## **Fault Lines Of Empire:**

*The Fault Lines of Empire* Elizabeth Mancke, 2005 Elizabeth Mancke presents a comparative history arguing that differences in the political cultures of Canada and the United States have their origins in changes in the governance of the British Empire in the late seventeenth and early eighteenth centuries

**An Unproclaimed Empire: The Grand Duchy of Lithuania** Zenonas Norkus, 2017-07-28 An Unproclaimed Empire The Grand Duchy of Lithuania is an interdisciplinary study of the Grand Duchy of Lithuania GDL that is historical in subject but social scientific in approach It is also the first study to apply this comparative and social scientific method to the GDL In this book Zenonas Norkus draws on national historiographies and applies theories from comparative empire studies involving historians sociologists political scientists anthropologists and scholars in the theory of international relations allowing it to transcend differences in national viewpoints It also provides answers to contested issues in the history of the GDL and raises a number of new questions including whether the Grand Duchy was an empire or a federation and why and when it failed By adopting this imperial approach of considering the GDL as an empire this book brings something new to the research surrounding the Grand Duchy and is ideal for academics and postgraduates of early modern Lithuania early modern Eastern Europe historical sociology and the history of empires

*Western Empires, Christianity and the Inequalities between the West and the Rest* Samiie Terreblanche, 2014-09-30 The acute problem of inequality in the world was brought centre stage by the sensational appearance of French economist Thomas Piketty s bestselling book *Capital in the Twenty first Century* In *Western Empires Christianity and the Inequalities between the West and the Rest* 1500 2010 Samiie Terreblanche studies the matter from a political economic perspective and brings five centuries of global history to bear in his focus on global as opposed to internal national inequalities The unprecedented accumulation of wealth in the Western world has come at a dire cost to the Restern world a term the author coins and empire building is at the root of it The last 500 years have seen successive epochs of empire followed by war and systemic chaos During this time the haves of world history have systematically channeled global resources towards the West through cunning and conquest a process in which Christian missionary societies played a key role as the soft avant garde followed by the hardware The book deals with several concepts of empire and the forces through which empires have been rolled out through history arms money ideology religion What fed into the Eurocentrism and notion of superiority which paved the way for a lamentable history of slavery exploitation and the unremitting accumulation of wealth and power The book shows how clearly dangerous a world we live in with the scales as precipitously tipped as they are Ten years in the writing and in many ways the apex of this decorated author s life work *Western Empires* is a book for everyone who wishes to understand or address the extreme concentration of wealth in the hands of the global few and the hopeless poverty of the many

**Homelands and Empires** Jeffers Lennox, 2017-05-08 The period from 1690 to 1763 was a time of intense territorial competition during which Indigenous peoples remained a dominant force British Nova Scotia and

French Acadia were imaginary places that administrators hoped to graft over the ancestral homelands of the Mi kmaq Wulstukwiuk Passamaquoddy and Abenaki peoples Homelands and Empires is the inaugural volume in the University of Toronto Press s Studies in Atlantic Canada History In this deeply researched and engagingly argued work Jeffers Lennox reconfigures our general understanding of how Indigenous peoples imperial forces and settlers competed for space in northeastern North America before the British conquest in 1763 Lennox s judicious investigation of official correspondence treaties newspapers and magazines diaries and maps reveals a locally developed system of accommodation that promoted peaceful interactions but enabled violent reprisals when agreements were broken This outstanding contribution to scholarship on early North America questions the nature and practice of imperial expansion in the face of Indigenous territorial strength

**Muslim Cosmopolitanism in the Age of Empire** Seema Alavi,2015-04-06 Seema Alavi challenges the idea that all pan Islamic configurations are anti Western or pro Caliphate A pan Islamic intellectual network at the cusp of the British and Ottoman empires became the basis of a global Muslim sensibility a political and cultural affiliation that competes with ideas of nationhood today as it did in the last century

