Technology of the Gods David Hatcher Childress, 2000 Technology of the Gods lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today

Invisible Residents Ivan T. Sanderson, 2005 This book is a groundbreaking contribution to the study of the UFO enigma originally published over 30 years ago In this book Sanderson a renowned zoologist with a keen interest in the paranormal puts forward the curious theory that a oeOINTS Other Intelligences live under the Eartha TM's oceans This underwater parallel civilization may be twice as old as Homo sapiens he proposes and may have a oedeveloped what we call space flight Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle What better place to have an impenetrable base than deep within the oceans of the planet Yet if UFOs or at least some of them are coming from beneath our oceans or lakes does it necessarily mean that there is another civilization besides our own that is responsible In fact could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet Whatever their source Sanderson offers here an exhaustive study of USOs Unidentified Submarine Objects observed in nearly every part of the world He presents many well documented and exciting case studies of these unusual sightings more

Tayos Gold Stan Hall, 2007 In 1976 Scottish engineer Stan Hall organised a landmark expedition to the caves of the Tayos Indians in Ecuador involving a dozen institutions joint Special Forces and astronaut professor Neil Armstrong as Honorary President and

participant Hall was driven by curiosity about Erich von Daniken's report of a Metal Library allegedly found in the caves by investigator Juan Moricz in the mid 1960s published in von Daniken's 1972 blockbuster *Gold of the Gods*. This idea was considered unorthodox in the absence of any ancient written script in South America. In Hall's odyssey into the heart of global enigmas he researches the origins of mankind, Atlantis, Ptolemy's lost city of Cattigara and the sudden rise and fall of wonder civilisations. This journey ended with his identification of Atlantis and Cattigara and the entrance to the Metal Library along the Pastaza River in Ecuador. Imagination, action and danger combine explosively in the story of this spectacular British Ecuadorian expedition to the Tayos Caves of Ecuador.

Mystery in Acambaro Charles H. Hapgood, 1999-12. The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old; however, they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax. The collection shows humans interacting with dinosaurs and various other monsters such as horned men. Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past and that dinosaurs had not become extinct many millions of years ago as commonly thought. David Hatcher Childress writes a lengthy introduction concerning Acambaro, the latest testing and other evidence of living dinosaurs.

Pirates and the Lost Templar Fleet David Hatcher Childress, 2003. Here stands the New Man. His conception of reality is a dance of electronic images fired into his forebrain, a gossamer construction of his masters designed so that he will not under any circumstances perceive the actual. This New Man's happiness is delivered to him through a tube or an electronic connection. His God lurks behind an electronic curtain; when the curtain is pulled away, we find the CIA sorcerer, the media manipulator. Jeff Keith is one of the foremost writers and researchers on political conspiracy in the world today. Publisher description.
