The Feather Duster William Marion Reedy, Harold Bolce, Benjamin De Casseres, Brainard Leroy Bates, 1912 *The Man in the Mirror* Max Putzel, 1998 A flamboyant and controversial figure William Marion Reedy was one of the most successful literary entrepreneurs of his day Editor of the Mirror a St Louis weekly from 1891 to 1920 Reedy played a large role in breaking down the genteel literary tradition developing a native poetry and helping to form some fifty significant poets Emily Dickinson Stephen Crane Ezra Pound Edwin Arlington Robinson Amy Lowell Sara Teasdale Carl Sandburg and Vachel Lindsay are just a few of the writers whose works Reedy featured in his magazine The Man in the Mirror offers a colorful description of Reedy's boyhood in St Louis during the turbulent period following the Civil War This well documented biography follows Reedy throughout his years as a reporter in the early days of the St Louis Post Dispatch and Globe Democrat and as editor of the St Louis Star Only seven years after Reedy founded the Mirror as a national journal of opinion a potpourri of political comment social gossip and literary miscellany the magazine's circulation far surpassed that of the Dial Atlantic Monthly or Nation Max Putzel truly conveys the spirit and personality of Reedy by carefully examining his life within the context of the literary world he influenced so significantly Full chapters are devoted to his relationships with Theodore Dreiser Ezra Pound Vachel Lindsay Amy Lowell and others Edgar Lee Masters whose Spoon River Anthology first appeared in the Mirror called Reedy both the Literary Boss of the Middle West and his best friend In fact Reedy had quite a range of friends from librarians to politicians St Louis locals to Teddy Roosevelt His personal effect on people writers and readers alike is what has made him such an important historical figure It is a tribute to Reedy's critical judgment that the reputations he helped to build would later overshadow his own The Man in the Mirror lauded as the first substantial study of Reedy's work by American Literature reveals Reedy's notable contribution to the literary world *American Little Magazines of the Fin de Siecle* Kirsten MacLeod, 2018-03-01 In *American Little Magazines of the Fin de Siecle* Kirsten MacLeod examines the rise of a new print media form the little magazine and its relationship to the transformation of American cultural life at the turn of the twentieth century Though the little magazine has long been regarded as the preserve of modernist avant gardes and elite artistic coteries for whom it served as a form of resistance to mass media MacLeod's detailed study of its origins paints a different picture Combining cultural textual literary and media studies criticism MacLeod demonstrates how the little magazine was deeply connected to the artistic social political and cultural interests of a rising professional managerial class She offers a richly contextualized analysis of the little magazine's position in the broader media landscape namely its relationship to old and new media including pre industrial print forms newspapers mass market magazines fine press books and posters MacLeod's study challenges conventional understandings of the little magazine as a genre and emphasizes the power of little media in a mass market context **Think to New Worlds** Joshua Blu Buhs, 2024-07-03 This book is about Charles Fort his followers and the surprising influence they have had on science fiction the avant garde UFOlogy and more

broadly on the role of spirituality and conspiracy in the modern world Fort was an author and maverick philosopher who wrote four non fiction books about anomalies rains of frogs mysterious disappearances unexplained lights in the sky for which he offered hypotheses that even he did not always accept as true His books developed into a monistic philosophy that denounced science as a machine for generating truth In his view science was a small part of a larger system in which truth and falsity were constantly transforming one into the other This was not a rejection of the modern world but instead its fulfillment Fort prophesied the next stage in intellectual evolution after the scientific era He inspired four overlapping groups members of the Fortean Society science fiction fans and writers avant garde artists and flying saucer enthusiasts First We Must Think to New Worlds takes up each of these groups in turn to ask How can the human imagination be expanded What is the fundamental structure of the universe And how does power move As they developed their responses Fort s followers mixed Forteanism with Fundamentalism New Agery and conspiracy as well as a host of other forms of modern enchantments such as the ironic imagination scientific wonder and Theosophical syncretism Each chapter is interrupted by and concludes with shorter sections that focus on particular Forteans or Fortean events as a way to deepen themes **Triumph Over**

casts Then her ownership is won by a barbarian from another country With the uncertainty that comes from belonging to a new warlock Serena questions if being tarnished is really worse than being owned by a barbarian and tempts fate by breaking the rules When he looks the other way instead of punishing her she discovers a new world The more she ventures into the forbidden the more she learns of love and a freedom just out of reach Serena longs for both But in a society where women are only ever property hoping for more could be deadly Mine to Spell Cynthia has always hidden from her father s hexes behind her older sister When her family gains independence unheard of for women she s relieved that her days of harsh punishments are over But as her seventeenth birthday approaches the typical age to be sold to a new master death threats endanger her sisters She now faces two options run or meet society s expectations For once Cynthia isn t going to let her older sister shield her from the problem She s going to prove to herself her sisters and society that her family isn t a threat to their traditions She willingly chooses to be purchased by a new master A bold step that takes her somewhere she never thought she would go and to a man she might possibly fall in love with With his help she may just find a way to save her sisters while discovering how to stand up for herself If she lives long enough Mine to Fear Waverly resents being sent home to Evando just as things are getting intense in Chardonia She can t just sit in safety while her friends suffer under oppression and restrictions simply because they are women Upon returning to Chardonia she discovers conditions have degraded faster than she thought possible and her mere presence puts her loved ones in grave danger When the Grand Chancellor calls for a change in laws that threatens the lives of her friends her family and anyone who doesn t comply her only option is to run with both friend and foe As the stakes grow higher with each passing day Waverly must become the leader she s never been or her life and the lives of all those she cares for will be lost Sacrifice of Mine After a ravaging war Bethany and her family are forced to flee to Envado There women are safe from the oppressive rule of male owners When her pursuers draw too close Bethany stays behind to buy her sisters time to escape and she s captured She s turned over to a depraver who tarnishes her Now bald branded and barren she s worth less than the shadow she casts From this lowly place she leads the tarnished to overthrow the Grand Chancellor the man behind Chardonia s oppressive rules against women and the tarnished If they fail to defeat him and his supporters all will be lost Mine to Tarnish Katherine s place is the same as any woman s on the shelf next to the dresses and bolts of cloth When she s sold to a warlock life grows even bleaker Her new owner is as old and rancid as he is cruel driving her to do the unthinkable run Nothing prepared her for being on her own And she s definitely unprepared for the warlocks hunting her down But she must stay one step ahead because if caught the best she can hope for is death
