Fatal Terrain:

Fatal Terrain Dale Brown, 2024-07-16 The People's Republic of China has launched a terrifying attack against Taiwan. Cold Swift Deadly. The U.S. isn't willing to stand by and watch but when they come to Taiwan's aid they're dealt an unexpected blow from Chinese forces. It looks like the U.S. is going down. Until aerial strike warfare expert Patrick McLanahan and genius Jon Masters come into the picture. Together they have created a monster: the EB-52 Megafortress. A high-tech display of weaponry fully equipped with stealth cruise missiles. The most sophisticated bomber the world has ever seen. The unsinkable flying battleship. Now China is on its way to a nuclear high noon. And the Doomsday clock is ticking.

Sun Pin: Military Methods Ralph D. Sawyer, 2018-03-08 A description of the awesome army commanded by Sun Pin, a direct descendent of the legendary Sun Tzu. This translation comments on Sun Pin's life and times. It analyzes in detail Sun Pin's tactics in battles and compares his strategic thinking with that of Sun Tzu. The Complete Art of War Tzu Sun, Pin Sun, 2007-03-16 Sun Tzu's Art of War is the most famous and the most thought-provoking work of strategy ever written. The profound insights of this book have endured for over two thousand years and they continue to reward careful study. The Military Methods of Sun Pin, the great grandson of Sun Tzu, is a brilliant elaboration on his ancestor's work which has been lost for nearly two millennia. Presented here together for the first time are the greatest of the ancient Chinese classics of strategic thought. The Complete Art of War. The Sun family writings on strategy represent a unique contribution to our understanding of human affairs. By unveiling the complex, often unexpected interrelationships of armies locked in battle, their wisdom reveals the enduring principles of success in the struggle of life itself. With a unique index to the essential principles of strategy and Sawyer's thoughtful chapter-by-chapter commentaries, The Complete Art of War is designed to guide the reader to new insights into the nature of human conflict and a greater understanding of every field of human activity, from playing the game of politics to building a successful marriage, from closing a deal to managing a large organization and even from making war to making peace.

The Seven Military Classics Of Ancient China Ralph D. Sawyer, 2020-04-07 The Seven Military Classics is one of the most profound studies of warfare ever written, a stanchion in sinological and military history. It presents an Eastern tradition of strategic thought that emphasizes outwitting one's opponent through speed, stealth, flexibility, and a minimum of force, an approach very different from that stressed in the West. Safeguarded for centuries by the ruling elite of imperial China, even in modern times these writings have been known only to a handful of Western specialists. This volume contains seven separate essays written between 500 BCE and 700 CE that preserve the essential tenets of strategy distilled from the experience of the most brilliant warriors of ancient China. *Talent IQ* Emmett C. The Tao of Deception Ralph D. Sawyer, 2007-02-13 The history of China is a history of warfare Wars have caused dynasties to collapse fractured the thin facade of national unity and brought decades of alien occupation But throughout Chinese history its warfare has been guided by principles different from those that governed Europe Chinese strategists followed the concept first articulated by Sun tzu in The Art of War of qi ch i or unorthodox warfare The concept of qi involves creating tactical imbalances in order to achieve victory against even vastly superior forces Ralph D Sawyer translator of The Art of War and one of America's preeminent experts on Chinese military tactics here offers a comprehensive guide to the ancient practice of unorthodox warfare He describes among many other tactics how Chinese generals have used false rumors to exploit opposing generals distrust of their subordinates dressed thousands of women as soldiers to create the illusion of an elite attack force and sent word of a false surrender to lure enemy troops away from a vital escape route The Tao of Deception is the book that military tacticians and military historians will turn to as the definitive guide to a new yet ancient way of thinking about strategy

Fatal Terrain Dale Brown, 1998-04-01 China has launched an attack on Taiwan The U S isn't strong enough to help until Masters and McLanahan show up Together they have built the EB 52 Megafortress the unsinkable flying battleship But is it enough to turn the tides

