Feats and Wisdom of the Ancients Time-Life Books,1990 Examines what is known of ancient knowledge in the areas of healing inventions engineering art astronomy sports and explorations     *Aliens and Man* Jerome A. Kroth,2010 When it comes to extraterrestrials UFOs crop circles and ancient astronaut literature most intelligent readers are repulsed by New Age hype turned off by Erik Van Daniken flustered by blatant pseudo science and deeply chagrined at how even the History Channel got dragged into the tabloid and sensational Yet many intelligent open minded readers harbor secret interests in the Great Pyramid and how it was built in mythic tales of sky gods coming and going from Ezekiel to the Rig Veda They are awed by the intricate fractals in crop circles and they more than take notice when a NASA astronaut says he was trailed in space by UFOs That questioning readership however swims in a vast sea of agnosticism curious but not convinced And there just aren't any books for them None they can trust None that reaches them None that transcends tabloid fantasies to authentically treat issues with enough dispassion and scholarly erudition not to insult their intelligence Here Dr Kroth gives the run down on a wide range of evidence and ponders how reliable any of it may be Readers are left with all the elements to form their own equation     **Armageddon Again** John Bliss,2011-05 Join author John Bliss in his theological study *Armageddon Again* Where Have We Been and Where Are We Headed and discover the hidden truth about the many wonders of the world Learn the basics for pursuing our destiny through revealing our past and the three worldwide cataclysmic periods fire ice and water Whether you are a novice to theology or a scholar this book will unlock your inner curiosity about religion and our future *Armageddon Again* suggests that we are on the cusp of one final period of fire as stated not only in Scripture but countless other ancient reports Ancient records detail that Satan misguided man through cataclysmic events to incorporate an advanced and technological way of life that led them away from God Proof is scattered across our planet that ancient civilizations were more technologically advanced than we are today and built what Bliss calls Wonderworks magnificent stone structures and drawings etched into the earth's landscape *Armageddon Again* is the key that opens the door to our hidden past and certain future that is critical for all of mankind to know Everybody on the face of the planet regardless of their religion must realize that we are all bonded by the same history that draws us to the Divine This history has been hidden from us by Satan in order to keep us from being in union with our heavenly Father This union is the catalyst to not only usher in Jesus as King on Earth but to also save those from the final cataclysm of fire that Scripture and other cultural texts warn us about Once these revelations are brought to light we will have no choice but to change how we live both physically and spiritually John Bliss resides in Center Line Michigan with his wife Mary They have four children and are blessed with three grandchildren who live in Vancouver Washington     **Lost Race of the Giants** Patrick Chouinard,2013-09-28 An exploration of mythological and archaeological evidence for prehistoric giants Examines the many corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants and the

biblical Nephilim Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths legends and traditions of almost every culture on Earth Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena but archaeological discoveries of 10 and 12 foot skeletons many of which have been suppressed confirm the existence of a forgotten golden age of giants before recorded history Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants the Hindu Daityas the biblical Nephilim the Celtic Formorach the Sumerian Anunnaki and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations The author reveals how physical remains of giant size peoples have been found on almost every continent including recent finds in the deserts of Saudi Arabia Afghanistan and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States corresponding directly with Native American accounts of red haired giants He also examines reports from famous explorers such as Magellan Sir Francis Drake and Desoto of their encounters with giants on the North American continent Revealing how giants represent the true earthborn race Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms

*Lies My Teacher Told Me* James W. Loewen, 2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 *Lies My Teacher Told Me* has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In *Lies My Teacher Told Me* James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it should and could be taught to American students

**Extraterrestrial Contacts: the Roswell foil, UFOs, and how they alter our understanding of the modern world** Jerry Kroth, 2017-07-22 The Essays ; The Wisdom of the Ancients ; New Atlantis Francis Bacon, 1907 *Lies My Teacher Told Me* James W. Loewen, 2008 Criticizes the way history is presented in current textbooks and suggests a more accurate approach to teaching American history

**An Alternative View of the Distant Past** Charles Giuliani, 2008-12-21 This book is a multidisciplinary study that brings together a variety of ancient physical and legendary evidences that are often brushed aside which collectively present an entirely different and far more sensible picture of early Earth and human history from what mainstream academic presents Break yourself free from their chains and discover a fascinating story of the ancient past that will blow your mind *Psyche's Exile: an empirical odyssey in search of the soul* Jerry Kroth, 2011 Psyche's Exile an empirical odyssey in search of the soul Psyche means soul in Greek and psychology literally means the study of the soul For over a century American psychology has gone in precisely the opposite direction Soul mind and mind brain with no exceptions This reductionist paradigm is challenged in this book as Professor Kroth reviews eight politically incorrect forbidden databases in his empirical pursuit of the immortal soul of the ages near death experiences deathbed visions precognitive dreams premonitions synchronicity telepathy states of possession just to name a few The journey leads to a

