First To Arrive State And Local Response To Terrorism:

First to Arrive Juliette N. Kayyem, Robyn L. Pangi, 2003 State and local perspectives on terrorism preparedness from workers in the field Homeland Security James J. F. Forest, 2006-06-30 America is a target the homeland is under threat While Americans have been targets of terrorist attacks for quite some time September 11 2001 awoke the nation to the reality that we are vulnerable in our homes our places of work and worship and our means of public transportation And yet we must continue to function as best we can as the world's most vibrant economic and political community The current threat environment requires greater engagement with the public as the necessary eyes and ears of the nation's homeland security infrastructure However to be effective the public must be equipped with the knowledge of where and why specific locations and activities may be a terrorist target what is being done to protect those targets and how they can help This three volume set answers that need The chapters of each volume of Homeland Security revolve around a core of central questions Are we safer today than we were pre 9 11 What steps have been taken in all these areas to protect ourselves What are the threats we face and what new threats have developed since 9 11 Are we staying one step ahead of those who wish to do us harm In 2002 more than 400 million people 122 million cars 11 million trucks 2.4 million freight cars and 8 million containers entered the United States Nearly 60 000 vessels entered the United States at its 301 ports of entry Clearly the amount of activity this represents will require a long term commitment to innovation organizational learning and public vigilance to complement an already overstretched network of government agencies and security professionals **Counterterrorism**

Offensives for the Ghost War World Richard J. Chasdi, 2010-07-06 In Counterterrorism Offensives for the Ghost War World The Rudiments of Counterterrorism Policy Richard J Chasdi has written a groundbreaking quantitative analysis that provides new insight into which types of counterterrorism practices work best and which types perform poorly in particular operational environments and circumstances For Chasdi effectiveness is defined as the capacity of counterterrorism practices to work with stealth namely without eliciting high amounts of related follow up terrorist assaults He moves beyond individual country analyses to tackle an analysis of counterterrorism practice effectiveness based on the type of political system of the country carrying out counterterrorism offensives and the power level of that country within the international political system Chasdi furthermore provides essential qualitative descriptions of national security institutions stakeholders and processes to frame his quantitative results in ways that tie those findings to historical and contemporary political developments **Global**
