Fate Of Their Country Politicians Slavery Extension And The Coming Of The Civil War

John W. Quist, Michael J. Birkner

Fate Of Their Country Politicians Slavery Extension And The Coming Of The Civil War:

The Fate of Their Country Michael Fitzgibbon Holt, 2004 How partisan politics lead to the Civil War What brought about the Civil War Leading historian Michael F Holt convincingly offers a disturbingly contemporary answer partisan politics In this brilliant and succinct book Holt distills a lifetime of scholarship to demonstrate that secession and war did not arise from two irreconcilable economies any more than from moral objections to slavery Short sighted politicians were to blame Rarely looking beyond the next election the two dominant political parties used the emotionally charged and largely chimerical issue of slavery s extension westward to pursue reelection and settle political scores all the while inexorably dragging the nation towards disunion Despite the majority opinion held in both the North and South that slavery could never flourish in the areas that sparked the most contention from 1845 to 1861 the Mexican Cession Oregon and Kansas politicians in Washington especially members of Congress realized the partisan value of the issue and acted on short term political calculations with minimal regard for sectional comity War was the result Including select speeches by Lincoln and others **The Fate of Their Country** openly challenges us to rethink a seminal moment in America s history **James Buchanan and the Coming of the Civil War** John W. Quist, Michael J. Birkner, 2013-03-19 As James Buchanan took office in 1857 the United States found itself at a crossroads Dissolution of the Union had been averted and the Democratic Party maintained control of the federal government but the nation watched to see if Pennsylvania s first president could make good on his promise to calm sectional tensions Despite Buchanan s central role in a crucial hour in U S history few presidents have been more ignored by historians In assembling the essays for this volume Michael Birkner and John Quist have asked leading scholars to reconsider whether Buchanan s failures stemmed from his own mistakes or from circumstances that no president could have overcome Buchanan s dealings with Utah shed light on his handling of the secession crisis His approach to Dred Scott reinforces the image of a president whose doughface views were less a matter of hypocrisy than a thorough identification with southern interests Essays on the secession crisis provide fodder for debate about the strengths and limitations of presidential authority in an existential moment for the young nation Although the essays in this collection offer widely differing interpretations of Buchanan s presidency they all grapple honestly with the complexities of the issues faced by the man who sat in the White House prior to the towering figure of Lincoln and contribute to a deeper understanding of a turbulent and formative era

A Companion to the Antebellum Presidents, 1837 - 1861 Joel H. Silbey, 2014-01-06 A Companion to the Antebellum Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent

historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history **American Political History: A Very Short Introduction** Donald T. Critchlow, 2015-01-14 The Founding Fathers who drafted the United States Constitution in 1787 distrusted political parties popular democracy centralized government and a strong executive office Yet the country's national politics have historically included all those features In American Political History A Very Short Introduction Donald Critchlow takes on this contradiction between original theory and actual practice This brief accessible book explores the nature of the two party system key turning points in American political history representative presidential and congressional elections struggles to expand the electorate and critical social protest and third party movements The volume emphasizes the continuity of a liberal tradition challenged by partisan divide war and periodic economic turmoil American Political History A Very Short Introduction explores the emergence of a democratic political culture within a republican form of government showing the mobilization and extension of the mass electorate over the lifespan of the country In a nation characterized by great racial ethnic and religious diversity American democracy has proven extraordinarily durable Individual parties have risen and fallen but the dominance of the two party system persists Fierce debates over the meaning of the U S Constitution have created profound divisions within the parties and among voters but a belief in the importance of constitutional order persists among political leaders and voters Americans have been deeply divided about the extent of federal power slavery the meaning of citizenship immigration policy civil rights and a range of economic financial and social policies New immigrants racial minorities and women have joined the electorate and the debates But American political history with its deep social divisions bellicose rhetoric and antagonistic partisanship provides valuable lessons about the meaning and viability of democracy in the early 21st century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **At the Precipice** Shearer Davis Bowman, 2010 Bowman explores the different ways in which Americans North and South black and white understood their interests rights and honor during the secession period He examines the lives and thoughts of key figures and provides an especially vivid glimpse into what less famous men and women in both sections thought about themselves and the worlds in which they lived and how their thoughts informed their actions during this time Both sides glorified the Declaration of Independence and the Constitution of the United States yet they interpreted those sacred documents in markedly different ways and held very different notions of what constituted American values **West of Slavery** Kevin Waite, 2021-04-01 When American slaveholders looked west in the mid nineteenth century they saw an empire unfolding before them They pursued that vision through diplomacy migration and

