Burgess,2020-08-21T00:14:14Z Thornton W Burgess was an American naturalist and the author of dozens of books for children the most enduring of which are Old Mother West Wind and The Burgess Bird Book for Children Burgess was a passionate twentieth century conservationist who dedicated his life to teaching children and their families about the importance of the natural life of the northern North American forest The Green Meadow Stories compilation is made up of four distinct but entwined tales those of Happy Jack Squirrel Mrs Peter Rabbit Bowser the Hound and Old Granny Fox Through the adventures of these focal characters readers are introduced to the wider territory of the Green Meadows the Green Forest and the Smiling Pond as well as to the animals Great World The animals of Burgess s stories are anthropomorphized undoubtedly but not caricatured these are not the twee creatures of Disney cartoons Their behaviour is explained in ways that would be understandable to a human child this is fiction after all but Burgess s little people of the forest are not simply humans dressed in fur and feathers The original illustrations in Burgess s books by Harrison Cady not reproduced in this edition show the animals wearing clothes but Burgess s own descriptions of animals are more natural and metaphorical and less fantastic For example he describes Chatterer the Red Squirrel who always wears a red coat with vest of white a compact way of communicating the look of a squirrel that many of today s children will never have seen with their own eyes Less pleasantly it is Peter Rabbit s fur and flesh that is rent when Hooty the Owl tears Peter s coat one night on the Old Pasture Burgess has tremendous respect for the creatures he depicts as well as for their natural home While the presentation of the Green Meadow is hardly Nature red in tooth and claw it is surprisingly unsentimental Peter Rabbit for example lives a highly anxious life under threat from the many predators who would enjoy

having him for dinner similarly Happy Jack Squirrel experiences days and nights of terror when Shadow the Weasel discovers Happy Jack's home and hunts him relentlessly During a long hard winter Granny Fox and Reddy Fox come close to starving and Old Man Coyote leads Bowser the Hound on a dangerous chase that may result in one or the other dying Despite other fanciful sentimental elements of storytelling Burgess does not sugarcoat prey predator relationships or the precarity of wild animals lives Burgess is a clear conservationist in his representations of hunting The animals are highly aware of hunters and their dreadful guns It is a notable moment in this collection when Farmer Brown's Boy decides he will no longer use his gun to harm the little people of the Green Meadow and the Green Forest The stories are also notable in their detailed representation of a largely intact forest something few children in the twenty first century will experience On the other hand these are books for children and they contain plenty of sweetness and light Animal pairings such as when Peter Rabbit meets the dainty Little Miss Fuzzytail the future Mrs Rabbit are vague but sentimental and soon lead to proud new families of Rabbits Ducks Deer and Owls The little people celebrate the arrival of each spring's babies mark each other's new relationships and homes play together and even help each other survive They laugh tease and trick each other a fanciful interpretation of animal behaviour that could lead to a reader's life long fascination with and respect for forest creatures and for generations of readers they did just that The stories are also more didactic than most twenty first century authors would dare to be There are morals associated with most stories often attributed to the animal about whom the story is being told Through this practical teaching Burgess suggests a correspondence between how animals and humans live but he consistently clarifies that animal intelligence is different from but certainly no less than human intelligence Unlike the bouncy rhyming verses of many of today's children's books Burgess's sentences have a somewhat old fashioned cadence creating the distinct and appealing music of traditional storytelling Burgess's episodic chapters are eminently readable and particularly come to life when they are voiced by animated reading aloud For older readers looking for something different to share with children or for new readers beginning to tackle chapter books the tales of the Green Meadow Stories collection are a delightful place to discover Burgess and his animal friends This book is part of the Standard Ebooks project which produces free public domain ebooks
