Father The Son And The Holy Spirit The Triadic Phrase In Matthew 28 19b:

The Father, the Son, and the Holy Spirit Jane Schaberg,1982 **Ablution, Initiation, and Baptism** David Hellholm,Tor Vegge,Øyvind Norderval,Christer Hellholm,2011-07-27 In the web of cultural processes of late antiquity ablution rites and initiation rites were performed in different forms and in different contexts Such rites existed in Early Judaism and Greco Roman cults and were also applied in early Christianity under the label baptism however not as one fixed rite uniformly performed and interpreted Baptismal rites developed diversely corresponding to the diversity among Christian groups of which some later came to be perceived as heretical Remains of art architecture and texts from these contexts were discussed in two conferences gathering scholars who are excellent within their respective fields text studies studies of rites archaeology architecture history of art and cultural anthropology These different fields of research have in recent years generated new knowledge that is relevant for the discussion of ablution and initiation rites and their function in late antiquity At the same time interests of research have altered in favour of a growing cooperation across discipline borders The present volumes are the outcome of two conferences in Rome 2008 and at Metochi Lesbos 2009 Jesus in the Power of the Spirit C.S. Song,2002-05-06 The pioneer of contextual theology concludes his trilogy on the person and message of Jesus with a profound meditation on the significance of Jesus for a post Christian world **Ablution, Initiation, and Baptism: Methodological considerations** ,2011 The present volumes is the result of an international collaboration of researchers who are excellent within their respective fields interpretation of texts studies of rites archaeology architecture history of art and cultural anthropology They met for two conferences to discuss the significance of rites of ablution initiation and baptism and their interpretation in Late Antiquity Early Judaism and Early Christianity The volume establishes a new international standard of research within these fields of scholarship **Church and Community in Crisis** J. Andrew Overman,1996-05-01 Shows how Matthew s Gospel was shaped by and in response to local regional tensions within Jewish society and culture in the post 70 C E period in Palestine **Matthew** Craig A. Evans,2012-02-06 This book is a verse by verse analysis of the New Testament Gospel of Matthew It provides a comprehensive introduction to the Gospel which describes the world of Jesus and his first followers This commentary explores the historical social and religious contexts of Matthew and examines the customs beliefs and ideas that inform the text Unfamiliar to many readers of the New Testament this background will help readers fully understand the text of Matthew which focuses on what Jesus taught and why the religious authorities in Jerusalem rejected his message and gave him up to the Roman governor for execution This book will be an important tool for the clergy scholars and other interested readers of Matthew *The Father, the Son and the Holy Spirit* Jane Schaberg,1980 **The Matthean Parables** Ivor H. Jones,1995 A study of the figurative material in Matthew s gospel throws fresh light on the role of the Matthean parables and on the circumstances which led to the creation of Matthew s gospel **One Teacher** John Yueh-Han Yieh,2012-08-06 A literary critical analysis is embarked to show how Matthew

highlights the primacy authority and exclusivity of Jesus role as the Teacher of God s will and how he features five long discourses in the narrative Two cultural parallels the Teacher of Righteousness and Epictetus are studied for comparison The ways in which they are remembered in the literature and in which they shape the lives of their followers provide proper historical perspectives and useful frames of reference Finally a social historical reading of the three teachers and their followers in the light of pertinent sociological theories sociology of knowledge group formation indicates that Jesus the One Teacher serves four crucial functions for his readers in Matthew s church polemic apologetic didactic and pastoral

Matthew and His Christian Contemporaries David C. Sim, Boris Repschinski, 2008-01-01 A comprehensive comparison of the author of Matthew s Gospel with a selection of contemporary Christian authors and or texts **Heaven and Earth in the Gospel of Matthew** Jonathan T. Pennington, 2007 A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth Rather than being a reverential circumlocution for God heaven in Matthew is part of a highly developed discourse of heaven and earth language Matthew s idiolectic way of using heaven language consists of four aspects 1 a distinction in meaning between singular and plural forms of ouranos 2 frequent use of the heaven and earth word pair 3 regular reference to the Father in heaven and 4 the recurrent use of the Matthean expression kingdom of heaven This book examines the historical precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while looking forward to its eschatological resolution **John of History, Baptist of Faith** James F. McGrath, 2024-10-04 Studies of the historical Jesus typically reduce John the Baptist to a subordinate role in the story of Christian origins This meticulous historical study focuses on John himself revealing his extensive and enduring influence In the popular imagination John the Baptist plays the supporting role of Jesus s unkempt forerunner But meticulous historical study reveals his wide reaching and enduring influence on the history of religion The first study of its kind John of History Baptist of Faith sheds light on the historical John the Baptist and his world James F McGrath applies historical critical methodology not only to the New Testament but also to the Mandaeen Book of John a holy text of the last extant gnostic sect McGrath uses the teachings of John s pupil Jesus as a window into his mentor s beliefs Along the way he brings new clarity to questions of contention among scholars such as John s use of immersion as a substitute for temple sacrifice Bold in its claims yet careful in its method John of History Baptist of Faith lends fresh insight into John Jesus and their world McGrath s pioneering monograph will challenge and intrigue students and scholars of the New Testament and Second Temple Judaism **New Dictionary of Biblical Theology** T Desmond Alexander, Brian S Rosner, 2020-05-21 In recent years our knowledge of the individual parts of the Bible has increased greatly but our understanding of how they fit together has not kept pace In particular the relationship between the Old and New Testaments has been a neglected field of study The latest in IVP s developing family of New Dictionaries the New Dictionary of Biblical Theology is an essential tool for students preachers and ministers as well as for scholars and

