## **Fish Wish:**

*Fish Wish* Bob Barner, 2001 A young boy's dream sends him on an underwater journey through a coral reef Includes factual information on coral reefs and the animals that live in them      **Contemplations** John O'Loughlin, 2022-03-19 There are three books of abstract poems in this unusual project which might better be described as word art and they are of a character that defies intellectual intelligibility and invites a certain contemplative frame of mind more conducive to spirituality and hence to self transcendence meaning in this instance the transcendence of that fulcrum of intellect the ego In that sense these poems are profoundly anti literary and correspondingly closer to the true spirit of art      **Contemplative Abstracts** John O'Loughlin, 2022-03-10 CONTEMPLATIVE ABSTRACTS is the logical sequel to Abstracts 1983 which being readerly or capable of being read was non contemplative and therefore a precondition of abstract poems that require only to be contemplated since effectively a species of word art The five books in this project represent different stages in John O Loughlin's development of a non readerly or contemplative style of poetic composition and have also been published separately under the headings Contemplations 1985 Supercontemplations 1993 and Ultracontemplations 1994 the first of these being in three books and therefore containing the greater percentage of the material now available in one volume as the collected contemplative abstract poems      **Brave** Jacie Richman, 2016-10-13 This book consists of all of the poems that I have written throughout my life from elementary school all the way up to college Most of these poems are based off of real experiences that I have gone through It has been difficult for me to share my poetry with others But I believe that there are always moments in life where you can choose to be afraid or you can choose to be brave      *The Seventh Wish* Kate Messner, 2017-06-13 When Charlie Brennan goes ice fishing on her town's frozen lake she's hoping the fish she reels in will help pay for her dream a fancy Irish dancing dress for her upcoming competition But when Charlie's first catch of the day happens to be a talking fish offering her a wish in exchange for its freedom her world quickly turns upside down as her wishes go terribly and hilariously wrong Just as Charlie is finally getting the hang of communicating with a magical wishing fish a family crisis with her older sister brings reality into sharp focus Charlie quickly learns that the real world doesn't always keep fairy tale promises and life's toughest challenges can't be fixed by a simple wish Acclaimed author Kate Messner expertly weaves fantasy into the ordinary in an important story of self reliance and hope that will open readers eyes to the wonders and challenges of their world      Phonics Through Poetry Babs Bell Hajdusiewicz, 1998-09 Carefully prepared lessons use the rhythm and rhyme of poetry to teach phonics This book's 115 read aloud poems some from well known children's authors like Norma Farber Maurice Sendak John Ciardi and Jack Prelutsky others written specially for this book immerse children in particular language sounds again and again in word after word within an exciting context Each poem comes with teaching apparatus comprising word lists using the targeted sound a focusing talk to cement and extend students connection to the poem and an idea for a hands on activity Photocopy masters supply letter cards for sounds the book targets
