Fatherjournal Five Years Of Awakening To Fatherhood:

The New Father: A Dad's Guide to the First Year (Fourth Edition) (The New Father) Armin A. Brott, 2024-05-21 The best selling guide to the first year of fatherhood trusted by hundreds of thousands of new dads and their partners This indispensable handbook from the author of the million selling *Expectant Father* provides a reassuring month by month overview of your baby's first year It covers the milestones in your child's development ways you can bond with your child and support your partner and what's going on with you as a new dad The fourth edition of *The New Father* features a user friendly new design and is updated from cover to cover with the latest information about healthcare financial planning parental leave and work life balance and much more It incorporates the expertise of leading pediatricians and researchers and the real life experiences of hundreds of dads and moms Illustrated with stress relieving cartoons *The New Father* is a friendly readable and inclusive companion for all new dads Moms will love it too [Men's Changing Roles in the Family](#) Robert A Lewis, Marvin B Sussman, 2014-05-01 How are men reacting to perceiving and behaving in light of the changes in gender roles Here is an important volume that provides new and interesting reading about contemporary husbands and fathers *Men's Changing Roles in the Family* offers an overview of the causes and consequences of changes in men's family roles in recent decades Experts introduce you to the issues problems and methods on the cutting edge of those disciplines that study men in the context of their families Until now relatively little has been known empirically about men in contemporary families and even less has been known about husbands and fathers from direct reports of the men themselves This groundbreaking volume successfully closes this gap in the literature with an examination of the effects that fathers growing involvement with their children have on their wives and themselves a clinical assessment of some men's angry reactions to separation and divorce and those special therapeutic goals and strategies that may help reduce their distress examinations of the conflicting demands of the work world and the family upon some contemporary husbands and fathers and the negative effects of nonstandard work schedules upon men's family life and an examination of factors that make many men unhappy in patriarchal family structures *Men's Changing Roles in the Family* also contributes toward breaking new ground by examining family roles now performed by special groups of men Finally this important volume reports empirical findings about men in family like relationships illustrating evidence for the unique roles that male caregivers can offer children in day care centers and reviewing current empirical studies of men's friendships and their development [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1979 **[Unmasking Masculinity \(Routledge Revivals\)](#)** David Jackson, 2015-08-11 In this detailed investigation of masculine gendered identity first published in 1990 David Jackson uses his own personal history to look at the specific ways in which men become masculine In doing so he examines but also offers some positive challenges to the assumed qualities and values of growing up manly Jackson looks closely at the psychological and social forces active in his own development relations with his father violence at school male

banter and joking sporting activities boys comics and sexual relations The title is a deliberate blend between life story and critical commentary that makes use of some areas of post structuralist theory to make visible the social and emotional processes that contribute to one man s life history With an innovative theoretical approach this reissue will be of particular value to those interested in the social psychological and cultural forces that have gone into the historical shaping of men and masculinities

Forbidden Narratives Kathryn Church,2014-01-02 Forbidden Narratives Critical Autobiography as Social Science explores overlapping layers of voices and stories that convey the social relations of psychiatric survivor participation within a community mental health service system It is written from the perspective of a woman who in the course of working with the survivor movement had a physical and emotional breakdown Ironically the author found herself personally confronted with issues she typically dealt with only from a distance as a mental health professional a researcher and an activist The author of this volume writes herself into her work as a major character Narratives such as this have traditionally been forbidden as outside proper professional standards Now they are claiming and receiving attention Forbidden Narratives has the power to speak to a broad audience not only of mental health professionals but also policy makers sociologists and feminists It is about the breaking up of professional discourse It demonstrates and signals profound changes in the social sciences

Transitions to Parenthood Robin J Palkovitz,Marvin B Sussman,2014-01-09 In this unusual but exciting look at a complex topic family scholars offer a vast array of insights into the multiple consequences concerns and characteristics of parenthood The transition to parenthood the most critical step in individual and family life cycles is thoroughly examined from a social psychological perspective Cultural and ethnic factors are considered as major influences in the transition to parenthood as are changing patterns in the work force the consequences of the gender revolution and altered patterns of marriage and divorce all of which have shattered the traditional ways of parenting Family theorists practitioners and parents are strongly encouraged to further research and discuss the necessary elements and available options involved in facing the changes brought on by parenthood

Family Man Scott Coltrane,1996-03-28 The typical American family has changed dramatically since the days of Ozzie and Harriet and Father Knows Best Double income families are now the rule and fathers are much more involved in raising the children and cleaning house Reactions to these changes have been diverse ranging from grave misgivings to a sense of liberation and new possibility Groups as diverse as Promise Keepers the Million Man March and Robert Bly s mythopoetic men s movement tell us that fathers are important From the fundamentalist right to the feminist left opinions about the changing nature of the family and the consequent rethinking of gender roles have been vehement if not always very well founded In Family Man sociologist Scott Coltrane brings a wealth of compelling evidence to this debate over the American family Drawing on his own extensive research and many fascinating interviews Coltrane explodes many of the common myths about shared parenting provides first hand accounts of men s and women s feelings in two job families and reveals some innovative solutions that couples have developed to balance job and family commitments

