historian Bryant Simon shows the pursuit of cheap food merged with economic decline in small towns across the South and the nation to devalue laborers and create perilous working conditions The Hamlet fire and its aftermath reveal the social costs of antiunionism lax regulations and ongoing racial discrimination Using oral histories contemporary news coverage and state records Simon has constructed a vivid potent and disturbing social autopsy of this town this factory and this time that exposes how cheap labor cheap government and cheap food came together in a way that was destined to result in tragedy Problems of the Aging United States. Special Studies Subcommittee, 1972 *Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet & Eastern Railway Company*, 2008 *United States Army in the World War, 1917-1919: Military operations of the American Expeditionary Forces*, 1988 A seventeen volume compilation of selected AEF records gathered by Army historians during the interwar years This collection in no way represents an exhaustive record of the Army s months in France but it is certainly worthy of serious consideration and thoughtful review by students of military history and strategy and will serve as a useful jumping off point for any earnest scholarship on the war from Foreword by William A Stofft *United States Army in the World War, 1917-1919* United States. Smith, 2002-05-31 An exceptional work I stand in awe of anyone who can piece together the puzzle of a man s life so fully especially a man as odd and contradictory as Herrmann A brilliant job Leonard Maltin Bernard Herrmann was a master of psychology His incredibly innovative music inhabited the film it was in creating moods that stayed with the audience long after the film was over Steven Smith captures the very heart of what Herrmann represented I highly recommend this book to anyone who truly wants a glimpse into the world of this musical giant who changed the very nature of film composing Esa Pekka Salonen music director Los Angeles Philharmonic

Fascinating The scholarship is impeccable the judgments sound and the whole thing as compulsively readable as eating popcorn Nicholas Meyer director and writer

The Maryland Campaign of September 1862 Joseph Pierro, 2012-08-21 Completed in the early 1900s The Maryland Campaign of September 1862 is still the essential source for anyone seeking understanding of the bloodiest day in all of American history As the U S War Department s official expert on the Battle of Antietam Ezra Carman corresponded with and interviewed hundreds of other veterans from both sides of the conflict to produce a comprehensive history of the campaign that dashed the Confederacy s best hope for independence and ushered in the Emancipation Proclamation Nearly a century after its completion Carman s manuscript has finally made its way into print in an attractively packaged one volume edition painstakingly edited annotated and indexed by Joseph Pierro This edition the first to publish the entire Carman manuscript including the fifteen appendices is designed for ease of use

with standardized punctuation and spelling and conveniently footnoted explanations wherever necessary The Maryland Campaign of September 1862 is a crucial document for anyone interested in delving below the surface of the military campaign that forever altered the course of American history and is still the only complete edition of Carman's work on the market Due to an unfortunate case of mistaken identity the man currently appearing in the frontispiece of The Maryland Campaign of September 1862 is not the actual Ezra Carman but someone who looks remarkably similar to him The real Mr Carman can be found at <http://www.loc.gov/pictures/item/cwp2003001783> PP We apologize for the mistake and will correct this error in further printings The Post Magazine and Insurance Monitor ,1929
