Firearms And Their Use:

Firearms and Their Use William Thomas Castles, Vera Faith Kimball, 1942
Castles, V. F. Kimball, 2013-10 This is a new release of the original 1942 edition
Julian Sommerville Hatcher, 1927 Review of the Department of Justice's Use of Less-Lethal Weapons Barry Leonard, 2010
Use of such weapons as batons pepper spray and powder bean bag shotgun rounds baton launchers rubber projectiles and Tasers can enhance the safety of law enforcement LE officers and the public during LE operations However significant injuries and fatalities can result from their use This review determines the types of less lethal weapons used the extent to which DoJ components are using these weapons whether training and controls have been implemented to ensure the weapons are used properly whether the components have identified the impact of using these weapons on their missions and whether the DoJ assesses deploys and oversees new and emerging less lethal weapon technologies Illustrations *Firearms State Laws and Published Ordinances*, 2005 This publication spells out both Federal and State firearm laws including the provisions of the Gun Control Act of 1968 **Global Report on Crime and Justice** Graeme R. Newman, 1999 Research and data gathered by the UN Centre for International Crime Prevention The work combines a wealth of information about crime and justice from UN member states and beyond and presents emerging crime trends and operations of criminal justice systems on a comparative basis **Firearms control** Great Britain: Parliament: House of Commons: Home Affairs Committee, 2010-12-20 The Home Affairs Committee reports that well designed legislation which regulates and restricts the legal supply of firearms can help to reduce gun crime The committee recognises that thousands of people use firearms responsibly for recreation and in their work It has no intention of restricting such activity However the committee today concludes that interpreting and applying the current 34 pieces of legislation governing the control of firearms places an onerous burden on the police and on members of the public who wish to abide by the law because it is so complex and confused In particular the committee recommends introducing one licensing system to cover all firearms which require a licence and identifies age restrictions on firearms use as a particular area of uncertainty Although the majority of firearms related crimes are not committed with licensed firearms the committee is also concerned about the use of legally owned weapons in domestic shootings including those related to domestic abuse The Committee has several recommendations including a review of the minimum age limits on the use of firearms and eligibility for firearms certificates recommends tighter restrictions and clearer guidance to the police on the granting of firearms and shotgun licences to individuals who have engaged in criminal activity considering requiring the police to consult the domestic partners of licence applicants in making the decision as to whether to grant a licence suggests that the Government considers requiring advocates raising the fees charged to applicants so that it covers the costs of licensing to ensure that police spending cuts do not jeopardise the rigour of the licensing process Finally the committee was concerned at evidence of the significant criminal threat posed by

reactivated and converted firearms in response to tighter regulations on genuine lethal weapons *Firearms* Helen Poole, Simon Sneddon, 2021-11-18 *Firearms Global Perspectives on Consequences Crime and Control* explores the many dimensions of the illicit use of firearms across the globe including legal social science technical and research perspectives on the issue Employing a global set of case studies the book introduces students to the core issues related to the trafficking manufacture availability and criminal use of firearms as well as firearms markets national and international legal frameworks to control firearms the response of the criminal justice system the role of civil society in affecting change and how students can get involved through research and action *Firearms* will be of great interest to students of Criminology Criminal Justice International Law International Development Policing Crime Control and Community Safety The Lawyers Reports Annotated, 1915 George Tooley's Beginner's Book on How to Handle Firearms Safely George L.
