APCAP Payroll and Cost Subsystem Procedures Manual United States. Defense Logistics Agency,1991 **The Soviet Secret Services** Dr. Otto Heilbrunn,2016-01-27 Espionage subversion infiltration and sabotage are shown by an analysis of Soviet case material to be Soviet instruments of war The author considers Soviet intelligence work in Germany in WWII to be a classic in espionage He sees psychological warfare in all its aspects as a new usage of war His fundamental position is that we must assess the Russian clandestine war potential must be able to deal with it and must ourselves be able to wage a war without battlefield The History of the Soviet Atomic Industry Arkadii Kruglov,2002-08-15 For the first time readers can discover the numerous pioneers of the Soviet nuclear industry including the role of scientific supervisors of Russia s nuclear project and the statesmen who coordinated the function of the atomic industry in the former USSR This is a detailed account translated to English for the first time of the development of the atomic industry in the former Soviet Union It deals with the activities of production facilities research institutes and design bureaus that designed and manufactured equipment and materials That material was applied in various fields of atomic science and engineering but primarily in the construction of atomic weapons History of Soviet Atomic Industry will be of interest to scientists and engineers in the nuclear industry as well as historians of science and the post war Soviet Union *Directory of Officials of the Socialist Republic of Romania* United States. Central Intelligence Agency,1982 Directory of Ukrainian Officials ,1973 **In the Labyrinth of the KGB** Olga Bertelsen,2022-02-15 2024 Winner Kjetil Hatlebrekke Memorial Book Prize King s College Centre for the Study of Intelligence This book focuses on the generation of the sixties and seventies in Kharkiv Soviet Ukraine a milieu of writers who lived through the Thaw and the processes of de Stalinization and re Stalinization Special attention is paid to KGB operations against what came to be known as the dissident milieu and the interaction of Ukrainians Jews and Russians in the movement their persona friendships formal and informal interactions and the ways they dealt with repression and arrests This study demonstrates that the KGB unintentionally facilitated the transnational and intercultural links among the Kharkiv multi ethnic community of writers and their mutual enrichment Post Khrushchev Kharkiv is analyzed as a political space and a place of state violence aimed at combating Ukrainian nationalism and Zionism two major targets in the 1960s 1970s Despite their various cultural and social backgrounds the Kharkiv literati might be identified as a distinct bohemian group possessing shared aesthetic and political values that emerged as the result of de Stalinization under Khrushchev Archival documents diaries and memoirs suggest that the 1960s 1970s was a period of intense KGB operations active measures designed to disrupt a community of intellectuals and to fragment friendships bonds and support among Ukrainians Russians and Jews along ethnic lines domestically and abroad *Russia's Revolution from Above 1985-2000* Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information Hahn presents a magisterial study that fills a significant void in our understanding of USSR s destruction While readers may at times feel overwhelmed readers are presented with a

conceptual approach that can be useful for appreciating ongoing institutional changes and often subtle elite maneuverings in the post Soviet era John P Willerton University of Arizona This is a big book in all respects weighty both in size and scholarship The core is a meticulous analysis of the perestroika period of the Soviet Union 1985-91 Followed by a concluding general chapter that applies the earlier analysis to post Communist Russia 1992-2000 The work is based on years of painstaking analysis considerable archival research and numerous interviews The Russian Review This is an important book with a number of substantive strengths Slavic Review The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990-91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn's account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia's Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in Europe Asia Studies Problems of Post Communism Russian Review and Russian History Histoire Russe *Directory of Ukrainian Officials* United States. Central Intelligence Agency, 1973 **Medical Department**

Orientation United States. Bureau of Naval Personnel, 1969 *Sekret* Lindsay Smith, 2014-04 A group of psychic teenagers in 1960s Soviet Russia are forced to use their powers to spy for the KGB [Lion's Run](#) Craig Thomas, 2023-02-28 New York Times Bestselling Author A British spy goes into action when his boss is framed for treason in this bracing thriller the suspense is galvanizing The Wall Street Journal After baiting Kenneth Aubrey with a potential defector the KGB gets their hooks in by framing Aubrey himself as a traitor and a killer Now the head of British intelligence is enduring house arrest and

interrogation and things look bleak His field agent Patrick Hyde is convinced someone within their own ranks must have conspired with the KGB to destroy the long serving spymaster and his quest to uncover the double agent will take him from Afghanistan to Czechoslovakia and into a top secret computer system A cloak and dagger grand tour When it comes to keeping the story moving and stoking up the excitement Mr Thomas knows his business The New York Times Department of State News Letter United States. Department of State,1976 Library of Congress Information Bulletin ,1996

Annual Report of the Department of the Interior United States. Department of the Interior,1912 **Transactions of the Department of Agriculture of the State of Illinois with Reports from County and District Agricultural Organizations for the Year ...** Illinois.