Since the end of the Cold War and especially since September 11 few issues have been more hotly debated than the United States role in the world In this hard nosed but sophisticated examination Colin S Gray argues that America is the indispensable guardian of world order Gray s constructive critique of recent trends in national security is holistic rooting defense issues and prospective answers both in U S national security policy broadly defined and in the emerging international security environment Colin S Gray is professor of international politics and strategic studies at the University of Reading England and senior fellow at the National Institute for Public Policy in Fairfax Virginia He is the author of seventeen books including *Modern Strategy* and *Strategy for Chaos* *Revolutions in Military Affairs* and *The Evidence of History* *The Essence Of War* Ralph D. Sawyer, 2009-04-29 From antiquity the history of China has been marked by invading tribes warring states and popular uprisings This heritage of conflict produced a body of martial literature exploring the fundamental principles of warfare and their methods of employment Fully aware of the tragic consequences of battle the authors of these texts emphasized that bloodshed and war should be avoided whenever possible But they argued this is possible only when the principles of leadership and strategy have been mastered and the dynamics of conflict thoroughly analyzed Over the centuries these texts have been studied throughout Asia not only by generals on the battlefield but by leaders of all kinds concerned with the management of human conflict in all its forms *The Essence of War* presents eight of these classics written from 500 B C E to 700 C E including Sun tzu s *Art of War* and Sun Pin s *Military Methods* The book introduces the core principles of Chinese military science grouping selected passages and key quotations into five thematic sections encompassing forty one topical chapters *Fundamentals* *Tao of Warfare* *Tao of Command* *Tactical Essentials* and *Tactical Specifics* Translator Ralph D Sawyer provides here a concise introduction to Chinese military thought and influential materials not only of traditional import but also for contemporary study and enduring value in both business and military circles throughout the world The Art of Strategy Hwi-ch'ang Mun, Hwy-Chang Moon, 2018-08-09 A novel integration and extension of two global strategy classics Sun Tzu s military strategy and Michael Porter s business strategy The Flight of Pegasus Bruce Bibee, 2018-03-06 Robert the Risen begins at the Fall of Acre A D 1291 when Robert is pulled out of the rubble of the collapsed castle after three days hence his new surname Bektash al Fakhri a Mameluk general is his captor and Robert is recruited to Bektash s body guard detail for the next seventeen years Among the others in Bektash s retinue are a Buddhist monk whose acupuncture brought Robert back to life an itinerant Irish priest Sufi warriors and others Over the course of Robert s enslavement a dialogue among spiritual cousins Jewish Christian and Muslim is mediated by the Buddhist monk They exchange ideas meditation practices and generally challenge each other to attain Enlightenment Except of course when they aren t engaged in the numerous battles the Mameluks fight over these turbulent years When Bektash dies Robert is manumitted in the general s will and Robert heads home In Tunis he finds that the French king arrested all the Templars in

France on various charges and the pope let him get away with it When Robert's party gets to France Robert is imprisoned in the pope's estate There Robert confronts the pope eventually escapes and finally reunites with his cousin William the Fearless in London The story is historically accurate The speculative pieces are in the spiritual practices the Templars were alleged to have learned from the Sufis and the Gnostics The further speculation is about what happens psychologically to warrior monks hence the inclusion of a Buddhist monk from the Shaolin Monastery Since the author holds both a Master's degree in Transpersonal Psychology which explores the psychology of all religions and is an 8th degree black belt Master in Kung Fu San Soo he is uniquely qualified to engage in this speculation Military Thought of Asia Kaushik Roy, 2020-11-04 Military Thought of Asia challenges the assertion that the generation of rational secular ideas about the conduct of warfare is the preserve of the West by analysing the history of ideas of warfare in Asia from the ancient period to the present The volume takes a transcontinental and comparative approach to provide a broad overview of the evolution of military thought in Asia The military traditions and theories which have emerged in different parts of Eurasia throughout history are products of geopolitics and unique to the different regions The book considers the systematic and tight representation of ideas by famous figures including Kautlya and Sun Tzu At the same time it also highlights publications on military affairs by small men like mid ranking officers and scattered ideas regarding the origin nature and societal impact of organised violence present in miscellaneous sources like coins inscriptions paintings and fictional literature In so doing the book fills a historiographical gap in scholarship on military thought which marginalises Asia to the part of cameo and historicises the evolution of theory and the praxis of warfare The volume shows that the East has a long unbroken tradition of conceptualising war and its place in society from the Classical Era to the Information Age It is essential reading for those interested in the evolution of military thought throughout history particularly in Asia **The Mystery Readers' Advisory** John Charles, Joanna Morrison, Candace Clark, 2002 Three librarians from Scottsdale Arizona provide library staff with an introduction to the mystery genre and offer tips and techniques for providing advice to mystery readers in the library They include some of their own bibliographies but refer readers elsewhere for fuller ones They also include a brief history of the genre to pass on to readers new to it