Readers will find an insightful discussion of precisely how and why family life has changed what forms it may take in the future and what new kinds of fathers may be on the horizon The author firmly places these questions within a broad contextual framework He provides for instance an illuminating history of the family that shows that far from being a fixed structure the family has always adapted to changing economic social and ideological pressures And by examining how families operate in a variety of non industrial societies he demonstrates that our own notions of gender specific work and parenting roles are culturally rather than biologically determined and thus inherently flexible And indeed these roles are changing While contemporary American women still perform the bulk of domestic tasks Family Man gives us decisive evidence that men are becoming increasingly involved in both housework and childrearing Coltrane argues convincingly that this trend will continue Given the current economic situation with two job households now the norm and the gradual ideological shift away from restrictive gender roles more and more couples will find it both necessary and desirable to share the workload More important Coltrane suggests that as fathers participate more fully in raising their children and performing traditionally female household tasks men will themselves be transformed by the experience in profoundly positive ways and American society as a whole will move closer to true gender equity Family Man succeeds brilliantly in bringing clarity perspective and above all hope to a discussion that is too often shrill chaotic and beset with the rhetoric of nostalgia It shows us not only exactly where the family is today but where it has been and what it may become

The Transition to Parenthood Gerald Y. Michaels, Wendy A. Goldberg, 1988-10-13 This 1988 book brings together leading scholars from a range of disciplines concerned with the study of the transition to parenthood The text discusses the reasons why some new parents experience an enhanced sense of self and a deepening of important relationships whereas others experience crisis and conflict

Fatherhood U.S.A. Debra G. Klinman, Rhiana Kohl, 1984 Fathers Programs services and resources for and about fathers are collected and organized in this first National Guide Emergency interests in various aspects of fatherhood are described Five main chapters explore fathers and family health care education for males in nurturing social and supportive services for fathers fathers and family law and fathers and the world of work Each chapter is solution oriented and reflects the diversity and variety in American life The information presented is obtained from the Fatherhood Project a 2 year nationwide research effort The projects goal is to encourage male involvement in child rearing by developing options and sharing information A 6th chapter offers bibliographies resources for families and fathers Two appendices three indices and a reader feedback card are included kbc

Fatherjournal David Steinberg, 1977

Men of the World Jeff Hearn, 2015-07-14 Men of the World will be seized upon by academics and activists facing up to the persistence proliferation and transnationalization of patriarchies Cynthia Cockburn City University London and University of Warwick This is an important thought provoking and incredibly timely book from one of the leading scholars in the field of men and masculinities I cannot praise this wonderful book highly enough Richard Collier Newcastle University In this lively and engaging new book

Hearn looks back over nearly 40 years in feminist framed studies of men and masculinities and also forward to the futuristic scenarios through which gender power is currently evolving in transpatriarchal contexts Terrell Carver University of Bristol

What have men and globalization got to do with each other How are men shaping and being shaped by globalization How is globalization gendered Why do many books on globalization fail to discuss gender relations And why do many of those that do omit an explicit and developed analysis of men and gender relations Men of the World brings together autobiographical reflections and memories on changing personal locations contemporary empirical studies on major power processes and up to date theoretical development It considers the implications of debates on globalization for analyzing men and the implications of debates on men and masculinities for globalization transnational change and transnational patriarchies as part of engagement and critique focused on the global North Specific chapters address diverse transnational issues transnational bodies and emotions in violence violation and militarism transnational organizing across states big business global finance and activism transnational movements in the environment migration and information and communication technologies and sexualities and finally challenges to the gender category of men An essential read for students and researchers of gender sexuality masculinity intersectionality and globalization across the social sciences Jeff Hearn is Guest Faculty Research Professor Gender Studies rebro University Sweden Professor of Management and Organization Hanken School of Economics Finland Professor of Sociology University of Huddersfield UK *The Father* Arthur D. Colman, Libby Colman, Libby Lee Colman, 1993 First-time Fatherhood Jeanette Dontzow Hines, 1987 *Paperbound Books in Print*, 1992 Whitaker's Cumulative Book List, 1978 **British Paperbacks in Print**, 1985 **Bookseller and the Stationery Trades' Journal**, 1978 **Men's Studies** Eugene R. August, 1985 Books included in this bibliography focus on males and exhibit some of the following criteria awareness of male gender role awareness of other works in men's and women's studies transcends stereotypes contribute insight into the universal experience of being male explore issues of important to males such as men's rights or vasectomy *Studying Men and Masculinity* David Ford, Jeff Hearn, 1988 Subject Guide to Books in Print, 1983