armed conquest By the late 1850s slaveholders and their allies had transformed the southwestern quarter of the nation California New Mexico Arizona and parts of Utah into a political client of the plantation states Across this vast swath of the map white southerners defended the institution of African American chattel slavery as well as systems of Native American bondage This surprising history uncovers the Old South in unexpected places far beyond the region s cotton fields and sugar plantations Slaveholders western ambitions culminated in a coast to coast crisis of the Union By 1861 the rebellion in the South inspired a series of separatist movements in the Far West Even after the collapse of the Confederacy the threads connecting South and West held undermining the radical promise of Reconstruction Kevin Waite brings to light what contemporaries recognized but historians have described only in part The struggle over slavery played out on a transcontinental stage

Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieooui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories

Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

[Encyclopedia of U.S. Political](#)

History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877 VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs

World War I and the end of the progressive era VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered [Fanatical Schemes](#)

Patricia Roberts-Miller,2010-07-07 **Fanatical Schemes** is a study of proslavery rhetoric in the 1830s **The F Street Mess**

Alice Elizabeth Malavasic,2017-09-26 Pushing back against the idea that the Slave Power conspiracy was merely an ideological construction Alice Elizabeth Malavasic argues that some southern politicians in the 1850s did indeed hold an inordinate amount of power in the antebellum Congress and used it to foster the interests of slavery Malavasic focuses her argument on Senators David Rice Atchison of Missouri Andrew Pickens Butler of South Carolina and Robert M T Hunter and James Murray Mason of Virginia known by their contemporaries as the F Street Mess for the location of the house they shared Unlike the earlier and better known triumvirate of John C Calhoun Henry Clay and Daniel Webster the F Street Mess was a functioning oligarchy within the U S Senate whose power was based on shared ideology institutional seniority and personal friendship By centering on their most significant achievement forcing a rewrite of the Nebraska bill that repealed the restriction against slavery above the 36 30 parallel Malavasic demonstrates how the F Street Mess s mastery of the legislative process led to one of the most destructive pieces of legislation in United States history and helped pave the way to secession [The Oxford Handbook of American Political History](#) Paula Baker,Donald T. Critchlow,2020 This collection of

essays by twenty nine distinguished scholars provides readers with a complete overview of American politics and policy that can be found in any single volume These essays reveal that American politics historically is volatile not given easily to civility and polarizing at the same time they explore important political developments in addressing real issues confronting the nation and the world

Abolitionizing Missouri Kristen Layne Anderson,2016-04-18 Historians have long known that German immigrants provided much of the support for emancipation in southern Border States Kristen Layne Anderson s *Abolitionizing Missouri* however is the first analysis of the reasons behind that opposition as well as the first exploration of the impact that the Civil War and emancipation had on German immigrants ideas about race Anderson focuses on the relationships between German immigrants and African Americans in St Louis Missouri looking particularly at the ways in which German attitudes towards African Americans and the institution of slavery changed over time Anderson suggests that although some German Americans deserved their reputation for racial egalitarianism many others opposed slavery only when it served their own interests to do so When slavery did not seem to affect their lives they ignored it once it began to threaten the stability of the country or their ability to get land they opposed it After slavery ended most German immigrants accepted the American racial hierarchy enough to enjoy its benefits and had little interest in helping tear it down particularly when doing so angered their native born white neighbors Anderson s work counters prevailing interpretations in immigration and ethnic history where until recently scholars largely accepted that German immigrants were solidly antislavery Instead she uncovers a spectrum of Germans antislavery positions and explores the array of individual motives driving such diverse responses In the end Anderson demonstrates that Missouri Germans were more willing to undermine the racial hierarchy by questioning slavery than were most white Missourians although after emancipation many of them showed little interest in continuing to demolish the hierarchy that benefited them by fighting for black rights

