First Theology Kevin J. Vanhoozer, 2002-06-10 Blazing a pathway for recovering the unity of biblical studies and theological reflection Kevin J Vanhoozer addresses the challenges presented by the contemporary so called postmodern situation especially deconstructionism *Revelation, Scripture and Church* Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church **The Scripture and Hermeneutics Seminar, 25th Anniversary**

Wyatt     **Reading Scripture to Hear God** Kevin Storer, 2015-04-30 Recent theological discussions between Catholics and Evangelicals have generated a renewed appreciation for God's ongoing use of Scripture for self-mediation to the Church. Noting the significant influence of Henri de Lubac, one of the drafters of *Dei Verbum* and proponent of a renewal of the Patristic and Medieval emphasis on a spiritual sense of Scripture, and Kevin Vanhoozer, the leading Evangelical proponent of a theological interpretation of Scripture, Kevin Storer seeks to draw Evangelical and Catholic theologians into dialogue about God's ongoing use of Scripture in the economy of redemption. Storer suggests that a number of traditional tensions between Catholics and Evangelicals, such as the literal or spiritual sense of Scripture, a sacramental or a covenantal model of God's self-mediation, and an emphasis on the authority of Scripture or the authority of the Church, can be eased by shifting greater focus upon God's ongoing use of creaturely realities for the building of the Church in union with Christ. This project seeks to enable Evangelicals to appropriate the insights of de Lubac's Catholic *Ressourcement* project while also encouraging Catholic theologians to appreciate Vanhoozer's Evangelical emphasis on God's use of the literal sense of Scripture to build the Church.     *Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary Hermeneutics* Jason B.

Hunt, 2019-09-27 *Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary Hermeneutics* seeks to answer the question: What does Van Til have to do with hermeneutics? It is argued that some of the most relevant concerns in the field of contemporary hermeneutics are similar to those addressed by Van Til in the area of apologetics. Van Til's approach involved a self-conscious consistency between method and theology proper in order to reason according to the Christian worldview found in Scripture. Just as one's apologetic method should be consistent with the theology revealed in the Bible, so also should one's hermeneutic. This work not only argues that Van Til has an important place in the hermeneutical discussion but also demonstrates his place in terms of the main contours in his doctrine of God. In doing so, certain influences on Evangelical hermeneutics are considered according to consistency with theology proper. Lastly, a Van Tillian hermeneutic is applied to the often-debated issue concerning the New Testament use of the Old Testament.     **Theology and the Mirror of Scripture**

Kevin J. Vanhoozer, Daniel J. Treier, 2015-12-09 In this inaugural volume in the *Studies in Christian Doctrine and Scripture*, Daniel J. Treier and Kevin J. Vanhoozer set forth a programmatic proposal for Evangelical theology rooted in the claim that the church's vocation is to mirror the witness of Scripture in its doctrine and discipleship.     **Congregational Hermeneutics**

Andrew P. Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice, questions about how we read the Bible are rarely made explicit. Based on ethnographic research in English churches, *Congregational Hermeneutics* explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations. Characterised as hermeneutical apprenticeship, this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness, community, humility, confidence, and courage. These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational

hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners

**Hermeneutics** Stanley E. Porter, Jason C. Robinson, 2011-11-16 In this concentrated intelligible and useful introductory volume Stanley Porter and Jason Robinson give a splendid overview of hermeneutical and interpretive thought Neither an all inclusive survey that moves too quickly over the surface of complex issues nor a specialized volume on a single narrow topic Porter and Robinson's *Hermeneutics* provides critical analysis of major movements and figures in hermeneutics and interpretive theory in the modern era from Schleiermacher and Heidegger to Thiselton and Culpepper showing especially how these interpreters and their movements have impacted biblical and theological study

*Hermeneutics of Doctrine in a Learning Church* Gregory A. Ryan, 2020-08-10 In *Hermeneutics of Doctrine in a Learning Church* Gregory A. Ryan offers an account of the dynamic multi dimensional task of interpreting Christian tradition He integrates doctrinal hermeneutics the pastorality of doctrine exemplified by Pope Francis and a systematic appraisal of Receptive Ecumenism to provide an original perspective on this task The book focuses on three contemporary Catholic theologians Francis Schüssler Fiorenza Ormond Rush and Paul D. Murray highlighting how each recognises the dynamic interaction of multiple perspectives involved in authentic ecclesial interpretation Christian tradition whether passed on in teaching scripture practices or structures needs to be continually received and interpreted This book offers theologians ecumenists and church workers a fresh model for receptive ecclesial learning in which doctrinal hermeneutics and pastoral realities are dynamically integrated

