Faust Theater Of The World

David G. John

Faust Theater Of The World:

Faust Jane K. Brown,1992 In *Faust Theater of the World* Brown offers a clearly written explication of the play that leads the reader through many levels of interpretation Written over the course of 60 years that span most of Goethe's working life and the romantic period the play bears the mark of Goethe's personal growth and development as an artist as well as that of the significant events of his day Brown notes the influence of the French Revolution the Industrial Revolution materialism the decline of religious belief and the flowering of individualism *Faust* portrays both the oppressiveness of the old social order and the spiritlessness doubt and alienation of the new

Speculating on the Moment Nicholas Rennie,2005 **Casting the Art of Rhetoric with Theater and Drama** Adrienne E. Hacker Daniels,2025-06-12 *Casting the Art of Rhetoric with Theater and Drama* Taking Center Stage explores rhetoric and theater as they relate to one another developing the understanding of rhetoric as theory and praxis This book addresses rhetorical themes and cultural resonances as well as the oft overlooked symbiosis of rhetoric and theater Rather than addressing audiences as either observers of rhetorical artifacts or theatrical performance this work demonstrates the intersection of the two which strengthens theatrical events and their cultural significance Overall the volume showcases the many ways in which an understanding of the relationship between rhetorical and poetic theories can benefit dramatic convention and the breaking thereof

The Literature of Weimar Classicism Simon Richter,2005 New essays providing an account of the shaping beliefs preoccupations motifs and values of Weimar Classicism In Germany Weimar Classicism roughly the period from Goethe's return to Germany from Italy in 1788 to the death of his friend and collaborator Schiller in 1805 is widely regarded as an apogee of literary art But outside of Germany Goethe is considered a Romantic and the notion of Weimar Classicism as a distinct period is viewed with skepticism This volume of new essays regards the question of literary period as a red herring Weimar Classicism is best understood as a project that involved the ambitious attempt not only to imagine but also to achieve a new quality of wholeness in human life and culture at a time when fragmentation division and alienation appeared to be thenorm By not succumbing to the myth of Weimar and its literary giants but being willing to explore the phenomenon as a complex cultural system with a unique signature this book provides an account of its shaping beliefs preoccupations motifs and values Contributions from leading German British and North American scholars open up multiple interdisciplinary perspectives on the period Essays on the novel poetry drama and theater are joined by accounts of politics philosophy visual culture women writers and science The reader is introduced to the full panoply of cultural life in Weimar its accomplishments as well as its excesses and follies Emancipatory and doctrinaire by turns the project of Weimar Classicism is best approached as a complex whole Contributors Dieter Borchmeyer Charles Grair Gail Hart Thomas Saine Jane Brown Cyrus Hamlin Roger Stephenson Elisabeth Krimmer Helmut Pfotenbauer Benjamin Bennett Astrida Orle Tantillo W Daniel Wilson Simon J Richter is Associate Professor of German at the University of Pennsylvania

Dante in Deutschland Daniel DiMassa,2022-08-12 Around the turn of the

nineteenth century no task seemed more urgent to German Romantics than the creation of a new mythology It would unite modern poets and grant them common ground and bring philosophers and the Volk closer together But what would a new mythology look like Only one model sufficed according to Friedrich Schlegel Dante s Divine Comedy Through reading and juxtaposing canonical and obscure texts Dante in Deutschland shows how Dante s work shaped the development of German Romanticism it argues all the while that the weight of Dante s influence induced a Romantic preoccupation with authority Who was authorized to create a mythology This question traced across texts by Schelling Novalis and Goethe begets a Neo Romantic fixation with Dantean authority in the mythic ventures of Gerhart Hauptmann Rudolf Borchardt and Stefan George Only in Thomas Mann s novels DiMassa asserts is the Romantics Dantean project ultimately demythologized

A Preface to Marlowe Stevie Simkin,2014-07-22 This study provides an authoritative overview of all Marlowe s work It includes thorough investigations of his major plays Tamburlaine Edward II The Jew of Malta and Doctor Faustus as well as a full discussion of The Massacre at Paris Dido Queen of Carthage and all his extant poetry Analysis of Faustus takes full account of both A and B text versions Thoroughly researched and yet presented in an accessible engaging style A Preface to Marlowe reads Marlowe s life and times as well as his work in the light of current critical theory Consequently it is a vital guide for all students of early modern drama As well as providing sharp analysis of stage history Dr Simkin reflects on the wider significance of a stage oriented approach The result is a reading of Marlowe that re opens debates about his status as a radical figure and as a subversive playwright and invites the reader to experience the plays as immediate exciting live documents

