

sing that Good News back to each other in the congregation, building up one another with the only truly nourishing word, and singing that Good News to the world in proclamation and praise.

So how is the church's song doing in your congregation? Is that great narrative story of God's plan of salvation the constant refrain of the song heard in your congregation?

It is all too easy for us as church musicians, enamored by a catchy tune or clever new musical setting, to overlook a text that tells another or different story, or no story at all. Or it is too easy settling for texts which are little more than a gauzy "spirituality," texts that are all about us and how we feel about things, or music that has little more than a catchy rhythm or a clever melody.

What is the narrative of the songs sung in your congregation? Too many congregations are, sadly, unfamiliar with the church's rich heritage of song. Too many congregations pass over this rich treasury of song, opting instead for the comfortable old "chestnuts," most of which could be characterized as hymns "lite"—no calories with little, if any, real nourishment.

Perhaps its time for a real revival of the *church's song* in your congregation. If not now, when?

Vanderwell, 2007-12-17 Many congregations today experience collisions between parents who want to spend time with their children and age segregated church programming as well as between the children worshipping in their pews and the increasing number of seniors in the same pew Among the questions these congregations struggle to address are these Should we try to hold the generations together when we worship Is it even possible Led by pastor and resource developer Howard Vanderwell nine writers pastors teachers worship planners and others serving in specialized ministries offer their reflections on issues congregational leaders need to address as they design their worship ministry In addition numerous sidebars illustrate the diversity of practices in the church today Contributors do not propose easy answers or instant solutions Rather they guide readers as they craft ministries and practices that fit their own community heritage and history Each chapter includes questions for reflection and group discussion and an appendix provides guidelines for small group use The thread that connects these varied contributions is the belief that there is no greater privilege for Christians than worshipping God and there is no better way to do that than as an intergenerational community in which all are important and all encourage and nurture the faith of the others **The Pastor's Book** R. **The Living Church**, 1953 **The Oxford Handbook of Ritual and Worship in the Hebrew Bible** Samuel E. Balentine, 2020 The conceit in the title of this volume is that ritual however expansively it may be defined is ineluctably tethered to religion and worship It has a primal connection to the idea that a transcendent order numinous and mysterious supranatural and elusive divine and wholly other gives meaning and purpose to life The construction of rites and rituals enables humans to conceive and apprehend this transcendent order to symbolize it and interact with it to postulate its truths in the face of contradicting realities and to repair them when they have been breached or diminished The focus of this Handbook is on ritual and worship from the perspective of biblical studies particularly on the Hebrew Bible and its ancient Near Eastern antecedents Within this context attention will be given to the development of ideas in Jewish Christian and Muslim thinking but only insofar as they connect with or extend the trajectory of biblical precedents The volume reflects a wide range of analytical approaches to ancient texts inscriptions iconography and ritual artifacts It examines the social history and cultural knowledge encoded in rituals and explores the way rituals shape and are

shaped by politics economics ethical imperatives and religion itself Toward this end the volume is organized into six major sections Historical Contexts Interpretive Approaches Ritual Elements participants places times objects practices Underlying Cultural and Theological Perspectives History of Interpretation Social Cultural Functions and Theology and Theological Heritage
