First Kill A Fighter Pilots Autobiography:

First Kills Stefan W. C. Gnys, 2020-01-10 Remarkably detailed It is a tribute to Wladyslaw Gnys the decorated ace pilot but also to the charming and humble man himself Hamilton Magazine Polish pilot Wladyslaw Wladek Gnys was credited with shooting down the first two German aircraft of World War II on September 1 1939 On this day as Gnys squadron took off near Krak w to intercept the German invaders German Stuka pilot Frank Neubert attacked killing the captain Wladek who barely survived himself evaded the pursuing Stukas and went on to make the first Allied kills while Neubert was credited with the first aerial kill of the war Fifty years after the invasion of Poland in the summer of 1989 Gnys and Neubert met and shook hands making news around the world They reconciled their differences and remained friends until their deaths This event symbolized the prevailing friendly coexistence between Poland and Germany Written by his son Stefan and drawing from his logbooks this highly illustrated biography of Wladek Gnys is the most in depth account of the Polish hero s life It tells Wladek s story from his childhood in rural Poland through his time flying in three Allied air forces during World War II his capture and escape during Operation Overlord and his reconciliation with Neubert and his commemoration as a national war hero in Poland Tells the story of one man s ride through the history of most of the 20th century This is far from a run of the mill wartime story being more of a touching and revealing look into an extraordinary life *Aircrew Remembered* *First Kill* Wladek Gnys, Barbara Gnys, 1981

Hoover vs. Roosevelt Hal Elliott Wert, 2023-01-01 Herbert Hoover out of office since his defeat in 1932 by Franklin Roosevelt maintained a strong international reputation due to his achievements as an engineer and his success during World War I and beyond in organizing aid for the starving millions of Europe And yet in nearly all accounts of the ferocious debate over American aid to Europe before the United States entered World War II Hoover s role has been overlooked Hoover vs Roosevelt tells the story of American efforts to stay out of war following the German invasion of Poland Historian Arthur Schlesinger Jr called it the most savage political debate of my lifetime Both men fiercely disagreed on how to respond but the heart of their disagreement was over aid for the huge numbers of Polish refugees flooding into neighboring countries and those that were left behind Hoover found Roosevelt s policy of limited emergency aid unacceptable countering by rapidly assembling teams comprised of talented people who had served in prior Hoover relief organizations Here for the first time are the courageous stories of those that achieved that success in Romania Hungary and Lithuania When the Soviets invaded Finland on November 30 Hoover assisted the Finns by conducting a Hollywood star studded campaign spearheading nation wide support for this small country But Hoover s relief efforts were complicated by his burning ambition to obtain the Republican presidential nomination a second opportunity to defeat Roosevelt For Roosevelt Hoover s relief successes threatened to derail his limited aid policy which aimed to conserve resources to assist Britain and France and could also cost the president votes Politics aside Hoover wars in the first year of the war succeeded in forcing Roosevelt to provide far more aid then intended Hoover s victory the only one achieved in his

battles with Roosevelt accomplished relief for hundreds of thousands in need Widely and deeply researched in an array of rarely used secondary and primary sources both domestic and international Hoover vs Roosevelt reveals the story of the two contenders battles over feeding Europe and going to war **The Polish 'Few'** Peter Sikora,2018-10-30 They came to fight for freedom and their country they came to fight Germans Men of the Polish Air Force who had escaped first to France and then to Britain to fly alongside the Royal Air Force just as Fighter Command faced its greatest challenge the Battle of Britain Many of the Polish airmen joined existing RAF squadrons The Poles also formed their own squadrons but only four became operational during the Battle of Britain Nos 300 and 301 were bomber squadrons with another two Nos 302 and 303 being fighter squadrons Flying Hawker Hurricanes both 302 and 303 squadrons were active by the middle of August 1940 just when they were most needed at the height of the Battle of Britain with Fighter Command stretched to its limit The Polish squadrons battle hardened from their encounters with the Luftwaffe during the invasion of Poland and Battle of France soon made their mark In particular 303 Squadron become the highest scoring unit of Fighter Command In total 145 Polish pilots the largest non British contingent in Fighter Command at the time fought in the Battle of Britain While Winston Churchill praised the contribution of the Few the pilots of many nationalities who had defended Britain Air Chief Marshal Sir Hugh Dowding was more specific Had it not been for the magnificent material contributed by the Polish squadrons and their unsurpassed gallantry I hesitate to say that the outcome of the Battle would have been the same **The Polish**