fascinating rediscovery of the soul Reviews Psyche s Exile is an absolute treasure trove of carefully collected experiential and experimental data spanning the research areas of anthropology sociology religion spirituality psychology and physics Although we are still some human evolutionary time away from experimentally proving the existence of the human soul there is certainly enough good data available at present to make it a viable working hypothesis Dr Kroth is dedicated to his craft as a professional explorer of nature in its many forms For myself I wouldn t hesitate to recommend this book to my scientific colleagues and my friends William A Tiller Ph D professor of physics Stanford University Author of Science and Human Transformation *Natural History* ,1990 **12,000 BC** Jerry Kroth,2024-10-01 Professor Jerry Kroth s book 12 000 BC Two Extinction Level Events We Know Nothing About explores the often popularized ancient apocalypse narratives so frequently depicted on Netflix and YouTube Kroth s approach however is systematic in that it examines the science behind these controversies without tiptoeing into fringe or conspiracy literature to establish its credentials For example mainstream archeology alleges the ice age came to its conclusion in a gradual manner while the spread of Homo sapiens throughout the world resulted in the extinction of 35 species of megafauna mainly as a result of humans hunting down large animals Woolly Mammoths Mastodons Giant Sloths and others went extinct because of this hunter overkill hypothesis so says the mainstream A counter argument to this view is that two major cosmic cataclysms occurred first a Miyake solar storm that caused radiocarbon levels to rise across the planet This occurred 14 300 years ago It was one of the largest solar storms ever to hit the planet far greater than the Carrington Event of 1859 and it caused massive melting of the ice caps and flooding incineration of vegetation fused rocks etc Dr Kroth presents a great deal of experimental data to support this theory backed up by interviews with scientists from around the world and not from anthropology or archeology at all but from solar physicists and other physical scientists A rapid increase in global temperatures resulted but as a result of the soot rising from the cataclysm global temperatures again fell precipitously eventually ushering in the Younger Dryas a period of unstable rising and falling global temperatures Then 12 300 years ago a second cataclysmic event happened A giant comet fragmented over the Northern Hemisphere destroying Lake Agassiz and causing massive flooding across America It similarly exacerbated the extinctions that were taking place The physical evidence nanodiamonds fused rocks radiocarbon levels in fossilized tree rings all point to the reality of these planetary shocks In Part II of 12 000 BC Dr Kroth examines the impact these events had on humanity Besides wiping out the Clovis people of North America recent DNA studies show that the human race also experienced a precipitous decline at this time Kroth then takes up issues of antediluvian human societies and looks at the evidence supporting the presence of advanced human societies before these cataclysms happened Gobelki Tepe Atlantis the Yonaguni Monuments Gulang Padang His conclusion from a review of this literature in contradiction to Graham Hancock s position is that advanced human societies did not in fact exist Stone Age peoples yes but some advanced mathematically sophisticated antediluvian culture does not succeed in passing through Kroth s filter The evidence is just not

there Perhaps if Atlantis one day is discovered this theory will be revised but as it stands the earliest sophisticated and advanced human culture still remains that of Sumeria of only 6 000 years ago Part III of the text presents a uniquely controversial hypothesis to explain the rapid and exponential rise of human society In a mere 6 000 years human culture and technology developed so rapidly that conventional evolutionary biology and mainstream anthropology have enormous difficulty trying to explain how that all happened Why did it take Homo sapiens 196 500 years to invent a wheel Why was it 194 600 years before he got the idea of cultivating potatoes Kroth provides a provocative explanation for these anomalies and vicissitudes of human cultural advance

**Fingerprints of the Gods** Graham Hancock,2012-09-19 Could the story of mankind be far older than we have previously believed Using tools as varied as archaeo astronomy geology and computer analysis of ancient myths Graham Hancock presents a compelling case to suggest that it is Graham Hancock is featured in Ancient Apocalypse a Netflix original docuseries A fancy piece of historical sleuthing intriguing and entertaining and sturdy enough to give a long pause for thought Kirkus Reviews In Fingerprints of the Gods Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind s hidden past In ancient monuments as far apart as Egypt s Great Sphinx the strange Andean ruins of Tihuanaco and Mexico s awe inspiring Temples of the Sun and Moon he reveals not only the clear fingerprints of an as yet unidentified civilization of remote antiquity but also startling evidence of its vast sophistication technological advancement and evolved scientific knowledge A record breaking number one bestseller in Britain Fingerprints of the Gods contains the makings of an intellectual revolution a dramatic and irreversible change in the way that we understand our past and so our future And Fingerprints of God tells us something more As we recover the truth about prehistory and discover the real meaning of ancient myths and monuments it becomes apparent that a warning has been handed down to us a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time a cataclysm that may be about to recur Readers will hugely enjoy their quest in these pages of inspired storytelling The Times UK [Discover](#) ,1991 *The Piri Reis Map of 1513* Gregory C. McIntosh,2000 One of the most beautiful maps to survive the Great Age of Discoveries the 1513 world map drawn by Ottoman admiral Piri Reis is also one of the most mysterious Gregory McIntosh has uncovered new evidence in the map that shows it to be among the most important ever made This detailed study offers new commentary and explication of a major milestone in cartography Correcting earlier work of Paul Kahle and pointing out the traps that have caught subsequent scholars McIntosh disproves the dubious conclusion that the Reis map embodied Columbus s Third Voyage map of 1498 showing that it draws instead on the Second Voyage of 1493 1496 He also refutes the popular misinterpretation that Reis s depictions of Antarctica are evidence of either ancient civilizations or extraterrestrial visitation McIntosh brings together all that has been previously known about the map and also assembles for the first time the translations of all inscriptions on the map and analyzes all place names given for New World and Atlantic islands His work clarifies long standing mysteries and opens up new ways of looking at the history of exploration