Staging the Absolute Thomas Seifrid,2023-10-02 Staging the Absolute argues that an array of practices and beliefs came together to define an essential aspect of Russian and Soviet culture in the twentieth century the persistent desire to interrupt or disrupt history Drawing on sources that define the nature of public rituals the book reveals the pervasive presence of the impulse to impede history in Russia s modern era and the realization of the idea in the form of the Stalinist show trials of the 1930s Thomas Seifrid analyses Soviet festivals public displays of agitational propaganda and urban planning together with such modernist precursors as fin de si cle and early twentieth century projects for reviving the theatre modernist adaptations of puppet theatre the Faust legend and its vogue in early twentieth century Russia and the nineteenth century panorama The book reveals that what binds these otherwise disparate phenomena together is a shared impatience with history and a corresponding desire to appropriate urban space Illuminating the deeper meanings in these revived archaic forms Staging the Absolute shows how pervasive the interest in disrupting history was in the Russian modern era

Goethe's Ghosts Simon Richter,Richard A. Block,2013 Invoking Goethe s name has become fashionable again With new methods and technologies of reading threatening to render literature virtual and insubstantial we have the sense that Goethe s ghosts the otherwise neglected voices and traditions that finding their most trenchant expression in Goethe inform the Western storehouse of literature can show us long forgotten dimensions of literature Inspired by the distinguished

Goethe scholar Jane Brown the contributors to this volume take a rich variety of approaches to Goethe cultural studies history of the book semiotics deconstruction colonial studies feminism childhood studies and eco criticism *Love and Death in Goethe* Ellis Dye, 2004 Explores the central theme of Romantic poetry in the works of the most important German Romantic poet of all Goethe in association with his younger Romantic compatriots the Schlegels Novalis Fichte and Schelling struggled with the subject object dichotomy and tried to bridge the gap between self and other consciousness and nature His theory and practice prefigured the Romantics determination to display and interrogate the linguistic and cultural structures informing their own thinking and modes of representation what Goethe calls one's *Vorstellungsart* His work exploits subverts and supplants inherited conventions and signs demonstrating with virtuosic irony that literature is a system of texts pre texts and pre established but dynamic conceptual models *Love and Death in Goethe One and Double* explores Goethe's use in a wide range of his poetry and prose of the theme of *Liebestod* love and death and related embodiments of the paradox of unity in duality Ellis Dye also examines Goethe's use of other themes related to love and death the *femme fatale* the *vagina dentata* *Frau Welt* the *Lorelei* venereal disease the *Lustmord* and considers issues of selfhood and individuation as well as the possibility that the love death theme contains an implicit gender bias toward the existential fact of personal separateness Poems plays and novels are dealt with nevertheless as works of art not only as illustrations of an idea or as points of intersection in a system of rhetorical conventions and are examined for intellectual cohesiveness elegance and integrity of design as well as special meanings and effects *Love and Death in Goethe One and Double* explores the meaning of the central theme of Romantic poetry in the works of the most important Romantic poet of all Students of literary culture both the lay reader and the Goethe specialist will be enlightened by its approach and find pleasure and instruction in its revelations Robert Ellis Dye is Professor of German at Macalester College **The Cambridge Companion to Goethe** Lesley Sharpe, 2002-05-02 The *Cambridge Companion to Goethe* provides a challenging yet accessible survey of this versatile figure not only one of the world's greatest writers but also a theatre director and art critic a natural scientist and state administrator The volume places Goethe in the context of the Germany and Europe of his lifetime His literary work is covered in individual chapters on poetry drama with a separate chapter on *Faust* prose fiction and autobiography Other chapters deal with his work in the Weimar Theatre his friendship with Schiller his scientific studies and writings his engagement with the visual arts with religion and philosophy the controversies surrounding his political standpoint and the impact of feminist criticism A wide ranging survey of reception inside and outside Germany and an extensive guide to further reading round off this volume which will appeal to students and specialists alike **Bennewitz, Goethe, 'Faust'** David G. John, 2012-04-03 Fritz Bennewitz 1926 1995 was the director in chief of East Germany's Weimar National Theatre Extraordinary in his capacity for cultural and linguistic adjustment he directed productions in twelve countries always adapting shows to make them meaningful to local audiences Notably Bennewitz conducted stagings of Goethe's *Faust* in four different languages over

a series of seven productions three in pre unification Weimar one in the reunited Germany and one each in New York Manila and Mumbai The first comprehensive account of Bennewitz s remarkable career Bennewitz Goethe Faust is also a pioneering study of intercultural interpretations of Faust David G John brings to light previously unknown archival materials including annotated playbooks correspondence translations videos and reception information as well as unpublished production photos from the stagings discussed in the book Bennewitz Goethe Faust makes a cogent argument for this director s place alongside the twentieth century s greatest theatre innovators

