

Fear Of Power An Analysis Of Antistatism In Three French Writers

H. S. Jones

Fear Of Power An Analysis Of Antistatism In Three French Writers:

Fear of Power Preston King, 2003-07 This is a reprint of a 1967 title Preston King examines the views of Alexis de Tocqueville Pierre Joseph Proudhon and George Sorel He chooses them as among the most important representatives of anti statism thought in France over the last 150 years As representatives of anti statism in France they adequately represent anti statism and a fear of power in general He analyses them partly because of their statism and a fear of power in general He analyses them partly because of their dissimilarities as liberals socialists an anarcho syndicalists which permits him to compare them not so much from the perspective of ideological continuity but from that of a common approach and a basic shared assumption This assumption is that power is inherently evil And the approach that entails is one which reveals an almost exclusive concern with the question how much power governments should wield in general He critically examines this approach in the work of these men together with the assumption about the nature of power upon which it rests that it is inadequate as a distinct but parallel approach which advocates a generalised love and adoration of power *Western Political Thought* Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Alexis de Tocqueville on**

Democracy, Revolution, and Society Alexis de Tocqueville, 1980 Alexis de Tocqueville possessed one of the most fertile sociological imaginations of the nineteenth century For more than 120 years his uncanny predictive insight has continued to fascinate thinkers and his writings have continued to influence our interpretations of history and society His analyses of many issues remain relevant to current social and political problems In this volume John Stone and Stephen Mennell bring together for the first time selections from the full range of Tocqueville's writings selections that illustrate the depth of his insight and analysis **Decolonizing Dialectics** Geo Maher, 2017-01-06 Anticolonial theorists and revolutionaries have long turned to dialectical thought as a central weapon in their fight against oppressive structures and conditions This relationship was never easy however as anticolonial thinkers have resisted the historical determinism teleology Eurocentrism and singular emphasis that some Marxisms place on class identity at the expense of race nation and popular identity In recent decades the conflict between dialectics and postcolonial theory has only deepened In *Decolonizing Dialectics* Geo Maher breaks this impasse by bringing the work of Georges Sorel Frantz Fanon and Enrique Dussel together with contemporary Venezuelan politics to formulate a dialectics suited to the struggle against the legacies of colonialism and slavery This is a decolonized dialectics premised on constant struggle in which progress must be fought for and where the struggles of the wretched of the earth themselves provide the only guarantee of historical motion **Fear of Power: an Analysis of Anti-statism in Three French Writers** Preston T. King, 1967 This is a reprint of a 1967 title Preston King examines the views of Alexis de Tocqueville Pierre Joseph Proudhon and George Sorel He chooses them as among the most

important representatives of anti statism thought in France over the last 150 years As representatives of anti statism in France they adequately represent anti statism and a fear of power in general He analyses them partly because of their statism and a fear of power in general He analyses them partly because of their dissimilarities as liberals socialists an anarcho syndicalists which permits him to compare them not so much from the perspective of ideological continuity but from that of a common approach and a basic shared assumption This assumption is that power is inherently evil And the approach that entails is one which reveals an almost exclusive concern with the question how much power governments should wield in general He critically examines this approach in the work of these men together with the assumption about the nature of power upon which it rests He argues that the fear of power has a long and sophisticated history but that it is inadequate as a distinct but parallel approach which advocates a generalised love and adoration of power **The French State in Question** H. S.

Jones,2002-07-18 This book demonstrates the importance of legal theory and the idea of the state in French political culture

Benjamin Constant's Philosophy of Liberalism Guy H. Dodge,2012-06-01 This first work in English to focus on Constant as a political theorist shows that his thinking was molded by the French Revolution of 1789 and by Napoleon's regime Constant is identified as the first to recognize Bonapartism as a new form of despotism arising from the theory of popular sovereignty which is still the basis for modern Fascist and Communist regimes His political thought is analyzed within the framework of his philosophy of history law ethics and religion Originally published in 1980 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **The American as**

Anarchist David DeLeon,2019-12-01 Originally published in 1978 When compared with socialist and communist systems in other nations the impact of radicalism on American society seems almost nonexistent David DeLeon challenges this position however by presenting a historical and theoretical perspective for understanding the scope and significance of dissent in America From Anne Hutchinson in colonial New England to the New Left of the 1960s DeLeon underscores a tradition of radical protest that has endured in American history a tradition of native anarchism that is fundamentally different from the radicalism of Europe the Soviet Union or nations of the Third World DeLeon shows that a profound resistance to authority lies at the very heart of the American value system The first part of the book examines how Protestant belief capitalism and even the American landscape itself contributed to the unique character of American dissent DeLeon then looks at the actions and ideologies of all major forms of American radicalism both individualists and communitarians from laissez faire liberals to anarcho capitalists from advocates of community control to syndicalists In the book's final part DeLeon argues against measuring the American experience by the standards of communism and other political systems Instead he contends that American culture is far more radical than that of any socialist state and the implications of American radicalism are far more

