**Reminiscences and Memoirs of North Carolina and Eminent North Carolinians** John Hill Wheeler,1884 *John Bell Hood's Division In The Battle Of Chickamauga: A Historical Analysis [Illustrated Edition]* Major Kyle J. Foley,2014-08-15 Illustrated with 23 maps and plans of the campaign and engagements at Chickamauga This thesis is a historical analysis and assessment of Major General John Bell Hood s Division during the Battle of Chickamauga In early July 1863 the Confederate Army suffered two major defeats Vicksburg and Gettysburg where the division suffered many casualties including Hood Hood s Division earned a reputation as the best division in the Army of Northern Virginia This division was selected to reinforce General Braxton Bragg s Army of Tennessee

and his campaign to defeat the Federal Army of the Cumberland under the command of Major General William Rosecrans. Their reputation preceded them with high expectations. Chickamauga was the division's first major battle in the western theater. The thesis begins with brief pre-Chickamauga biographies of Hood and his brigade commanders Brigadier General Evander McIver, Law, Brigadier General Henry L. Benning, and Brigadier General Jerome B. Robertson. Next, the circumstances that brought the division to the Battle of Chickamauga and their journey to northern Georgia will be discussed. Thereafter, a close examination of the engagements conducted from 18-20 September 1863 will be discussed. Finally, an analysis will be presented to how the leaders of Hood's Division performed during the Battle of Chickamauga and draws conclusions as to the proximate causes of their performances. These causes focus on the divisional leaders and their decisions.

This work spanning twelve extensive volumes is the result of contributions by many Southern men to the literature of the United States that treats of the eventful years in which occurred the momentous struggle called by Mr. A. H. Stephens the war between the States. These contributions were made on a well-considered plan to be wrought out by able writers of unquestionable Confederate record who were thoroughly united in general sentiment and whose generous labors upon separate topics would when combined constitute a library of Confederate military history and biography. According to the great principle in the government of the United States that one may result from and be composed of many, the doctrine of *E pluribus unum* it was considered that intelligent men from all parts of the South would so write upon the subjects committed to them as to produce a harmonious work which would truly portray the times and issues of the Confederacy and by illustration in various forms describe the soldiery which fought its battles. Upon this plan two volumes, the first and the last, comprise such subjects as the justification of the Southern States in seceding from the Union and the honorable conduct of the war by the Confederate States government; the history of the actions and concessions of the South in the formation of the Union and its policy in securing the existing magnificent territorial dominion of the United States; the civil history of the Confederate States supplemented with sketches of the President, Vice President, cabinet officers, and other officials of the government; Confederate naval history; the morale of the armies of the South since the war; and a connected outline of events from the beginning of the struggle to its close. The two volumes containing these general subjects are sustained by the other volumes of Confederate military history of the States of the South involved in the war. Each State being treated in separate history permits of details concerning its peculiar story, its own devotion, its heroes, and its battlefields. The authors of the State histories like those of the volumes of general topics are men of unchallenged devotion to the Confederate cause and of recognized fitness to perform the task assigned them. It is just to say that this work has been done in hours taken from busy professional life and it should be further commemorated that devotion to the South and its

heroic memories has been their chief incentive This is volume fourteen out of fourteen covering the Civil War in Arkansas
