Father Failure Or Success:

The Father Factor Stephan B. Poulter, Ph.D, 2010-12 The father factor is the conscious understanding awareness and appreciation of the critical influence that your father had still has or could have in your career development and future potential Noting that the father son or father daughter relationship is one of the least understood relationships in adult life Dr Poulter helps you become acutely aware of the immeasurable impact negative or positive that your father has on your ability to relate to other people From this recognition you will also learn to move past the career roadblocks that frequently stem from the lingering effects of your father s influence Defining five main styles of fathering Dr Poulter devotes a chapter each to The Superachiever Father The Time Bomb Father The Passive Father The Absent Father whether physically or emotionally The Compassionate Mentor Father By becoming aware of how your father related to you particularly in a destructive relationship you ll understand how your career relationships in many ways mirror your degree of comfort with your father s emotional legacy In this way career roadblocks often based on interactions with people on the job will be more easily transformed into career building blocks that will lead to advancement and success

A Demigod's Saga Bhavesh Purohit, Deeksha Purohit, 2013-11-06 The story cannot be confined to a mere fictional category It crosses boundaries and mingles with most of the categories including fantasy suspense love story

romance philosophical humor intense family drama etc Though a fiction it covers the fantasy because of its superhero element it is a suspense because of the never ending twists and turns in the story its a love story between the protagonist and his lady love and its philosophical because whenever the superhero falls in the story he is forced to redeem his thinking and get himself motivated by listening to his elders wise thoughts There is a sting of dry humor in the dialogues and intense family drama because it involves relationship and their importance that we share in our everyday life The story revolves around a central theme of the real essence of life being Life is not about how many times we fail but how many times we rise above from our failures as the protagonist fails to deliver multiple times in the story but again raises himself above his failures forcing people to believe in him time and again
