Cityscapes of Violence in Karachi Nichola Khan, 2017-07-15 Karachi is a city framed in the popular imagination by violence be it criminality and gangsterism or political factionalism That perception also dominates literary cinematic and scholarly representations and discussions of this great metropolis By commenting in different ways on the trials and tribulations of Karachi and Pakistan the contributors to this innovative book on the city build on past writings to say something new or different to make their reader re think how they understand the processes at work in this vast urban space They scrutinise Karachi's diverse neighborhoods to show how violence is manifested locally and citywide into protest drinking social and religious movements class and cosmopolitanism gang wars and how it affects the fractured lives of militants and journalists among others Oral history and memoir feature strongly in the volume as do insights gleaned from anthropology and political science **The Return of Zeus** John E. Muller, Lionel Fanthorpe, Patricia Fanthorpe, 2014-06-30 Man has often wondered about the birth of his world Our remote ancestors told strange tales of parental deities who gave birth to planets and people Primitive religious thought regarded inanimate Nature as teeming with terrifying psychic life It is a trend which persists in the dark recesses of the modern mind There is reason for this persistence Were the ancients entirely wrong Science has unlocked many mysteries that terrified our forebears but there are others which remain just as enigmatically sealed as before What strange astrological influences do the dark stars exert as they speed through the heavens on their evil courses Like a cosmic combination lock their tuning unleashes timeless forces of evil The Pantheon of Old Gods rides again to bring hideous terror to the 20th century Healing in His Wings L. populace by fate malice or blind fortune and set against the machinations of hidden cults the creations of mad scientists or the unknowable motives of ancient terrors The Terror Beneath is powered by the GUMSHOE roleplaying system designed specifically to tell stories of mystery and investigation With less emphasis on finding clues and more on interpreting them correctly an investigation never stalls due to a critical clue being missed but gives the heroes all the information they need to keep moving inexorably towards the horrors at the heart of the plot **Asia** ,1923 **The Unknown Realm** Prashant Wason,2016-04-01 Young Sam led a busy and mundane life Between managing a part time job and school simultaneously his passion for football was his only solace He had only a couple of friends to call his own unsure of where his family was His life was torn asunder after he started hearing a mysterious voice and befriended a new girl at school Elizabeth Swift He learned the truth about the voice within him It was his soul Frazen who was speaking to him Now he and his friends must make a perilous journey to the most desolate place in the world to release Frazen and others into another dimension a magical world where they belonged one where a war has been raging for a century guided by an ancient prophecy Driven suddenly into the heat of battle fumbling between legends and myths from the past and unearthing deep secrets about himself and his family can Frazen end the war Can he restore order and find peace before a wicked veil covers Sam s material world
