## **First Coming How The Kingdom Of God Became Christianity:**

**The First Coming** Thomas Sheehan, 1986      **Ungodly Rage** Donna Steichen, 1991-01-01 Written by a Catholic journalist who has investigated feminism on its own ground this remarkable book fully exposes the hidden face of Catholic feminism for the first time revealing its theoretical and psychological roots in loss of faith A definitive account of a movement impelled by vengeful rage to revolt against all spiritual authority      **Handbook for Liturgical Studies** Anscar J. Chupungco, 1997 Volume III The Eucharist contributes to the reflection on the meaning and purpose of the eucharistic celebration It also offers to teachers and students of liturgy a handbook for studying this subject according to a system based on historical development theology and doctrine liturgical texts and traditions in both East and West and pastoral considerations Articles and their contributors are A Eucharistic Lexicon by Marcel Metzger The Eucharist in the First Four Centuries by Enrico Mazza The Various Orders of Celebration by Stefano Parenti The Oriental Anaphorae by Enzo Lodi The History of the Roman Eucharistic Liturgy in Rome by Marcel Metzger The Sacramentary of Paul VI by Michael Witczak The Roman Lectionary for Mass by Adrien Nocent OSB The Homily by Domenico Sartore CSJ Musical Elements in the Ordo Missae of Paul VI by Jan Michael Joncas The Eucharistic Celebration in the Non Roman West by Gabriel Ramis Worship of the Eucharist Outside Mass by Nathan Mitchell The Liturgy of the Presanctified Gifts by Nicola Bux The Viaticum by Philippe Rouillard OSB Questions about Specific Points by Adrien Nocent OSB Theology of Eucharistic Celebration by David N Power OMI Anscar J Chupungco OSB is the director of the Paul VI Institute of Liturgy in the Philippines and professor of liturgical inculturation at the Pontifical Liturgical Institute in Rome He is the author of Liturgies of the Future The Process and Methods of Inculturation and Liturgical Inculturation Sacraments Religiosity and Catechesis published by The Liturgical Press      **The Analytic Theist** Alvin Plantinga, 1998 This collection of essays and excerpts gives a comprehensive overview of Alvin Plantinga's seminal work as a Christian philosopher of religion      **The Inside Story** Paul T. Brockelman, 1992-01-01 This book explores what is meant by claims of religious understanding and truth It argues that at the end of the twentieth century we are undergoing a revolution in our thinking about ourselves and our place in nature and that the worldview pervading modern culture is dissolving because it has marginalized and hindered authentic religious understanding and practice It has spiritually degraded and destroyed the natural environment upon which it depends The book describes how this situation developed and proposes an alternative postmodern narrative concept of religious understanding that may help us to transcend these spiritual and ecological problems This model of religious truth explores a new cosmological story that has emerged over the past twenty five years It is a story that will enrich and deepen our spiritual experience while helping us cope with possibly the most disastrous and dangerous consequence of modernity the present worldwide ecological crisis      **Rediscovering the Holy Spirit** Michael Horton, 2017-04-25 For the Spirit being somewhat forgotten is an occupational hazard The Holy Spirit is so actively involved in our lives that we can take his presence for granted As they say familiarity breeds contempt Just as we

take breathing for granted we can take the Holy Spirit for granted simply because we constantly depend on him Like the cane that soon feels like an extension of the blind man s own body we too easily begin to think of the Holy Spirit as an extension of ourselves Yet the Spirit is at the center of the action in the divine drama from Genesis 1:2 all the way to Revelation 22:17 The Spirit s work is as essential as the Father s and the Son s yet the Spirit s work is always directed to the person and work of Christ In fact the efficacy of the Holy Spirit s mission is measured by the extent to which we are focused on Christ The Holy Spirit is the person of the Trinity who brings the work of the Father in the Son to completion In everything that the Triune God performs this perfecting work is characteristic of the Spirit In *Rediscovering the Holy Spirit* author pastor and theologian Mike Horton introduces readers to the neglected person of the Holy Spirit showing that the work of God s Spirit is far more ordinary and common than we realize Horton argues that we need to take a step back every now and again to focus on the Spirit himself his person and work in order to recognize him as someone other than Jesus or ourselves much less something in creation Through this contemplation we can gain a fresh dependence on the Holy Spirit in every area of our lives

