

A woman with long brown hair in a ponytail, wearing a black cap and sunglasses, is seen from the back, holding a fishing rod. She is standing on a grassy bank overlooking a body of water under a dramatic sunset sky with orange and yellow clouds. The scene is romantic and serene.

The Psychology of Passion Dr Robert J. Vallerand, 2015-05-01 Winner of the 2017 APA William James Book Award The concept of passion is one we regularly use to describe our interests and yet there is no broad theory that can explain the development and consequences of passion for activities across people s lives In *The Psychology of Passion* Robert J Vallerand presents the first such theory providing a complete presentation of the Dualistic Model of Passion and the empirical evidence that supports it Vallerand conceives of two types of passion harmonious passion which remains under the person s control and obsessive passion which controls the person While the first typically leads to adaptive behaviors the obsessive form of passion leads to less adaptive and at times maladaptive behaviors Vallerand highlights the effects of these two types of passion on a number of psychological phenomena such as cognition emotions performance relationships aggression and violence He also discusses the development of passion and reviews a range of literature on passion for activities

Uphill Entrepreneur , *Johann Sebastian Bach's St John Passion : Genesis, Transmission, and Meaning* Alfred Dürr, 2000-11-30 This book published in German by B auml renreiter in 1988 and now available in English translation for the first time is a comprehensive guide to the genesis transmission structure meaning and performance considerations of Bach s St John Passion The St John Passion is one of Bach s most fascinating works Its text demonstrates a profound understanding of St John s Gospel The musical design of the choruses with their numerous interrelationships is quite unique and requires some explanation The fact that the Passion exists in four different versions leads D uuml rr to ask which changes were intentional and which were the result of practical constraints or of orders issued by church authorities The introduction to the work is preceded by a detailed account of its genesis and transmission and the uniquely complicated nature of the sources The discussion of the Passion itself is based on the assumption that what Bach wanted to say to the Leipzig congregation on Good Friday was designed to be understood in verbal and musical terms Number symbolism eye music and encrypted information do not form the essence of what Bach was trying to communicate to us

Wonderstruck Helen De Cruz, 2025-11-18 A philosopher explores the transformative role of wonder and awe in an uncertain world Wonder and awe lie at the heart of life s most profound questions Wonderstruck shows how these emotions respond to our fundamental need to make sense of ourselves and everything around us and how they enable us to engage with the world as if we are experiencing it for the first time Drawing on the latest psychological insights on emotions Helen De Cruz argues that wonder and awe are emotional drives that motivate us to inquire and discover new things and that humanity has deliberately nurtured these emotions in cultural domains such as religion science and magic Tracing how wonder and awe unify philosophy the humanities and the sciences De Cruz provides new perspectives on figures such as Plato Aristotle Adam Smith William James Rachel Carson Maurice Merleau Ponty Jean Paul Sartre and Abraham Heschel Along the way she explains how these singular emotions empower us to be open minded to experience joy and hope and to be resilient in the face of personal troubles and global challenges Taking inspiration from Descartes s portrayal of wonder as that sudden surprise of the soul this illuminating book reveals how wonder and awe are catalysts that can help us reclaim what makes life worth living and preserve the things we find wonderful and valuable in our lives

Wages of Cross-Bearing and Debt of Sin Nathan Eubank, 2013-03-01 In comparison to Mark and Luke the First Gospel contains a striking preponderance of economic language in passages dealing with sin righteousness and divine recompense For instance sin is described as a debt and righteous deeds are said to earn wages with God or treasure in heaven This study analyzes Matthew s economic language against the backdrop of other early Jewish and Christian literature and examines its import for the narrative as a whole Careful attention to this neglected aspect

of Matthew's theology demonstrates that some of the Gospel's central claims about atonement, Jesus' death and resurrection and divine recompense emerge from this conceptual matrix. By tracing the narrative development of the economic motif, the author explains how Jesus saves his people from their sins and comes to be enthroned as Son of Man, sheds new light on numerous exegetical puzzles and clarifies the relationship of ethical rigorism and divine generosity. Sesame and Lilies John Ruskin, 1865

Gospel Interpretation and Christian Life Francis J. Moloney, 2017-11-01 The voice of Francis J. Moloney SDB has been heard in New Testament studies for many decades. Internationally famous for his work on the Gospel of John, this volume gathers studies that demonstrate the breadth and richness of his interests beyond that well-established enterprise. The first part of the book is dedicated to Gospel studies with the majority of essays focussing upon the Gospel of Mark. They reflect his long interest and his major commentary on that Gospel. 2012 Studies on Matthew, Luke and John complete these reflections.