Race, Organizations, and the Organizing Process Melissa E. Wooten,2019-05-20 This volume shifts the analytic attention of research on race as a people based theoretical or empirical category to organizations Chapters investigate how race shapes organizations and an organization s ability to get the cultural political and material resources it needs to survive i e the organizing process

Borderlands in World History, 1700-1914 P. Readman,C. Radding,C. Bryant,2014-05-20 Covering two hundred years this groundbreaking book brings together essays on borderlands by leading experts in the modern history of the Americas Europe Africa Asia and Australia to offer the first historical study of borderlands with a global reach

Encyclopedia of Media and Propaganda in Wartime America Martin J. Manning,Clarence R. Wyatt,2010-12-20 This fascinating compilation of reference entries documents the unique relationship between mass media propaganda and the U S military a relationship that began in the period before the American Revolution and continues to this day sometimes cooperative sometimes combative and always complex The *Encyclopedia of Media and Propaganda in Wartime America* brings together a group of distinguished scholars to explore how war has been reported and interpreted by the media in the United States and what

effects those reports and interpretations have had on the people at home and on the battlefield Covering press U S military relationships from the early North American colonial wars to the present wars in Iraq and Afghanistan this two volume encyclopedia focuses on the ways in which government and military leaders have used the media to support their actions and the ways in which the media has been used by other forces with different views and agendas The volumes highlight major events and important military political and cultural players offering fresh perspectives on all of America s conflicts Bringing these wars together in one source allows readers to see how media affected the conflicts individually but also understand how the use of the various forms of media print radio television film and electronic have developed and changed over the years

The Regime Question Amel Ahmed,2025-07-08 Ongoing struggles over core principles of democratic governance The regime question often boiled down to democracy or autocracy has been central to democratic politics from the start This has entailed not only fights over the extent of the franchise but also crucially ongoing struggles over core principles of democracy the rules of the game In this timely study Amel Ahmed examines the origins and development of the regime question in Western democracies and considers the implications for regime contention today She argues that battles over the regime question were so foundational and so enduring that they constitute a dimension of politics that polarized political opponents across the regime divide Ahmed investigates four historical cases in the study of democratic development the United Kingdom between the Reform Act of 1832 and World War II 1832 1939 Imperial and Weimar era Germany 1876 1933 the French Third Republic 1870 1939 and the United States before World War II 1789 1939 Focusing on legislative politics as an essential site of democratic governance and key to understanding long term democratic endurance she shows that when the regime question became salient it hindered the formation of viable legislative coalitions along the left right policy spectrum This failure opened the door to executive encroachment destabilizing the regime Ahmed shows that the resurgence of the regime question today is not as is often assumed a break with prior trajectories of political development but a new instantiation of battles fought in previous eras

When Democracy Breaks Archon Fung,David Moss,Odd Arne Westad,2024 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations Democracy is often described in two opposite ways as either wonderfully resilient or dangerously fragile Both characterizations can be correct depending on the context When Democracy Breaks aims to deepen our understanding of what separates democratic resilience from democratic fragility by focusing on the latter The volume s collaborators experts in the history and politics of the societies covered in their chapters explore eleven episodes of democratic breakdown from ancient Athens to Weimar Germany to present day Russia Turkey and Venezuela Strikingly in every case various forms of democratic erosion long preceded the final democratic breakdown Although no single causal factor emerges as decisive linking together all of the episodes some important commonalities including extreme political polarization explicitly anti

democratic political actors and significant political violence stand out across the cases. Moreover, the notion of democratic culture while admittedly difficult to define and even more difficult to measure may play a role in all of them. Throughout the volume, the contributors show again and again that the written rules of democracy are insufficient to protect against tyranny. While each case of democratic decay is unique, the patterns that emerge shed much light on the continuing struggle to sustain modern democracies and to assess and respond to the threats they face.

