Firebreak; Poems David Wevill, 1971 **Firebreaks: Poems** John Kinsella, 2016-02-22 A follow up to the critically acclaimed *Jam Tree Gully* *Firebreaks* records life and ecology in Western Australia Known for a poetry both experimental and lyrical that reinvents the pastoral John Kinsella considers his and his family's life at Jam Tree Gully in the Western Australian wheatbelt and his deeply felt ecological concerns in this new cycle of poems about place landscape home and absence Part One *Internal Exile* explores issues of departure and return as well as alienation in Jam Tree Gully Part Two *Inside Out* reevaluates how Kinsella and his family deal with ideas of space and proximity while also looking out into the wider world How do we read an ecology as refuge What lines of communication with the outside world need to be kept open As Paul Kane observed in *World Literature Today* In Kinsella's poetry are lands marked by isolation and mundane violence and by a terrible transcendent beauty [Chicorel Index to Poetry in Anthologies and Collections in Print](#) Marietta Chicorel, 1974 **Contemporary American Poetry** Lloyd M. Davis, 1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 *Poetry and Prophecy* Reuven Shoham, 2021-10-11 The book discusses the image of the prophet and the role of prophecy in Modern Hebrew Poetry The first part of the book presents the prophetic archetypal biographies of prophets heroes and artists in Hebrew and European mythologies It also examines the historical facts which lead to the departure of the prophet from Hebrew literature following the destruction of the second temple Finally it addresses the necessity of reappearance of the prophet in the 18th and 19th centuries in Hebrew thought and literature and provides a short history of that reappearance in Haskala literature The second part focuses upon three major prophets poets Haim N Bialik Avraham Shlonski and Uri Z Greenberg The book may be of interest to scholars of Literature Judaism Philosophy Science of Religion Anthropology Folklore and Rhetoric **Poems: Dramatic and later poems** Matthew Arnold, 1889 **Patterns of Text** Michael Hoey, Mike Scott, Geoff Thompson, 2001-01-01 It is increasingly clear that in order to understand language as a phenomenon we must understand the phenomenon of text Our primary experience of language comes in the form of texts which embody the complete communicative events through which our language using lives are lived These events are shaped by communicative needs and this shaping is reflected in certain characteristic patterns in the texts However the nature of texts and text is still elusive we know which forms are typically found in text but we do not yet have a full grasp of how they constitute its textuality how they make a text tick The twelve contributions to this volume show how texts across a wide range of text types hold together by different patterns of chunking and linking The common purpose in all the contributions is to explore the nature of text patterning as the functional environment within which language operates *I Have Nothing to Say about Fire* Marjorie Saiser, 2019-09 2017 Nebraska Book Award This new collection by Nebraska poet Marjorie Saiser explores the notion of witnessing Particularly in our technological age when we have access to international news as it happens the question comes up what responsibility do individuals including those

living in relatively quiet middle America have in regard to world events The poems in I Have Nothing to Say about Fire reference autobiographical elements marriage children parents in laws etc but they also reference global tragedy war terrorism genocide As we experience our own personal losses and triumphs what relationships should we strive for with family friends neighbors and the strangers around us particularly as their narratives push them forward into our and or the public s consciousness In this book Marjorie Saiser explores these essential questions and offers potential answers that may help all of us

Modern American Poetry and the Architectural Imagination Jo Gill, 2023 Modern American Poetry and the Architectural Imagination The Harmony of Forms assesses the relationship between architectural and poetic innovation in the United States across the twentieth century Taking the work of five key poets as case studies and drawing on the work of a rich range of other writers architects artists and commentators this study proposes that by examining the sustained and productive if hitherto overlooked engagement between the two disciplines we enrich our understanding of the complexity and interrelationship of both The book begins by tracing the rise of what was conceived of as modern and often international style architecture and by showing how poetry and architecture in the early decades of the century developed in dialogue and within a shared and often transnational context It then moves on to examine the material aesthetic and social conditions that helped shape both disciplines offering new readings of familiar poems and bringing other pertinent resources to light It considers the uses to which poets of the period put the insights of architecture and vice versa In closing Gill turns to modern and contemporary architects written accounts of their own practice in memoirs and other commentaries and examines how they have assimilated or resisted the practice and vision of poetry