The Routledge Research Companion to Johann Sebastian Bach Robin Leaver, 2016-11-25 The Ashgate Research Companion to Johann Sebastian Bach provides an indispensable introduction to the Bach research of the past thirty-five years. It is not a lexicon providing information on all the major aspects of Bach's life and work such as the Oxford Composer Companion. J. S. Bach. Nor is it an entry-level research tool aimed at those making a beginning of such studies. The valuable essays presented here are designed for the next level of Bach research and are aimed at masters and doctoral students as well as others interested in coming to terms with the current state of Bach research. Each author covers three aspects within their specific subject area: firstly, to describe the results of research over the past thirty-five years, concentrating on the most significant and controversial, such as the debate over Schmend's NBA edition of the B-minor Mass; Blume's conclusions with regard to Bach's religion in the wake of the new chronology; Rifkin's one-to-a-vocal-part interpretation; the rediscovery of the Berlin Singakademie manuscripts in Kiev; the discovery of hitherto unknown manuscripts and documents; and the re-evaluation of previously known sources. Secondly, each author provides a critical analysis of current research being undertaken that is exploring new aspects, reinterpreting earlier assumptions and/or opening up new methodologies. For example, Martin W. B. Jarvis has suggested that Anna Magdalena Bach composed the cello suites and contributed to other works of her husband; another controversial hypothesis whose newly proposed forensic methodology requires investigation. On the other hand, research into Bach's knowledge of the Lutheran chorale tradition is currently underway, which is likely to shed more light on the composer's choices and usage of this tradition. Thirdly, each author identifies areas that are still in need of investigation and research.

The Works of John Ruskin, Honorary Student of Christ Church, Oxford: Sesame and lilies. Rev. and enl. ed., 1871 John Ruskin, 1871 Gospels Mercedes Navarro Puerto, Marinella Perroni, 2015-09-29 An international collection of ecumenical, gender-sensitive interpretations. In this volume of the Bible and Women Series, contributors examine how biblical studies intersects with feminist interpretive methods with regard to the Gospels. Authors examine the lives of women in Roman Palestine, named and unnamed women in

the Gospels and the role of gender in the reception of the Hebrew scriptures in the New Testament Features Essays by scholars from scholars from around the world An introduction and twenty essays focused on women and gender relations Coverage of power relations and ideologies within the texts and in current interpretations *Children in Early Christian Narratives* Sharon Betsworth, 2015-04-23 Sharon Betsworth examines the narratives parables and teachings of and about children in the gospels and the literature of Early Christianity Betsworth begins with a discussion of the social historical context of children and childhood in the first century before discussing the role of children in all four gospels She shows that for Mark and Matthew children are integral to understanding each evangelist s perspective on the reign of God and on Jesus identity in each Gospel In the Gospel of Luke the childhood of Jesus is shown to be crucial to the broader themes of the Gospel In the Gospel of John Betsworth examines the metaphorical use of the word children looking at children of light and of darkness She then explores stories of Jesus childhood in the non canonical Infancy Gospels of James and Thomas as well as the childhood of his mother Mary in the latter shedding light upon views of children discipleship and the person of Jesus in early christianity and in the ancient world more generally **Jack Hinton, the Guardsman** Lever, 1849 A Word for All Seasons Angela Brown, 2021-09-16 A Word for All Seasons is not just another devotional book It is a year long journey into a deeper more intimate relationship with the Lord Jesus Christ Each month you will discover a new dimension of Father Son and Holy Spirit and the love they have for you Each day will introduce a new scripture to read and a short commentary to encourage and challenge you to learn more about the living God of all Creation There are meditation suggestions as the end of each entry to help you share your heart with the Lord and listen for His intimate thoughts toward you A Word for All Seasons forms a pathway for you to discover more facets of God Almighty and His amazing grace and mercy toward all mankind Enjoy this journey into the heart of your Savior and King He is looking forward to your presence with Him **The Spectator** , 1879 A weekly review of politics literature theology and art The Poem in Time Janis Lull, 1990 In tracing George Herbert s revisionary goals as they developed through the two manuscripts of the Church this book offers a new approach to the interpretation of his poems in showing that Herbert intended to encourage his readers to connect the separate lyrics into larger structures of meaning and also to look beyond his poetry to the Bible