The Jacksonian and Antebellum Eras John R. Vile, 2016-11-14 Including documents from the legislative, executive, and judicial branches of government as well as sentiments expressed by opinion leaders of the day, this book provides concisely edited primary sources that cover the Jackson period from March 1829 through the inauguration of Abraham Lincoln. The presidency of Andrew Jackson is typically associated with the American expansionism that furthered our democracy but often at a high cost to Native American cultures. Could similar outcomes have been achieved differently? Historians debate whether the Civil War could have been avoided, why attempts to avert war failed, and which individuals had the greatest potential ability to divert the nation's path away from violent conflict. This book examines these historical questions regarding the unfolding of American history through an introduction to carefully edited primary documents relevant to the period from the inauguration of President Andrew Jackson through that of Abraham Lincoln. These documents include not only major state papers from the legislative, executive, and judicial branches but also primary sources that directly communicate the concerns of African Americans, women, and Native Americans of the period. Important themes include the rising controversy over slavery, American expansionism, and attempts to avert crises through compromise. High school and college students and patrons of public libraries seeking to better understand American history will profit from the introductions and annotations that accompany the primary documents in this book, invaluable resources that put the information into context and explain terms and language that have become outdated.

For the People Ronald P. Formisano, 2008-02-25 *For the People* offers a new interpretation of populist political movements from the Revolution to the eve of the Civil War and roots them in the disconnect between the theory of rule by the people and the reality of rule by elected representatives. Ron Formisano seeks to rescue populist movements from the distortions of contemporary opponents as well as the misunderstandings of later historians. From the Anti-Federalists to the Know-Nothings, Formisano traces the movements chronologically, contextualizing them and demonstrating the progression of ideas and movements. Although American populist movements have typically been categorized as either progressive or reactionary, left-leaning or right-leaning, Formisano argues that most populist movements exhibit liberal and illiberal tendencies simultaneously. Gendered notions of manhood are an enduring feature, yet women have been intimately involved in nearly every populist insurgency. By considering these movements together, Formisano identifies commonalities that belie the pattern of historical polarization and bring populist movements from the margins to the core of American history.

Toward Democracy James T. Kloppenberg, 2016-05-06 In this magnificent and encyclopedic overview, James T.

Kloppenbergh presents the history of democracy from the perspective of those who struggled to envision and achieve it. The story of democracy remains one without an ending, a dynamic of progress and regress that continues to our own day. In the classical age, democracy was seen as the failure rather than the ideal of good governance. Democracies were deemed chaotic and bloody, indicative of rule by the rabble rather than by enlightened minds. Beginning in the 16th and 17th centuries, however, first in Europe and then in England's North American colonies, the reputation of democracy began to rise, resulting in changes that were sometimes revolutionary and dramatic, sometimes gradual and incremental. Kloppenbergh offers a fresh look at how concepts and institutions of representative government developed and how understandings of self-rule changed over time on both sides of the Atlantic. Notions about what constituted true democracy preoccupied many of the most influential thinkers of the Western world, from Montaigne and Roger Williams to Milton and John Locke, from Rousseau and Jefferson to Wollstonecraft and Madison, and from de Tocqueville and J. S. Mill to Lincoln and Frederick Douglass. Over three centuries, explosive ideas and practices of democracy sparked revolutions, English, American, and French, that again and again culminated in civil wars, disastrous failures of democracy that impeded further progress. Comprehensive, provocative, and authoritative, *Toward Democracy* traces self-government through three pivotal centuries. The product of twenty years of research and reflection, this momentous work reveals how nations have repeatedly fallen short in their attempts to construct democratic societies based on the principles of autonomy, equality, deliberation, and reciprocity that they have claimed to prize. Underlying this exploration lies Kloppenbergh's compelling conviction that democracy was and remains an ethical ideal rather than merely a set of institutions, a goal toward which we continue to struggle.

Uncover the mysteries within Crafted by is enigmatic creation, **Fate Of Their Country Politicians Slavery Extension And The Coming Of The Civil War** .
