Fish In The Water A Memoir:

A Fish in the Water Mario Vargas Llosa, 2011-07-05 In this literary memoir the Nobel Prize winning author and Peruvian politician shares a convincing self portrait an often funny and cautionary tale Time In 1990 Mario Vargas Llosa decided to run for the presidency of his native Peru He campaigned on a platform of economic reform and stringent counterterrorism against the far left gorilla group Sendero Luminoso His failed campaign against Alberto Fujimori generated international headlines transforming the renowned author into a politician of world stature A Fish in the Water is Vargas Llosa s personal account of his life as seen through the lens of his time as a candidate He evokes the experiences that gave rise to his fiction while in parallel he describes the social literary and political influences that led him to enter the political arena as a crusader for democracy and a free market economy
