Emperors, Gods and Everyman William Klingaman,2002 **The First Century** William Kistler Klingaman,1986 **The Thirteenth Century** Richard Bressler,2018-09-11 The 13th Century was a fascinating era in world history Genghis Khan established the largest contiguous land empire in history The Magna Carta was drafted Marco Polo travelled through Asia and trade expanded across the Indian Ocean and Baltic Sea setting the stage for greater expansion in the 15th century The Native Americans of Cahokia Mesoamerica and the Chimor State flourished while Mali Ethiopia and Great Zimbabwe thrived in Sub Saharan Africa This world history chronicles the important events in this pivotal century while exploring many of the relevant figures of the era including King John of England St Francis of Assisi Balban of India and many others *The Neglected Canon: Nine Women Philosophers* T. Dykeman,2013-06-29 When down from the moon stepped the goddess of the night she bid Minerva Athene come to her Minerva Athene she said you sprang fully formed from the head of your father Now all the daughters of mankind think they too are as rootless as you Tonight I bid you dance join the circle round 1 that tree glistening with the clarity of wisdom Mother Natura and Lady Philosophia hands together already have begun the promenade of myth and allegory Still in the garb of gold and white stone Minerva Athene did as she was bid and danced till dawn Then in new light she found herself suddenly a budding flower on a tall branch and even more swiftly a crystalline fruit rivaling the morning sun refracting the light Behold she had grown roots difficult to discover down in the dark of history deep in the solid knowledge of earth And the daughters of humankind saw and reveled in their roots This is the story of this book a history long and diverse of women thinkers and their thought It will become a legacy for all who study it a legacy that Heloise Marie de Gournay Sor Juana Ines de la Cruz and Judith Sargent Murray among many women philosophers assured by composing lists of the names of women little acknowledged century after century While the Hannah Arendt s Susanne K History's Greatest Wars Joseph Cummins,2011-05-01 A centuries spanning study of twenty five pivotal wars that shaped world history from the Greco Persian War to the Soviet Afghan War Driving and dispersing peoples across the globe giving birth to and destroying great empires transforming cultures and determining systems of government warfare as much as anything else has fashioned our world History s Greatest Wars The Epic Conflicts that Shaped Our Modern World highlights pivotal victories that changed nations even entire continents forever and charts the astonishingly rapid evolution of warfare It delineates defining moments in the development of political philosophies as well as the scientific innovations that yielded the machine gun the tank and the atom bomb From the Greco Persian Wars that began in 500 BCE to the Vietnam War and beyond it vividly renders the key victories that turned the tide of war and recounts the heroism of armies and individuals Yet it does not shy away from showing the acts of savagery that characterize much warfare the slaughters and massacres History

Afghanistan and Vietnam It is both a theoretical work and one that applies the hard experience of the past five decades to address the issues of today As such it also provides a timely and meaningful discussion of America s current geopolitical position It starts with the previously close held casualty estimate for Iraq that The Dupuy Institute compiled in 2004 for the US Department of Defense Going from the practical to the theoretical it then discusses a construct for understanding insurgencies and the contexts in which they can be fought It applies these principles to Iraq Afghanistan and Vietnam assessing where the projection of US power can enhance our position and where it merely weakens it It presents an extensive analysis of insurgencies based upon a unique database of eighty three post WWII cases The book explores what is important to combat and what is not important to resist in insurgencies It builds a body of knowledge based upon a half century s worth of real world data with analysis not opinion In these pages Christopher A Lawrence the President of The Dupuy Institute provides an invaluable guide to how the US can best project its vital power while avoiding the missteps of the recent past Provides a unique quantitative historical analysis Logically estimating the outcomes of future military operations as the author writes is what US citizens should expect and demand from their leaders who take this country to war Military Review

The Darkest Year William K. Klingaman,2019-02-19 The acclaimed narrative history of the American home front during WWII from the attack on Pearl Harbor through 1942 For Americans on the home front the twelve months following the Japanese attack on Pearl Harbor comprised the darkest year of World War Two Despite government attempts to disguise the magnitude of American losses it was clear that the nation had suffered a nearly unbroken string of military setbacks in the Pacific by the autumn of 1942 government officials were openly acknowledging the possibility that the United States might lose the war Appeals for unity and declarations of support for the war effort made it appear as though the class hostilities and partisan animosities that had beset the United States for decades had suddenly disappeared Yet a deeply divided American society was splintering even further as conflicting interest groups sought to turn the wartime emergency to their own advantage Meanwhile blunders and repeated displays of incompetence by the Roosevelt administration added to the sense of anxiety and uncertainty that hung over the nation The Darkest Year focuses on Americans state of mind not only through what they said but in the day to day details of their behavior William K Klingaman delves into the social and cultural changes wrought by war including shifts in family roles race relations economic pursuits popular entertainment education and the arts

