Treasure of Khan Clive Cussler, Dirk Cussler, 2006-11-28 Oceanic explorers Dirk Pitt and Al Giordino find intrigue, adventure, and peril while collecting clues to the mysterious treasure of Xanadu, the famed capital of Kublai Khan's empire. When Dirk Pitt is nearly killed rescuing an oil survey team from a freak wave on Russia's Lake Baikal, it appears a simple act of nature. But when the survey team is abducted and Pitt's research vessel nearly sunk, it becomes clear this is no run of bad luck, but the influence of something or someone more sinister. In fact, Pitt and the NUMA crew have inadvertently stepped between a Mongolian tycoon and his plans to corner the global oil market, beginning with covert negotiations in China. To ensure the deal goes through, this mysterious businessman will encourage ever-escalating acts of sabotage and violence. Pitt and Giordino soon learn the magnate's fury and his power both stem from the same source: a dark secret about Genghis Khan, the greatest conqueror the world has ever known. To Pitt and Giordino, the famed Khan's empire is nearly the stuff of legend, and his tomb a forgotten mystery. But the Khan's legacy is very real. And it's the treasure of his grandson, Kublai Khan, that holds the key to stopping this modern-day oil baron from restoring the conquests of his ancestors. That is, if Pitt and Giordino get there first.

Arctic Drift Clive Cussler, Dirk Cussler, 2009-11-24 Oceanographer Dirk Pitt traces a lost ship's mysterious cargo to a scientific discovery that could reverse the dangers of climate change in this novel in the #1 New York Times bestselling action-adventure series. When an act of sabotage aims to slow down a technological breakthrough in American clean energy, it puts the United States on the brink of war with one of its closest allies. Tension boils on the homefront too as gas prices surge to an all-time high. To prevent global catastrophe, Dirk Pitt and his children, Dirk Jr. and Summer, must piece together what little records remain of the initial experiment. They may not know how it was done, but they know what their scientists were trying to accomplish: a solution for global warming. Their only real clue might just be a mysterious silvery mineral traced to a long-ago expedition in search of the fabled Northwest Passage. But no one survived from that doomed mission. And if Pitt, his family, and his buddy Al Giordino aren't careful, the very same fate may await them and the world.

Trojan Odyssey Clive Cussler, 2004-11-30 In his first adventure since the revelation that he's a parent, Dirk Pitt must uncover the truth behind the myth of another long-lost father figure: Homer's Odysseus. If he's going to stop a dangerous cult from reshaping the earth in their own image, Fraternal twins Summer Pitt and Dirk Pitt Jr. are working to determine the origin of a strange brown tide infesting the ocean off the shore of Nicaragua when two startling things happen. Summer discovers an artifact, something strange and beautiful and ancient. And the worst storm in years boils up out of the sky, heading straight for them and a nearby floating luxury resort hotel called Ocean Wanderer. The peril for everybody concerned is incalculable. And now that Dirk Pitt has learned he's a father, he will stop at nothing to protect his two children. He rushes into the chaos only to find that what's left in the storm's wake makes the furies of nature pale in comparison. For there is an all-too-human evil at work in that part of the world, and Summer's relic may be the only clue to the man calling the shots. Whoever he is, he's connected to a cult that believes the Celts, also known as the Achaeans, reached the New World millennia before the accepted

history suggests If he s right his ancestors laid the foundation for the work he will soon complete and our world will be a very different place Though if Summer s discovery is to be believed the world is already a very different place *Dragon Clive Cussler*,2020-04-21 Clive Cussler author of over twenty consecutive New York Times bestsellers brings back beloved hero Dirk Pitt in this electrifying edge of your seat thriller that is a high tech adventure a little romance and a whale of a story Richmond Times Dispatch Japan 1945 Two US bombers take off with atomic bombs Only one gets through The Pacific 1993 A Japanese cargo ship bound for the United States is instantly thunderously vaporized taking with it a Norwegian vessel Japanese fanatics have developed a chilling plan to devastate and destroy the Western powers From the ocean depths to the discovery of cache of lost Nazi loot Dirk Pitt is untangling a savage conspiracy and igniting a daring counterattack While Washington bureaucrats scramble a brutal industrialist commands his blackmail scheme from a secret island control center And Dirk the dauntless hero of Sahara and Inca Gold is taking on death dealing robots and a human hunting descendant of samurai warriors Pitt alone controls the West s secret ace in the hole a tidal wave of destruction waiting to be triggered on the ocean floor Bulging with gadgetry and undersea delights Houston Chronicle Dragon is pure fun Watch out for paper cuts as you turn the pages faster and faster to keep up with Cussler s intense pace San Diego Union Tribune This is a page turning romp that achieves a level of fast paced action and derring do that Robert Ludlum might well envy Publishers Weekly