**Beyond the World of Titans, and the Remaking of World Order** Peter Baofu,2009-03-26 Contrary to the conventional wisdom held by many not only the dominance of the U S in the post Cold War era is much exaggerated but also its days as a hyper power are ending Instead the world is slowly but steadily evolving towards what Dr Baofu originally calls the dawn of the post post Cold War era in the world of titans for a tremendous remaking of world order to be governed by different types of empires crossing regional borders This has important implications for understanding the logic of empire building be it in the past present or future to the extent that the current theoretical debate on international relations among different paradigms is as much misleading as obsolete The current debate also obscures something more tremendous in the long run in relation to the emergence of what Dr Baofu proposes as the union of the unions in the farther future that humans have never known both here on earth and later in deep space

**The Far Reaches of Empire** John Grenier,2008 The Far Reaches of Empire chronicles the half century of Anglo American efforts to establish dominion in Nova Scotia an important French foothold in the New World John Grenier examines the conflict of cultures and peoples in the colonial Northeast through the lens of military history as he tells how Britons and Yankees waged a tremendously efficient counterinsurgency that ultimately crushed every remnant of Acadian Indian and French resistance in Nova Scotia The author demonstrates the importance of warfare in the Anglo French competition for North America showing especially how Anglo Americans used brutal but effective measures to wrest control of Nova Scotia from French and Indian enemies who were no less ruthless He explores the influence of Abenakis Maliseets and Mi kmaq in shaping the region s history revealing them to be more than the supposed pawns of outsiders and he describes the machinations of French officials military officers and Catholic priests in stirring up resistance Arguing that the Acadians were not merely helpless victims of ethnic cleansing Grenier shows that individual actions and larger forces of history

influenced the decision to remove them The Far Reaches of Empire illuminates the primacy of war in establishing British supremacy in northeastern North America *Refugees and the End of Empire* P. Panayi,P. Virdee,2011-05-17 An examination of the relationship between imperial collapse the emergence of successor nationalism the exclusion of ethnic groups and the refugee experience Written by both established authorities and younger scholars this book offers a unique international comparative approach to the study of refugees at the end of empire **Regions of Memory** Simon Lewis,Jeffrey Olick,Joanna Wawrzyniak,Malgorzata Pakier,2022-08-17 Regions of memory are a scale of social and cultural memory that reaches above the national yet remains narrower than the global or universal The chapters of this volume analyze transnational constellations of memory across and between several geographical areas exploring historical political and cultural interactions between societies Such a perspective enables a more diverse field of possible comparisons in memory studies studying a variety of global memory regions in parallel Moreover it reveals lesser known vectors and mechanisms of memory travel such as across Cold War battle lines across the Indian Ocean or between Southeast Asia and western Europe Chapters 1 and 6 are available open access under a Creative Commons Attribution 4 0 International License via link springer com [Political Faultlines in the Middle East](#) Kingshuk Chatterjee,2023-06-14 The region of the Middle East is beset with a structural crisis of which particular crises confronting the component countries happen to be merely subsets The real questions revolve round the issue of how long can the present dispensations of power and social structures in the region forged in the twentieth century first half or second can last in the twenty first when they no longer reflect the realities on the ground This volume aims to look at some of the issues to see how the faultlines in the region appear in 2020 to both those in the region and those outside it The volume limits itself to only Levant and the Gulf and looks at the tensions within and policies both foreign and domestic of some of the key regional players which have regional repercussions It also looks at the policies of some of the global players operating in the region that have bearing on the regional faultlines Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **Stitches on Time** Saurabh Dube,2004-03-25 A critical analysis of histories and anthropologies of South Asia seen in relation to the subaltern studies project and several examples of how colonial history might be done differently **English Language Teachers on the Discursive Faultlines** Julia Menard-Warwick,2013-11-15 This book brings the voices of teachers into the fierce debates about language ideologies and cultural pedagogies in English language teaching Through interviews and classroom observations in Chile and California this study compares the controversies around English as a global language with the similar cultural tensions in programs for immigrants The author explores the development of teacher identity in these two very different contexts and through the narratives of both experienced and novice teachers demonstrates how teacher identity affects the cultural pedagogies enacted in their classrooms [The Balkans and the Near East](#) Karl Kaser,2011 The Balkans and the Near East share millennia of a joint history which stretches from the settling of man to the 20th century The