*The Great Betrayal* Sheldon W. Liebman,2018-11-27 In the view of many contemporary scholars both Jesus and Judaism have been

misrepresented by the church for the past two thousand years Their main point is that Judaism was not a superficial rigid and outdated religion and Jesus did not reject it In fact along with his disciples he remained a Law abiding Jew his entire life However as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century the church was transformed Jesus was redefined and both Jews and their religion were repudiated and marginalized In short both Christians and Jews were deeply affected by what many scholars now call the de Judaization of Jesus This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church *China and the West to 1600* Steven Wallech,2016-02-23 A

Weidner,Vincent Bridges,2003-12-10 Decodes the message inscribed on the Great Cross of Hendaye in France Uses the work of 20th century alchemist Fulcanelli to predict the date of the fatal season of the apocalypse Shows how periodic galactic alignments may cause catastrophes on Earth Examines how the secret of the center of the galaxy reveals the true location of

the lost civilization of Atlantis Reveals the alchemical secret of the imperishable Light Body of ancient Egypt deep within our DNA The Mysteries of the Great Cross of Hendaye reveals one of Western occultism s deepest secrets The alchemical transformation of base metal into gold is also the transformation of the current Iron Age into the Golden Age Based on the work of the enigmatic 20th century alchemist Fulcanelli authors Weidner and Bridges show how the greatest alchemical secret is that of time itself and that coded into an obscure monument in southwestern France the cross in the town square of Hendaye is the imminent date of the apocalypse The authors explorations of this symbolism lead them from the cross of Hendaye to the western facade of the cathedral of Notre Dame in Paris the Pyrenees ancient Egypt and the secret origins of Atlantis in Peru to reveal that we are indeed living in a fatal season and that this season is intimately connected to our solar system s alignment with the galactic center The authors in depth examination of alchemy s connection with the coming end days also reveals that this astro alchemical knowledge was part of the sacred science of the Egyptians and the Atlanteans whose coded messages are at last deciphered to guide humanity to its future destiny *The Longobards (first Century BC-AD 600)* Noël C. de Caprona,1995 **Turning 50** William K. Klingaman,1994-08-01 You re not over the hill it s just taking you longer to get to the top Mick Jagger did it Paul McCartney did it too and Tina Turner made it in a short skirt and red lipstick But when it happens to you chances are you ll find it hard to believe Reaching the big Five O is more of a milestone than other birthdays but what does it really mean Gloria Steinem says that fifty is what forty used to be So if your birthday candles set off the smoke alarm don t despair dig into this warm and funny collection of celebrity quotes lists interviews and tongue in cheek advice Here s all the wit and wisdom of many who have already reached the half century mark hilariously or hysterically gathered to remind you that you re not alone and that the best is yet come **The Evolution of Love** Sheldon W. Liebman,2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God s commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

*Landscapes of the Soul* Douglas V. Porpora,2003-10-09 Do you believe in God Nine out of ten Americans unhesitatingly answer yes But for Douglas Porpora the real questions begin where pollsters leave off What he asks does religious belief

actually mean in our lives Does it shape our identities and our actions Or despite our professions of faith are we morally adrift Landscapes of the Soul paints a disturbing picture of American spiritual life In his search for answers to his questions Porpora interviewed clerks and executives Jews evangelical Christians Buddhists Taoists and even followers of Bhagwan Sri Rajneesh He asked them about God and about what they saw as their own place in the universe What he found was a widespread inability to articulate any grand meaning of life We lack heroes to inspire us We lack a sense of calling of transcendent purpose in our existence Many of us seem incapable of caring deeply about the suffering of others Our society is permeated with moral indifference Yes we are a believing people but God is often a distant abstraction and rarely an emotional presence in our lives Only such an emotional connection Porpora argues can be the basis of a genuine moral vision Our emotional estrangement from God and the sacred keeps us from caring about social justice keeps us from wanting to change the world keeps us enclosed in our own private worlds Landscapes of the Soul is a passionate call to broaden our spiritual and moral horizons to raise our eyes to the greater reality that unites us all