revolutionary than forms of Marxism Leninism *Pluralist Thought and the State in Britain and France, 1900-25* Cécile Laborde, 2000-03-07 This is the first comparative study of early twentieth century French and British schools of political pluralism A wide ranging survey of the works of thinkers such as JN Figgis GDH Cole Harold Laski Edouard Berth Maxime Leroy and L on Duguit **Pluralist Thought and the State in Britain and France 1900 25** is a major contribution both to the study of national tradition of political thought and to the understanding of relationships between state groups and individuals in democratic societies **Political Ideas of the Utopian Socialists** Keith Taylor, 2013-11-26 First Published in 1982 In this book Taylor has selected for special attention the work of Saint Simon and his disciples the SaintSimonians Owen Fourier Cabet and Weitling those thinkers who made the most important contributions to the development of early socialist theory The author discusses the designation of utopian which entered into the conventional vocabulary of the history of ideas and is now used almost without question This title argues that these thinkers were certainly utopian in the sense that they sought to describe the structure of an ideal future society 1967 Annual Supplement John B. Simeone, Alfred de Grazia, Carl E. Martinson, 2013-12-01 **Tocqueville and the French** Françoise Mélonio, 1998 With his lifelong examination of the relation between freedom and equality in modern societies Alexis de Tocqueville is the most widely shared icon of Franco American political culture Until now his American readers have not been in a position to recognize the extent to which even when his ostensible subject was America Tocqueville was engaging in hotly contested debates about French society and politics Françoise Melonio s *Tocqueville and the French* allows for a clearer understanding of Tocqueville s writings by supplying their missing French context from the time he wrote *Democracy in America* and *The Old Regime and the French Revolution* to the present With its contextualization and interpretation of his works *Tocqueville and the French* will compel the attention of historians sociologists political scientists and concerned citizens for whom Tocqueville remains perhaps the single most important interpreter of American society and culture **Towards a Rational Philosophical Anthropology** J. Agassi, 2012-12-06 The thesis of the present volume is critical and dual 1 Present day philosophy of man and sciences of man suffer from the Greek mis taken polarization of everything human into nature and convention which is allegedly good and evil which is allegedly truth and falsity which is allegedly rationality and irrationality to wit the polarization of all fields of inquiry the natural and social sciences as well as ethics and all technology whether natural or social into the totally positive and the totally negative 2 Almost all philosophy and sciences of man share the erroneous work ethic which is the myth of man s evil nature the myth of the beast in man the doctrine of original sin To mediate or to compromise between the first view of human nature as good with the second view of it as evil sociologists have devised a modified utilitarianism with deferred gratification so called and the theory of the evil of artificial competition capitalist and socialist alike and of keeping up with the Joneses Now the mediation is not necessary For the polarization makes for abstract errors which are simplistic views of rationality such as reductionism and positivism of all sorts as well as for concrete errors such as

the disposition to condemn repeatedly those human weaknesses which are inevitable namely man's inability to be perfectly rational avoid all error etc thus setting man against himself as all too wicked **Politics and Philosophy in the Thought of Destutt de Tracy** Brian W. Head, 2019-11-21 First published in 1987 This study describes and analyses the published writings of the French philosopher Antoine Destutt de Tracy The author focuses on the three decades from the calling of the États généraux to the early years of the Restoration the period of Tracy's entire literary production and the period of his greatest influence and reputation This title will be of great interest to students of history philosophy and politics

Violence and Social Justice V. Bufacchi, 2007-10-23 Violence and injustice are two major political problems facing the world today Offering a fresh innovative analysis of the concept of violence this book presents an original insight into the nature of injustice Addressing three key questions it forces us to rethink the scope and aims of a theory of social justice

Sovereign Idea Reginald Whitaker, 1991 Bringing together the best of Reg Whitaker's essays on democracy federalism and the state A Sovereign Idea will be essential reading for anyone interested in the rise of the idea of democracy in Canada The essays each in its own way are an attempt to discover how a more democratic Canada can be achieved Survey of British Commonwealth Affairs Nicholas Mansergh, 2013-08-21 First Published in 1968 This book falls into three parts The first gives some account of the impact of war upon the Commonwealth and upon its individual member nations the second records the post war changes in its composition while the third examines some of the domestic and external problems that confronted the Commonwealth in the bleak mid years of the century Each of these topics if treated exhaustively would require a volume and what is attempted in this book is no more than the analysis of certain themes which seem to bear most closely on the idea of the Commonwealth and its place in the history of our times **National Library Service Cumulative Book Review Index, 1905-1974: Authors. [A-Z]** National Library Service Corporation, 1975 *La democracia en América* Alexis de Tocqueville, 2023-11-15 Toda la obra de Tocqueville es una reflexión sobre la libertad o su ausencia el despotismo Su estudio de la realidad política y social de Estados Unidos le permitió diagnosticar los peligros que acarrea una democracia basada exclusivamente en la igualdad el individualismo y el bienestar material Esta edición de *La democracia en América* incorpora notas correspondencias variantes e inéditas *Thinking Past a Problem* Preston T. King, 2000 This is a collection of Professor Preston King's essays on the history of ideas

Fear Of Power An Analysis Of Antistatism In Three French Writers Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Fear Of Power An Analysis Of Antistatism In Three French Writers free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Fear Of Power An Analysis Of Antistatism In Three French Writers free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and

allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Fear Of Power An Analysis Of Antistatism In Three French Writers free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Fear Of Power An Analysis Of Antistatism In Three French Writers. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Fear Of Power An Analysis Of Antistatism In Three French Writers any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Fear Of Power An Analysis Of Antistatism In Three French Writers Books