task split between the various scholarly disciplines into the fields of Balkan studies and Near Middle East studies has resulted in dividing a shared history into various sub histories This book reunites these isolated histories opening up completely new historical perspectives Series Studies on South East Europe Vol 12 **Faultlines** Alan Sinfield,1992 Through agile and often provocative discussions of texts by Shakespeare Sidney Donne and Marlowe the scope of dissidence and control is reassessed in relation to the state gender and sexualities religion and cultural production Sinfield provides a hard hitting critique of the role of Shakespeare in contemporary culture and argues for new readings of our national poet

**Empire's Children** Ellen Boucher,2014-03-13 Between 1869 and 1967 government funded British charities sent nearly 100 000 British children to start new lives in the settler empire This pioneering study tells the story of the rise and fall of child emigration to Canada Australia New Zealand and Southern Rhodesia In the mid Victorian period the book reveals the concept of a global British race had a profound impact on the practice of charity work the evolution of child welfare and the experiences of poor children During the twentieth century however rising nationalism in the dominions alongside the emergence of new psychological theories of child welfare eroded faith in the British world and brought child emigration into question Combining archival sources with original oral histories Empire s Children not only explores the powerful influence of empire on child centered social policy it also uncovers how the lives of ordinary children and families were forever transformed by imperial forces and settler nationalism **The Sources of Social Power: Volume 3, Global Empires and Revolution, 1890-1945** Michael Mann,2012-09-17 Distinguishing four sources of power ideological economic military and political this series traces their interrelations throughout human history This third volume of Michael Mann s analytical history of social power begins with nineteenth century global empires and continues with a global history of the twentieth century up to 1945 Mann focuses on the interrelated development of capitalism nation states and empires Volume 3 discusses the Great Divergence between the fortunes of the West and the rest of the world the self destruction of European and Japanese power in two world wars the Great Depression the rise of American and Soviet power the rivalry between capitalism socialism and fascism and the triumph of a reformed and democratic capitalism **America after Empire** Berch Berberoglu,2022-11-09 After the end of America s longest 20 year war in Afghanistan and Iraq that cost more than 6 trillion and nearly half a million lives what does the future hold for America and the American people in the 21st century In this timely and important book Berch Berberoglu provides an eye opening account of the history of the American Empire from its inception to the present with prospects for its future Examining the worldwide expansion of the American Empire over the course of its turbulent history in great detail Berberoglu assesses America s imperial legacy in a sober way highlighting its failure to come to terms with the enormous cost of this adventure in imperial overreach But Berberoglu sees light at the end of the long dark tunnel when the American people will awaken and lead the way to a new America after empire in the coming decades of the 21st century **The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7** Michael

Gagarin,2010      *The Oxford Handbook of the Ends of Empire* Martin Thomas,Andrew Thompson,2018-12-06 The Oxford Handbook of the Ends of Empire offers the most comprehensive treatment of the causes course and consequences of the ends of empire in the twentieth century The volume s contributors convey the global reach of decolonization with chapters analysing the empires of Western Europe Eastern Europe China and Japan The Handbook combines broad regional treatments of decolonization with chapter contributions constructed around particular themes or social issues It considers how the history of decolonization is being rethought as a result of the rise of the new imperial history and its emphasis on race gender and culture as well as the more recent growth of interest in histories of globalization transnational history and histories of migration and diaspora humanitarianism and development and human rights The Handbook in other words seeks to identify the processes and commonalities of experience that make decolonization a unique historical phenomenon with a lasting resonance In light of decades of historical and social scientific scholarship on modernization dependency neo colonialism failed state architectures and post colonial conflict the obvious question that begs itself is when did empires actually end In seeking to unravel this most basic dilemma the Handbook explores the relationship between the study of decolonization and the study of globalization It connects histories of the late colonial and post colonial worlds and considers the legacies of empire in European and formerly colonised societies      **In the Shadow of Empires** Sir Jens,2012