others seeking a better grasp of the Bible's teaching. The aim of this prestigious dictionary is to integrate the various biblical books and themes into the overarching story of the Scriptures. The volume embodies three perspectives on biblical theology which are reflected in its structure. Spirituality of the Beatitudes Michael Crosby, 2005-01-01 **Mystery Manifest** Gail Ramshaw, 2025-02-04 Renowned liturgist and scholar Gail Ramshaw mines the treasures of the Bible, patristic sermons, theological treatises, mystical reveries, liturgical texts, hymns and poetry to craft a richly textured collection and framework for thinking about the language Christians use to address and describe the triune God. More than a compilation yet more practical than a purely theological treatise, *Mystery Manifest* is a volume that liturgists, ministers and theologians will return to again and again seeking wisdom and insight into the figures of speech humans have developed to express the ineffable. With astute analysis and an eye for the creativity of our language over time, Ramshaw grounds readers in the realm of metaphor as practice before presenting an example: the metaphor of God the Fire as a finely layered illustration. She then covers each of the Persons of the Trinity in turn before culminating with Trinitarian and extended metaphors for God. Readers will find in these pages a wealth of resources for liturgical study, homiletical preparation, worship preparation and theological reflection. Scholars and ministers alike will want to keep a copy readily available on their shelves. *The Gospel of John : 2 Volumes* Craig S. Keener, 2010-03-01 Keener's commentary explores the Jewish and Greco-Roman settings of John more deeply than previous works, paying special attention to social, historical and rhetorical features of the Gospel. It cites about 4 000 different secondary sources and uses over 20 000 references from ancient literature. The Cambridge Companion to the Trinity Peter C. Phan, 2011-06-30 How do Christians reconcile their belief in one God with the concept of three divine persons? This Companion provides an overview of how the Christian doctrine of the Trinity has been understood and articulated in the last two thousand years. The Trinitarian theologies of key theologians from the New Testament to the twentieth century are carefully examined and the doctrine of the Trinity is brought into dialogue with non-Christian religions as well as with other Christian beliefs. Authors from a range of denominational backgrounds explore the importance of Trinitarian thought, locating the Trinity within the wider context of systematic theology. Contemporary theology has seen a widespread revival of the doctrine of the Trinity and this book incorporates the most recent developments in the scholarship. *Jesus, Matthew's Gospel and Early Christianity* Daniel M. Gurtner, Joel Willitts, Richard A. Burridge, 2011-10-27 The passing of Professor Graham Stanton, former Lady Margaret chair of divinity at Cambridge University in 2009, marked the passing of an era in Matthean scholarship and studies of early Christianity. Stanton's 15 books and dozens of articles span thirty-four years and centre largely on questions pertaining to the Gospel of Matthew and early Christianity. The present volume pays tribute to Stanton by engaging with the principal areas of his research and contributions: the Gospel of Matthew and Early Christianity. Contributors to the volume each engage a research question which intersects the contribution of Stanton in his various spheres of scholarly influence and enquiry. The distinguished contributors include Richard Burridge.

David Catchpole James D G Dunn Craig A Evans Don Hagner Peter Head Anders Runesson and Christopher Tuckett **The Gospel of Matthew** R. T. France, 2007-07-11 It is a special pleasure to introduce R T Dick France's commentary to the pastoral and scholarly community who should find it a truly exceptional and helpful volume So says Gordon Fee in his preface to this work France's masterful commentary on Matthew focuses on exegesis of Matthew's text as it stands rather than on the prehistory of the material or details of Synoptic comparison It is concerned throughout with what Matthew himself meant to convey about Jesus and how he set about doing so within the cultural and historical context of first century Palestine Amid the wide array of Matthew commentaries available today France's world class stature his clear focus on Matthew and Jesus his careful methodology and his user friendly style promise to make this volume an enduring standard for years to come

Matthew within Sectarian Judaism John Kampen, 2019-06-25 A renowned scholar of the Dead Sea Scrolls argues for reading the Gospel of Matthew as the product of a Jewish sect In this masterful study of what has long been considered the most Jewish gospel John Kampen deftly argues that the gospel of Matthew advocates for a distinctive Jewish sectarianism rooted in the Jesus movement He maintains that the writer of Matthew produced the work within an early Jewish sect and its narrative contains a biography of Jesus which can be used as a model for the development of a sectarian Judaism in Lower Syria perhaps Galilee toward the conclusion of the first century CE Rather than viewing the gospel of Matthew as a Jewish Christian hybrid Kampen considers it a Jewish composition that originated among the later followers of Jesus a generation or so after the disciples This method of viewing the work allows readers to understand what it might have meant for members of a Jesus movement to promote their understanding of Jewish history and law that would sustain Jewish life at the end of the first century
