**Last Man Down** Richard Picciotto, Daniel Paisner, 2003-05-06

A first responder's harrowing account of 9/11, the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard Pitch Picciotto answered the call heard around the world. In minutes he was at Ground Zero of the worst terrorist attack on American soil as the Twin Towers of the World Trade Center began to burn and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried for more than four hours after the building's collapse.

**Fire-Rescue 59** Alan J. Knoche, 2021-09-23

Most firefighters join the fire service when they are young, their teens or early twenties. Alan Knoche was an exception in that he joined when he was in his late thirties. He had a lot of catching up to do but with life experiences in the Navy, the submarine service and working at a nuclear power facility behind him, he quickly progressed from rookie to assistant fire chief. A top responder in a volunteer fire department that answered an average of two emergency calls a day, he fought fires, cut people out of crushed automobiles and rescued victims from everything from a quarry collapse to a gumball machine. As an EMT, he also responded to thousands of medical and trauma calls and helped people who were experiencing the worst day of their lives. These stories relate some of the emergencies he

faced on his second job They are gritty often challenging and sometimes sad but actual life threatening incidents are seldom pleasant That s not to say it s all serious The occasional humorous or comical event is what helps emergency responders cope with the catastrophic and tragic sights they see on a daily basis The men and women he served with are some of the most dedicated talented resourceful skilled and sometimes insane people you could ever hope to show up when you re having your worst day They made these stories possible      **Firefighter Rescue** Trey King,2015-08-25 Ricky is in his first year as a fire fighter and must learn that teamwork and safety are the important cornerstones of being a good fire fighter