Theatre and Knowledge David Kornhaber,2019-12-04 From Plato onwards philosophers the world over have pondered the fraught relationship between the illusory practices of the stage and the rational pursuit of knowledge In this engaging and accessible volume David Kornhaber sheds new light on this ancient quarrel Drawing on a global array of theatrical traditions and spanning millennia from the Sanskrit dramas of classical India to Shakespeare and Greek tragedy from the Noh drama of Japan to West End comedies and avant grade performances Theatre Knowledge vividly demonstrates how questions of knowledge have long animated the theatre and continue to motivate some of its most innovative practices As much as philosophy itself the theatre has always been instrumental in probing the boundaries of what we can possibly know Concise yet thought provoking this is essential reading for

undergraduate and postgraduate students of Theatre and Philosophy **International Faust Studies** Lorna Fitzsimmons,2011-10-27 This major interdisciplinary collection captures the vitality and increasingly global significance of the Faust figure in literature theatre and music Bringing together scholars from around the world International Faust Studies examines questions of adaptation reception and translation centering on Faust discourse in a diversity of cultural contexts including the Chinese Japanese Indian African Brazilian and Canadian as well as the European British and American It broadens the field by including studies of lesser known or neglected Faust discourse including the translation of Goethe s Faust recently attributed to Coleridge in addition to the canonical Experiencing Mahler Arved Ashby,2020-01-08

Experiencing Mahler surveys the symphonies and major song sets of Gustav Mahler presenting them not just as artworks but as vivid and deeply felt journeys Mahler took the symphony perhaps the most tradition bound genre in Western music and opened it to the widest span of human experience He introduced themes of love nature the chasmic depth of midnight making peace with death facing rebirth seeking one s creator and being at one with God Arved Ashby offers the non specialist a general introduction into Mahler s seemingly unbounded energy to investigate the elements that make each work an experiential adventure one that has redefined the symphonic genre in new ways In addition to the standard nine symphonies Ashby discusses Das Lied von der Erde the three most commonly heard song sets the Lieder eines fahrenden Gesellen Kindertotenlieder and R ckert Lieder and the unfinished Tenth Symphony in Cooke s edition Experiencing Mahler is a far reaching and often provocative search for meaning in the music of one of the most beloved composers of all time

Theatre Worlds in Motion Hans van Maanen,S. E. Wilmer,1998 Theatre Worlds in Motion aims to clarify the different

theatre traditions and practices in Western Europe from a historical and sociological perspective The book grew out of a perceived need among theatre scholars who had recognised that while they understood the theatre system of their own country they often found it difficult to discover how it compared with other countries The chapters analyse the basic components and dynamics of theatre systems in seventeen Western European nations in order to elucidate how the systems function in general and how they vary in different cultures The book provides a sense of what has been happening recently in particular countries and indicates how the theatre systems have developed over time and have led to the current practices and structures Each national chapter considers the historical tradition and place of theatre within the country and analyses the role of the state in fostering theatre during the last fifty years Material from the national chapters has been used in two general chapters at the beginning and end of the book to provide an overview to developments in all Western Europe The introductory chapter on decentralisation discusses the tendency amongst governments to encourage cultural development outside the national capital by providing subsidy for regional theatre venues and theatre companies and in many cases by developing the decision making and budgetary powers for the theatre to regional and local authorities The epilogue on the functioning of theatre examines the common structures of theatre in society as described in the seventeen national chapters and it proposes areas for future research

The Congress of Women Held in the Woman's Building, World's Columbian Exposition, Chicago, U.S.A., 1893 Mary Kavanaugh Oldham Eagle, 1894 **The Congress of Women Held in the Woman's Building, World Columbian Exposition, Chicago, U.S.A., 1893 with Portraits, Biographies, and Addresses ; Published by Authority of the Board of Lady Managers ... , 1894** **Literary Nationalism in German and Japanese Germanistik** Lee M. Roberts, 2010

Literary Nationalism in German and Japanese Germanistik traces the convergence of German and Japanese metaphors for national literary spirit through the academic study of the German language and literature in Germanistik Early notions of a spiritual link to the national literary tradition allowed speakers of German to imagine their unity before the existence of the modern German state but the concept for spirit also gained various nuances in the works of such writers as Johann Wolfgang von Goethe the Brothers Grimm E T A Hoffmann and Hermann Hesse Moreover throughout the nineteenth and first half of the twentieth century scholars and thinkers increasingly equated literary spirit with the psychology of the German nation Against the background of these developments the slogans of university students who burned books of so called un German spirit in 1933 gained a particularly ominous meaning Interestingly for Japanese contemplating German literature in the late nineteenth century the native idea of national literary spirit was one of many concepts that differed from their German counterparts However skilled writers and translators like Mori gai invested old words with new meanings and by the 1930s Japanese scholars of Germanistik had not only documented the discourse on German national literary spirit but also deemed it synonymous with the spirit of Japan s own tradition

Opera Companies and Houses of Western Europe, Canada, Australia and New Zealand Karyl Lynn Zietz, 2024-10-15

Although books have been written about various opera houses throughout the world no one work has covered more than a relatively small number of the larger well known companies and houses and none have made more than brief mention of the smaller houses No book has comprehensively listed opera repertories Little in sum has been written about any of the smaller companies and houses located in non English speaking countries This is the most comprehensive reference book ever written on opera companies and houses in Western Europe Canada Australia and New Zealand over 300 from the well known to the smaller Each entry includes a history of the opera house or company the works title and composer and type of productions offered company staff world and country premieres repertory and practical information on the theater s address nearby hotel accommodations and how to order tickets Most entries conclude with a bibliography

Illusion and the Drama Frederick
Burwick,2010-11-01
