*Old Cookery Books and Ancient Cuisine* William Carew Hazlitt, 2018-08-14 *Old Cookery Books and Ancient Cuisine* by William Carew Hazlitt THE EARLY ENGLISHMAN AND HIS FOOD William of Malmesbury particularly dwells on the broad line of distinction still existing between the southern English and the folk of the more northerly districts in his day twelve hundred years after the visit of Caesar He says that they were then about A D 1150 as different as if they had been different races and so in fact they were different in their origin in their language and their diet In his *Folklore Relics of Early Village Life* 1883 Mr Gomme devotes a chapter to Early Domestic Customs and quotes Henry's *History of Great Britain* for a highly curious clue to the primitive mode of dressing food and partaking of it among the Britons Among the Anglo Saxons the choice of poultry and game was fairly wide Alexander Neckam in his *Treatise on Utensils* twelfth century gives fowls cocks peacocks the cock of the wood the woodcock not the capercaillie thrushes pheasants and several more and pigeons were only too plentiful The hare and the rabbit were well enough known and with the leveret form part of an enumeration of wild animals *animalium ferarum* in a pictorial vocabulary of the fifteenth century But in the very early accounts or lists although they must have soon been brought into requisition they are not specifically cited as current dishes How far this is attributable to the alleged repugnance of the Britons to use the hare for the table as Caesar apprises us that they kept it only voluptatis causa it is hard to say but the way in which the author of the *Commentaries* puts it induces the persuasion that by *lepus* he means not the hare but the rabbit as the former would scarcely be domesticated We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a
