Chea,2010-03-16 This daily devotional which is intended to speak life in the lives of readers is named Rivers of Living Waters A Daily Devotional because water symbolizes Life The message it contains is intended to be quick and powerful as it speaks to the contemporary issues of life The spirit of the message it contains is truth Because the words that we speak are spirit and life the author suggest that the words of this book be whispered by readers as they read because when the written word is spoken it is even more powerful that is the power of the tongue A page a day will enrich your life Treatment, Or Healing by True Prayer Frederick L. Rawson,2007-04-01 Through a true communion with God argues the author it is possible to treat any and all problems from loneliness to envy to gray hair and even bad investments But the prayer that Rawson speaks of is based not upon supplication to an omnipotent being who may or may not be listening but on a simple process of denial and affirmation Using an exhaustive list of examples Rawson shows how to first deny the problem then affirm what he calls the absolute good It is only by dwelling on God s perfect world that one can find true healing This is essential reading to the faithful and a work of genuine curiosity to everyone else British engineer businessman and author FREDERICK LAWRENCE RAWSON 1859 1923 also wrote How to Bring About Permanent Peace 1916 Secret of

Divine Protection 1918 and Nature of True Prayer 1920 Moving from Fear to Freedom Grace Fox,2007-08-01 Fear was not part of God's original agenda for his creation. It slithered onto the scene when Adam and Eve sinned, causing a tear in their relationship with God. And even though fear touches every life and can still debilitate people today, the news isn't all bad. Popular speaker and author Grace Fox demonstrates how believers can face their fear and actually let it be a catalyst for change. Readers will learn how to stop hiding from God and instead develop a deeper relationship with Him. This is what she calls the upside of fear. When we cry out to God for help, He answers and we experience Him in new ways. Each chapter highlights a particular area where readers can begin to experience freedom from fears about their personal identity, their finances, their kids, the future, and more.

Guide to Midwifery A. K. Sharma,2003 It is a common experience that students who approach their examinations need materials which will help them to get through their examinations. Very often in such books, the factor of practical usefulness is overlooked. In these pages featuring the treatment of various obstetrical problems, homeopathic medicines have been suggested along with their indications for practical use. This will enable the students not only to gain good knowledge about the subject but also to know the tools which they have got for applying the treatment of various problems in the field of obstetrics. The indications gleaned for the various drugs have been included on the basis of experience, and it is hoped that they will be found useful in practice.

The Mythology of Sleep Kari Hohne,2009-05 If you are interested in understanding the meaning of your dreams, The Mythology of Sleep explores the similar healing themes from our ancient myths. The Mythology of Sleep: The Waking Power of Dreams is a groundbreaking look at the hero's journey through the dreamscape. Just as myths are stories about heroes in search of their destiny, the fantastic landscapes and cryptic symbols appearing in dreams present clues about our real identity. Discover the 3 parts of every dream that reveals the conflict, cause, and its resolution, and how dreams describe the future. As if some aspect of the mind has an understanding that transcends time and self-awareness, the journey always awakens us to our full potential. Approaching dreams as the hero's journey through a landscape of wellness, this self-help book makes healing an adventure and presents a new dimension in the study of dream interpretation.