**Reception History, Tradition and Biblical Interpretation** Robert Evans, 2014-08-28 This study seeks to make a contribution to current debates about the nature of *Wirkungsgeschichte* or reception history and its place in contemporary Biblical Studies The author addresses three crucial questions the relationship between reception history and historical critical exegesis the form of reception history itself with a focus on the issue of which acts of reception are selected and valorized and the role of tradition pre judgements and theology in relation to reception history Disagreements about these matters contribute to what many characterise as the fragmentation of the discipline of biblical studies The study champions the hermeneutics of Hans Georg Gadamer as a theoretical resource for understanding biblical interpretation and a way of holding together with integrity the varied activities undertaken within the

discipline Each aspect of the argument is illustrated tested and further explored with reference to the post history of exhortations in the New Testament to be subject These have been widely cited and applied for 2 000 years in literature law and politics as well as in theological traditions In this way the study makes a contribution not just to the theory but also the practice of reception history Called by Triune Grace Jonathan Hogg,2016-10-31 Reformed theology speaks of the divine act that leads to conversion in terms of the effectual call In this lucidly written and carefully researched study Jonathan Hogg provides a constructive treatment of effectual calling interpreting divine calling to salvation as an act of triune rhetoric in which Father Son and Holy Spirit work in a personal way to communicate new life The Reshaped Mind Lace Marie Williams-Tinajero,2010-11-11 Employing John R Searle s categories of language and mind this book analyzes five NT texts from a speech act perspective what certain NT writers and characters asserted and believed concerning the effects of Christ s blood at the literal and metaphorical levels **A Hermeneutic of Wisdom** J. de Waal Dryden,2018-07-03 This book develops an integrated hermeneutic that connects the Bible to spiritual formation and the development of Christian virtues The author shows how the whole Bible can be understood as a wisdom text that directs its readers morally shapes them in their deepest affections and convictions and impacts how they look at the world and live in it Offering an innovative hermeneutical approach it will serve as an ideal supplement to standard hermeneutics textbooks **Vital Issues in the Inerrancy Debate** F. David Farnell,Norman L. Geisler,Joseph M. Holden,William C. Roach,Phil Fernandes,2016-01-14 The inerrancy of God s Word has been attacked throughout church history Today s assaults are unique since neo evangelicals now surrender to post modernistic ideas of history and historical critical ideologies that assault this vital doctrine They seek to redefine the orthodox meaning of inerrancy Since the signing of the Chicago Statements troubling signs have once again appeared in recent years among many who either did not fight the battles for the inerrancy of Scripture as did the International Council on Biblical Inerrancy or who do not remember the troubling times that caused their development The nature and definition of inerrancy are now being changed to include ideas of fallibility History is forgotten The need arises for sounding the alarm for Vital Issues in Inerrancy Evangelical schools and churches that broke away earlier to defend inerrancy surrender now to academic prestige and scholarly fads instead of faithfulness to God s inerrant Word The contributors pray that the Lord will raise up a new generation with the spiritual fervency of the International Council on Biblical Inerrancy to uphold the inerrancy of God s Word Isaiah 40 8 The grass withers the flower fades But the word of our God stands forever *Theological Interpretation of Scripture* Stephen E. Fowl,2009-08-01 Christians have been interpreting Scripture with an aim of deepening their life with God and each other from the very beginning of the church The past twenty years or so have witnessed an explosion of scholarly writing devoted to the theological interpretation of Scripture Stephen Fowl as an active participant in and contributor to the burgeoning literature has written an ideal companion for guests at the large and somewhat chaotic party introducing them to important people texts and issues The companion explores some of the

connections between the long running and essential Christian practice of theological interpretation and the more recent body of scholarly literature Ultimately the companion hopes to encourage readers to join the party in their own right A Dramatic Pentecostal/Charismatic Anti-Theodicy Stephen Torr,2013-11-08 The response of Pentecostal and Charismatic churches to those suffering in their midst has generally been to seek the intervention of the Holy Spirit to bring about healing and transformation or perhaps education But what happens when the suffering continues it appears to be innocent and meaningless and God seems to be absent This study drawing on Kevin Vanhoozer s dramatic approach to theology argues that the way God calls us to perform as we seek to communicate with him amidst such situations is to lament and to do so with the aid of the Holy Spirit Rather than offering such an approach purely in opposition to the more triumphalistic responses common in Pentecostal Charismatic theology and practice this book seeks to show how a performance of lament is conducive to such theology and practice while acting as a much needed corrective to certain aspects of it What is provided here is therefore relevant reading for both scholars and pastors alike particularly of Pentecostal Charismatic church tradition who grapple with the realities of suffering and the questions such realities produce *Justification as the Speech of the Spirit* Jeffrey K. Anderson,2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer s righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine s typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors **The New Testament and Intellectual Humility** Grant Macaskill,2019-01-03 This study examines how the New Testament scriptures might form and foster intellectual humility within Christian communities It is informed by recent interdisciplinary interest in intellectual humility and concerned to appreciate the distinctive representations of the virtue offered by the New Testament writers on their own terms It argues that the intellectual virtue is cast as a particular expression of the broader Christian virtue of humility something which itself proceeds from the believer s union with Christ through which personal identity is reconstituted by the operation of the Holy Spirit This demands that we speak of virtue in ways determined by the acting presence of Jesus Christ that overcomes sin and evil in human lives and in the world The Christian account of the intellectual virtue of humility is framed by this conflict as the minds of believers who live together

within the Christian community struggle with natural arrogance and selfishness and come to share in the mind of Christ The new identity that emerges creates a fresh openness to truth as the capacity of the sinful mind to distort truth is exposed and challenged This affects not just knowledge and perception but also volition for these ancient writers a humble mind makes good decisions that reflect judgements decisively shaped by the sacrificial love of Jesus Christ By presenting humility of mind as a characteristic of the One who is worshipped Jesus Christ the New Testament writers insist that we acknowledge the virtue not just as an admission of human deficiency or limitation but as a positive affirmation of our rightful place within the divine economy
