Fires Of Lan Kern:

The Fires of Lan-Kern Peter Tremayne,1980 **Discovering Modern Horror Fiction II** Darrell Schweitzer,1988-12-01 **Within the Hollow Hills** John Matthews,2000 As legend has it the Hollow Hills are the hidden abode of the gods they withdrew to them when people began to no longer believe in the gods Within these Hills the gods still live delighting in the joys of companionship and riches of song and story And sometimes the song of the Lordly Ones can still be heard by travelers on the road Some people even enter the faery halls and learn new songs and stories to reenchant the world In this book a sequel to the popular From Isles of Dream John Matthews has collected the best imaginative writings by contemporary Celtic writers Included are tales and songs by such as Robin Williamson R J Stewart Rosemary Sutcliffe Caitlin Matthews David Spangler and Margaret Elphinstone This is a unique collection that will become a perennial favorite of all lovers of fantasy imagination and Celtic lore **The Sister Fidelma Mysteries** Edward J. Rielly,David Robert Wooten,2012-08-09 This is a collection of new essays on Peter Tremayne s Sister Fidelma novels which feature Sister Fidelma s attempts to solve a wide range of crimes often murders that occur under especially mysterious conditions The novels set mainly in 7th century Ireland also include a great deal of history which is not surprising given that the author is actually Peter Berresford Ellis a noted Celtic historian Some of the essays analyze aspects of the novels focusing especially on the protagonist and her partner in detection and ultimately husband Brother Eadulf Other essays place Fidelma and the novels within the tradition of detective fiction Still others explore the historical intellectual spiritual and geographical contexts for her labors Also included are accounts of the author s career the International Sister Fidelma Society and the biennial Sister Fidelma conferences held in Cashel Ireland **The A to Z of Fantasy Literature** Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author