**The Evolution of Love** Sheldon W. Liebman, 2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God s commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

**Atheism, Morality, and the Kingdom of God** David K. Clark, 2018-11-27 This treatise explores both the beguiling fancy that without God moral virtue is not possible and the dream that human fulfillment awaits the faithful in an afterlife Kingdom It shows that Jesus Parables of the Kingdom of God once stripped of their deceptive theological overlay reveal an account of real time flourishing that is secular constituted by virtue and incompatible with the life of faith total dedication to a deity Part I establishes that morality and human virtue are indeed fully independent of God's very existence while Parts II and III isolate the prized hermeneutical principle whereby the authentic words of Jesus are set in relief What emerges is Jesus own urgent testimony of a this world kingdom which is the good life for humans the summum bonum This vision anchored in the very tradition of which Jesus was both participant and critic reveals human fulfillment as an achievement which is possible only here and now should we muster the courage to live it

**A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

**Choosing the Kingdom** John A. Dally, 2008-01-01 Today the Christian faith is

moving through one of the greatest sea changes in its two thousand year history and we can no longer assume we know exactly what kind of animal preaching is or ought to be Choosing the Kingdom is both a work of theology and a how to guide for preachers who want to rethink both the form and the content of their preaching to move a congregation from maintenance to mission As a post Christendom church reorients itself toward the mission of God what might preaching look like If we are truly living through one of the great sea changes in the history of the Christian faith can preaching remain the same Do we speak as bureaucrats in an imperial hierarchy anticipating automatic acceptance of our message or as servants of the reign of God bringing news of God's activity in history as fresh as today's headlines Is the announcement of the gospel a demand for submission or an invitation to wisdom Choosing the Kingdom explores these issues and offers an entirely new orientation to sermon preparation It offers concrete suggestions for a reconception of preaching for those whose imaginations have already been captured by the possibilities inherent in a missional identity

*The Nature of Sufism* Milad Milani, 2021-09-28 This book explores how Sufis approach their faith as Muslims upholding an Islamic worldview but going about making sense of their religion through the world in which they exist often in unexpected ways Using a phenomenological approach the book examines Sufism as lived experience within the Muslim lifeworld focusing on the Muslim experience of Islamic history It draws on selected case studies ranging from classic Sufism to Sufism in the contemporary era mainly taken from biographical and hagiographical data manuscript texts and treatises In this way it provides a revisionist approach to theories and methods on Sufism and more broadly the category of mysticism

*Feeling the Future at Christian End-Time Performances* Jill C. Stevenson, 2022-02-01 The End is always near The Apocalypse has sparked imaginations for millennia while in more recent times highly publicized predictions have thrust End Time theology briefly into the spotlight In the 21st century fictional depictions of various apocalyptic scenarios are found in an endless stream of films TV shows and novels while real world media coverage of global issues including climate change and the migrant crisis often features an apocalyptic tone *Feeling the Future at Christian End Time Performances* explores this prevalent human desire to envision the End by analyzing how various live End Time performances allow people to live in and through future time The book's main focus is contemporary Christian End Time performances and how they theatrically construct encounters with future time not just images or ideas of a future but viscerally and immediately real experiences of future time Author Jill Stevenson's examples are Hell Houses and Judgement Houses Rapture House a similarly styled walk through drama in North Carolina Hell's Gates an outdoor reality drama in Dawsonville Georgia Ark Encounter a full size recreation of Noah's Ark and Tribulation Trail an immersive thirteen scene drama ministry based on the Book of Revelation The book's coda considers similarities between these Christian performances and secular survivalist prepper events especially with respect to constructions of and language about time In doing so the author situates these performances within a larger tradition that challenges traditional secular sacred distinctions and illuminates how the End Times has been

employed in our current social and political moment
