Mexico is Missing and Other Stories J. David Stevens, 2006 What's America to do when one day Mexico suddenly disappears That question asked by the title story in *Mexico is Missing* sets the tone for a collection whose individual stories have been described as provocative intensely relevant and wickedly macabre Thematically and formally diverse these pieces are unified by their devotion to the offbeat even insane moments of contemporary life A widow hears a voice from her computer that claims to be God An unnamed narrator develops an unhealthy fascination with his mailman Several characters from a joke come to life and wonder what to do with themselves A poet married to a porn star considers the real meaning of love The subjects of this volume range widely From Snoopy to Southern Baptists from witch trials to infomercials from the President's golf game to well the President's penis anything is fair game in a collection that blends satire with a sincere desire to find meaning in the jumbled world that we daily inhabit A literary critic and author Stevens also demonstrates his formal range by juxtaposing traditional linear stories against micro fictions and longer fractured narratives The result is a book that traverses the literary map with impressive dexterity Individually the stories in *Mexico is Missing* will provide various pleasures for every reader But taken together they represent a more profound effort to blend those diametric impulses formal cultural and sociopolitical which so often define contemporary experience This collection of 23 short stories by J David Stevens is clever sardonic and humorous While you're laughing Stevens also gives you plenty of things to think about spirituality the negligence of the mass media American politics and relationships Book jacket *The Cook's Wedding and Other Stories* Anton Chekhov, 2018-09-20 Reproduction of the original *The Cook's Wedding and Other Stories* by Anton Chekhov **By Rock and Pool on an Austral Shore, and Other Stories** Louis

The Trojan Horse and Other Stories Julia Kindt,2024-01-11 What makes us human What if anything sets us apart from all other creatures Ever since Charles Darwin s theory of evolution the answer to these questions has pointed to our own intrinsic animal nature Yet the idea that in one way or another our humanity is entangled with the non human has a much longer and more venerable history In the West it goes all the way back to classical antiquity This grippingly written and provocative book boldly reveals how the ancient world mobilised concepts of the animal and animality to conceive of the human in a variety of illuminating ways Through ten stories about marvelous mythical beings from the Trojan Horse to the Cyclops and from Androcles lion to the Minotaur Julia Kindt unlocks fresh ways of thinking about humanity that extend from antiquity to the present and that ultimately challenge our understanding of who we really are **The Goths & Other**
